The bottom portion, representing the roots, is a deep green. The tree's canopy is wide and spreading, while its roots are thick and branch out downwards. portray an era increasingly aware of itself Burgeoning consumer society Campbell contends highlighted the distinction between the past and the present created an expectation of continual change and forged a sense of history as something that could be tracked through material objects Campbell assembles a wide range of writings images and objects to render this eighteenth century landscape commercial dress displays and David Hume s ideas of novelty as historical form popular illustrations of recent fashion trends and Sir Joshua Reynolds s aesthetic precepts fashion periodicals and Sir Walter Scott s costume saturated historical fiction In foregrounding fashion to trace eighteenth century historicism Historical Style draws upon the interdisciplinary multimedia archival impressions that fashionable dress has left behind as well as the historical and conceptual resources within the field of fashion studies that literary and cultural historians of eighteenth century and Romantic Britain have often neglected *History of Intellectual Development* John Beattie Crozier,1901 Holy-days and holidays, a treasury of historical material, sermons, poetry [&c.] relating to holy days and holidays, compiled by E.M.
