Ritual Communication From Everyday Conversation To Mediated Ceremony:

Ritual Communication Eric W. Rothenbuhler, 1998-06-24 Ritual and ceremonial as formal modes of conduct are equally ubiquitous appearing in everything from modes of talk and rules of politeness to elaborate protocols for events of state Ritual and rite ceremonial and ceremony are symbolic social actions modes of communication that implicate individuals in the social order creating realities whilst expressing ideas and attitudes about them This book combines bibliographic essay and theory construction to provide a unique perspective on ritual as a special and powerful form of communication *Being Present: Mobile Cinema in Kham Tibetan Areas* Jianbin Guo, Jingjing Chen, 2024-07-31 This book presents the restoration of rural mobile cinema network in the Great Triangle region at the conjunction of Yunnan Sichuan and Tibet in China in the new century which has added a new chapter to the long standing complex relationship between cinema and social change Based on five years of multi sited fieldwork abundant interviews and oral history narratives this work shows the entanglement of the State the projectionists and local film viewers in the historical and social context in a holistic analytic framework By using the key concept of being present to examine the tangling relations between the actors in mobile cinema as social practice the work argues that mobile cinema and contemporary Chinese society are mutually constructed in both textual and practical level *Trading Up* Lynne Chisholm, Bryony Hoskins, Christian Glahn, 2005-01-01 Proceedings of the Research Seminar on Non formal Education Learning in the Youth Sector and the Third Sector under the Partnership Programme on Youth Research 2002 2005 between the EC and the Council of Europe held in Strasbourg in April 2004 *Living with Algorithms* Ignacio Siles, 2023-04-25 A nuanced account from a user perspective of what it s like to live in a datafied world We live in a media saturated society that increasingly transforms our experiences relations and identities into data others can analyze and monetize Algorithms are key to this process surveilling our most mundane practices and to many their control over our lives seems absolute In *Living with Algorithms* Ignacio Siles critically challenges this view by surveying user dynamics in the global south across three algorithmic platforms Netflix Spotify and TikTok and finds surprisingly a more balanced relationship Drawing on a wealth of empirical evidence that privileges the user over the corporate Siles examines the personal relationships that have formed between users and algorithms as Latin Americans have integrated these systems into the structures of everyday life enacted them ritually participated in public with and through them and thwarted them Sometimes users follow algorithms Siles finds and sometimes users resist them At times users do both Agency lies in the navigation of the spaces in between By analyzing what we do with algorithms rather than what algorithms do to us *Living with Algorithms* clarifies the debate over the future of datafication and whether we have a say in its development Concentrating on an understudied region of the global south the book provides a new perspective on the commonalities and differences among users within a global ecology of technologies *The God Strategy* David Domke, Kevin Coe, 2008 This volume offers a timely and dynamic study of the rise of religion in American politics examining the public messages of

political leaders over the past seventy five years The authors show that U S politics today is defined by a calculated deliberate and partisan use of faith that is unprecedented in modern politics Beginning with the election of Ronald Reagan in 1980 America has seen a no holds barred religious politics that seeks to attract voters identify and attack enemies and solidify power Domke and Coe identify a set of religious signals sent by both Republicans and Democrats in speeches party platforms proclamations visits to audiences of faith and even celebrations of Christmas The updated edition of this ground breaking book includes a new preface an updated analysis of the last Bush administration as well as a new final chapter on the Jeremiah Wright controversy the candidacies of Mike Huckabee and Sarah Palin and Barack Obama s victory

Historical Pragmatics Andreas H. Jucker, Irma Taavitsainen, 2010-09-22 The Handbook of Historical Pragmatics provides an authoritative and accessible overview of this versatile new field in pragmatics devoted to a diachronic study of language use and human interaction in context It covers all areas of historical pragmatics from grammaticalization theory to pragmatic entities such as discourse markers speech acts and politeness to individual discourse domains from scientific writing to literary discourse Each contribution written by a leading specialist gives a succinct representative and up to date overview of research questions theories methods and recent developments in the field

Nonlinear Models for Archaeology and Anthropology William W. Baden, 2016-12-05 The dominant social theory used by archaeologists has tended to focus on either small scale agency or large scale cultural patterns and processes of change The authors of this volume argue that archaeologists should use nonlinear models to more accurately model the connections between scales of analysis and show how micro scale variation can lead to macro scale cultural change This work examines the applications of nonlinear systems models within archaeology and evaluates the range of approaches currently encompassed within Complexity Theory

Media Anthropology Eric W. Rothenbuhler, Mihai Coman, 2005-05-05 Media Anthropology is an interdisciplinary reader that represents a convergence of issues and interests on anthropological approaches to the study of media While other books on this topic examine traditional anthropology and push that field toward the media in this book editors Eric W Rothenbuhler and Mihai Coman take a novel approach by analyzing media studies and guiding that field toward anthropological thinking This anthology charts media anthropology as a field of study and provides examples of current research that identify its major concepts and methods in chapters written by leading scholars from several countries and academic disciplines Key Features Offers original articles and a few selected reprints from leading worldwide scholars in a variety of academic disciplines to provide the most integrated treatment of this interdisciplinary topic Contains introductions that set the context for articles written from varying points of view Includes a Theory into Practice section that shows how anthropological concepts and methods can improve the teaching and practice of media studies Makes the relevant literature accessible in an up to date and even handed organization offering students a broader understanding than they could obtain from other books which are primarily anthropological in disciplinary orientation Media Anthropology is an excellent textbook for
