Sarah Scott, Jane Webster

Roman Imperialism And Provincial Art:

Roman Imperialism and Provincial Art Sarah Scott, Jane Webster, 2003-07-08 Although Roman provincial art is often portrayed as a poor copy of works created in the imperial capital this volume's contributors offer new interpretations of provincial mosaics wall paintings statues and jewelry They express what these art works reveal about the nature of life under an imperial regime Broad geographical and chronological coverage allows unique insights into the social and political significance of visual expression across the Roman Empire *Mapping Gender in Ancient Religious Discourses* Todd C. Penner, Caroline Vander Stichele, 2007 A collection of essays on early Christian Jewish and Greco Roman religious discourses in antiquity focusing on the construction of gender in relationship to broader cultural and religious themes argumentation and identity formation in the early centuries of the common era **The Oxford Handbook of Roman Britain** Martin Millett, Louise Revell, Alison Jane Moore, 2016 This handbook is currently in development with individual articles publishing online in advance of print publication At this time we cannot add information about unpublished articles in this handbook however the table of contents will continue to grow as additional articles pass through the review process and are added to the site Please note that the online publication date for this handbook is the date that the first article in the title was published online Roman Britain is a critical area of research within the provinces of the Roman empire Within the last 15 20 years the study of Roman Britain has been transformed through an enormous amount of new and interesting work which is not reflected in the main stream literature **The Oxford Handbook of Greek and Roman Art and Architecture** Clemente Marconi, 2015 An innovative and up to date synopsis of the field of Greek and Roman Art and Architecture filling a genuine need in the literature **Decolonizing Roman Imperialism** Danielle Hyeonah Lambert, 2024-10-17 The framework of Romanization developed by Haverfield in 1905 that Romans civilized their imperial subjects particularly those in the barbarian western provinces remains hegemonic notwithstanding multiple attempts at revisionism It has been reasserted rejected or modified but still frames the debate Decolonizing Roman Imperialism investigates how the postcolonial challenge to decolonize the production of historical knowledge has motivated Roman scholars to question the paradigm of Romanization to review its historiography to seek fresh approaches and to rewrite it The book provides an intellectual genealogy of the debate valuable for every student of the Roman Empire and of Roman Britain and invites them to rethink the legacy of ancient Roman imperialism **A History of Roman Art** Steven L. Tuck, 2021-03-30 A HISTORY OF ROMAN ART The new edition of the leading textbook on Roman art updated with new images and expanded geographic and cultural scope A History of Roman Art is an expansive survey of the painting mosaic sculpture decorative arts and architecture of ancient Rome This acclaimed textbook provides a fully illustrated narrative history of Roman art that spans a millennium from the early origins of Rome to the era of Emperor Constantine Interwoven throughout the text are themes of Rome's cultural inclusiveness and the importance of art in promoting Roman values helping students understand how diverse

cultures contributed to Roman life Accessible chronologically organized chapters provide numerous examples of the arts their cultural and historical context descriptions of artistic techniques and writings by ancient authors enabling students to develop a rich appreciation of art s importance in the Roman world Now in its second edition this market leading textbook features thoroughly revised content throughout Additional images and excerpts from literary sources are complemented by new historical discussions of metalwork carved gems glass and sarcophagi This edition features more maps and illustrations in depth analysis of iconography greater emphasis on the types of objects used to decorate the lives of ordinary Romans expanded coverage of freedmen and women as artists subjects and patrons and much more A number of works that represent popular art have been added That is art in the everyday Roman world rather than just the large scale works of sculpture and architecture of elite patrons It also reveals patterns of artistic workshops trade and social and economic networks Additionally this edition takes into account new approaches in scholarship This comprehensive textbook Provides a thorough introduction to Roman art history featuring more than 400 high quality images and illustrations Includes a full set of pedagogical tools such as historical timelines key term definitions and updated references and further reading suggestions Offers Scholarly Perspective A View from the Provinces More on Myth and Art and Literature textboxes in each chapter Includes a companion website containing PowerPoint slides and additional instructor resources A History of Roman Art Second Edition is an ideal primary or secondary text for courses on Roman art and archaeology Roman art and architecture Greek and Roman art and general Roman civilization history and culture

Acts of the Apostles and the Rhetoric of Roman Imperialism Drew W. Billings, 2017-07-25 Acts of the Apostles is normally understood as a historical report of events of the early church and serves as the organizing centerpiece of the New Testament canon In this book Drew W Billings demonstrates that Acts was written in conformity with broader representational trends and standards found on imperial monuments and in the epigraphic record of the early second century Bringing an interdisciplinary approach to a text of critical importance he compares the methods of representation in Acts with visual and verbal representations that were common during the reign of the Roman emperor Trajan 98 117 CE Billings argues that Acts adopts the rhetoric of Roman imperialism as articulated in the images and texts from the period His study bridges the fields of classics art history gender studies Jewish studies and New Testament studies in exploring how early Christian texts relate to wider patterns in the cultural production of the Roman Empire

The Oxford Handbook of the Archaeology of Roman Germany Simon James, Stefan Krmnicek, 2020 This Handbook makes the work of modern German and overwhelmingly German language scholarship on the archaeology of Roman Germany available in English presenting the latest developments in current research and providing a truly international perspective on the topic

Postcolonising the Medieval Image Eva Frojmovic, Catherine E. Karkov, 2017-03-16 The concept of this book involves the application of postcolonial theories and or concepts used in postcolonial and cognate studies to the field of medieval European art including Byzantine art and

Byzantine art in Asia Minor **Roman Archaeology for Historians** Ray Laurence, 2012-06-25 Roman Archaeology for Historians provides students of Roman history with a guide to the contribution of archaeology to the study of their subject. It discusses the issues with the use of material and textual evidence to explain the Roman past and the importance of viewing this evidence in context. It also surveys the different approaches to the archaeological material of the period and examines key themes that have shaped Roman archaeology. At the heart of the book lies the question of how archaeological material can be interpreted and its relevance for the study of ancient history. It includes discussion of the study of landscape change, urban topography, the economy, the nature of cities, new approaches to skeletal evidence and artefacts in museums. Along the way, readers gain access to new findings and key sites, many of which have not been discussed in English before and many for which access may only be gained from technical reports. Roman Archaeology for Historians provides an accessible guide to the development of archaeology as a discipline and how the use of archaeological evidence of the Roman world can enrich the study of ancient history while at the same time encouraging the integration of material evidence into the study of the period's history. This work is a key resource for students of ancient history and for those studying the archaeology of the Roman period.

Decoding **Roman Imperialism And Provincial Art**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
