A Girl's Life Marianne Ginger, 2001-03-01 In pleasant contrast to the recent flood of haunted childhood memoirs A Girl's Life is about growing up in a functional family about nurture serenity wonderment and the stabilizing contributions an unencumbered heart makes in the life of an observant child Marianne Ginger makes the events of a normal girlhood not only engaging but distinctly illuminating and explores rites of passage that are as persuasive in shaping an artist's sensibilities as are privations A meditation on the comforts of homeplace and family A Girl's Life celebrates the last era in America the 1950s and 1960s when it was still possible to enjoy a cynicism free girlhood when it was still safe for children to take gifts from strangers and not yet unwise for them to leave the doors of their hearts unlocked As Eudora Welty wrote in her autobiographical memoir

One Writer's Beginnings A sheltered life can be a daring life as well For all serious daring starts from within The seventeen personal narratives collected here corroborate Welty's conviction Arranged in a loose chronology the tales document a southern white girl's middle class initiation into the adult world The first section Sanctuary recalls Ginger's earliest impressions of family dynamics and shelter a child's yearnings and resourcefulness Truths and Grit the second section deals with the tempering of bliss a young girl's first encounters with corruption and mortality In the final group of essays Metaphors and Pies Ginger explores the contributions her recollections of childhood make in her ongoing trials as a parent and a writer That her own childhood still permeates and inspires her present life is perhaps its greatest legacy Did the way Marianne Ginger grew up compel her toward the writing life Certainly the impact of that distant time specific people and events sensory steeped moments and the privilege of being allowed to dream as well as do enriched and fostered the writer's imagination By turns funny provocative jubilant and tender A Girl's Life is perhaps most notable for both exalting and justifying the place of happiness in a writer's development

Marill, 2008-12-30 Television has always augmented its dramatic and variety programming with sports After covering wrestling and boxing matches for several years ABC added the hugely popular Roller Derby between 1949 and 1951 and later college and pro football Today there is a multitude of pay and cable networks devoted exclusively to baseball football golf hockey tennis ice skating and auto racing Rather than focusing on live sports broadcasts however this book chronicles the history of sports themed comedies and dramas to see how our national fictions have affected our authentic sports experiences and vice versa Sports dominate the television landscape today and still the demand for more is so great that pay and cable networks continue to find funding and success even when devoted exclusively to a single sport But this is really nothing new television has always augmented its dramatic and variety programming with sports Live sports have had a tremendous impact on what we see on television and on how we see it Rather than focusing on live sports broadcasts however this book takes a critical look at sports themed comedies and dramas to see how our authentic sports affect our national fictions as well From the character studies that supplement Olympic

coverage to nightly highlight reels to reality programming on ESPN sports both echo and help shape the myths that pervade our culture Sports on Television covers the changing relationship between live sports broadcasts and television dramas as well as the important technological developments and cultural shifts that have changed the way we view the reality of sports In 1949 after covering wrestling and boxing matches for several years ABC added the hugely popular Roller Derby and later moved on to college and pro football where humble beginnings have since developed into a national obsession In the early sixties Jimmy Stewart played a disgraced baseball player in Flashing Spikes which was also one of the rare ventures into television for veteran director John Ford On HBO the Yankees have been the subject of both 61 about Roger Maris's quest to top Babe Ruth's home run record and The Bronx Is Burning about the 1977 Yankees team And there have been sports themed TV sitcoms as well such as Sports Night Aaron Sorkin's critically lauded but commercially unsuccessful project which preceded his work on The West Wing Meanwhile American Gladiators a strange blend of canned programming and authentic athletic endeavor that in effect puts television audiences in an arena with what amounts to professional athletes is quickly becoming one of the most popular shows on primetime Here Marill gives due time to all of these unique projects
