Imágenes

contemporáneas de la realización de los derechos en la cultura jurídica iberoamericana. Laura Miraut Martín, 2018-12-31 La obra colectiva *Imágenes contemporáneas de la realización de los derechos en la cultura jurídica iberoamericana* recoge aportaciones relevantes de un variado elenco de profesores e investigadores de diferentes Universidades iberoamericanas que contribuyen a ofrecer una visión panorámica de los problemas que suscita la realización de los derechos y el modo de entenderlos y afrontarlos Es este un tema un tanto descuidado por la teoría de los derechos tradicionalmente inclinada a poner mayor énfasis en el tema del reconocimiento de los derechos y de la habilitación de mecanismos de garantía que sin embargo no siempre resultan idóneos a la obtención del objetivo propuesto La pluralidad de enfoques y de estrategias de actuación asumidas es representativa de las distintas sensibilidades coincidentes en un marco teórico jurídico que se pretende arraigado y estable *Fear and Crime in Latin America* Lucía Dammert, 2012 The feeling of insecurity is a little known phenomenon that has been only partially explored by social sciences However it has a deep social cultural and economic

impact and may even contribute to define the very structures of the state In Latin America fear of crime has become an important stumbling block in the region s process of democratization After long spells of dictatorships and civil wars violence in the region was supposed to be under control yet crime rates have continued to skyrocket and citizens remain fearful This analytical puzzle has troubled researchers and to date there is no publication which explores this problem Based on a wealth of cutting edge qualitative and quantitative research Luc a Dammert proposes a unique theoretical perspective which includes a sociological criminological and political analysis to understand fear of crime She describes its linkages to issues such as urban segregation social attitudes institutional trust public policies and authoritarian discourses in Chile s recent past Looking beyond Chile Dammert also includes a regional comparative perspective allowing readers to understand the complex elements underpinning this situation Fear and Crime in Latin America challenges many assumptions and opens an opportunity to discuss an issue that affects everyone with key societal and personal costs As crime rates increase and states become even more fragile fear of crime as a social problem will continue to have an important impact in Latin America

de rescatar el papel que el azúcar ha jugado en la Historia la identidad y la cultura cubana. Azúcar: agria y dulce memoria. Discursos y paisajes azucareros en la nación y la cultura cubana, 1791-2017. Además de examinar varias de las obras que se produjeron en respuesta a la debacle azucarera también intenta responder a esa segunda necesidad reflexionando acerca de la presencia del azúcar en Cuba a través del análisis de un amplio corpus unificado por el motivo del azúcar. El estudio que termina siendo una especie de arqueología del azúcar en Cuba explora la presencia constante y totalizadora del azúcar en la nación sistematizando e integrando en un corpus concreto un conjunto de textos heterogéneos con el azúcar como denominador común. Además de identificar y deslindar este corpus la obra lo inserta y lo discute en el amplio marco histórico referencial del devenir del azúcar como símbolo de la nación cubana estableciendo un diálogo enriquecedor y productivo entre los textos su contexto de producción y el contexto histórico general en que este corpus azucarero se gesta. Como parte de esa discusión este libro documenta y destaca la relevancia que desde el punto de vista histórico y político debe adjudicarse a un grupo de obras recientes surgidas en respuesta a la reestructuración llamando la atención hacia la importancia capital de estos textos para la reconstrucción fidedigna del impacto humano causado por la debacle azucarera cubana. Tesoro de la Cultura Escrita en la Edad Moderna Emilio Torné, 2005-01-01. El Tesoro de la cultura escrita en la Edad Moderna abarca un universo conceptual múltiple y heterogéneo en torno a la Historia del libro la lectura las bibliotecas la imprenta y la escritura en la Europa Moderna. La interdisciplinariedad de la historiografía producida sobre los temas citados convertir este tesoro en un vocabulario de consulta obligada para especialistas procedentes de muy distintos ámbitos del conocimiento como modernistas filólogos historiadores del arte y de la literatura paleógrafos bibliotecarios y archiveros. Dicha transversalidad tan propia a las últimas tendencias de la investigación en Humanidades hace imprescindible contar con herramientas terminológicas adecuadas que configuren auténticos mapas semánticos del conocimiento. Esta obra lo es tanto por su magnífica estructuración como por la exhaustividad del lenguaje recogido. Y además refleja el espíritu de Tesoro que preconizó Covarrubias.

Las Colecciones de Arte de la Banca Pública (1960-1982) Julián Zarauza Massó, 2023-10-02. Las instituciones

bancarias se cuentan hoy entre los coleccionistas de arte más significativos de nuestro tiempo. Este coleccionismo asume la coexistencia de varios gustos individuales y cambiantes. Estas colecciones se inician con los testimonios inmediatos de los que las fundaron y dirigieron a lo largo de su historia que se une a la misma condición bancaria. Proceden de la voluntad de su consejo de administración con una intención decorativa para buscar una mayor dignidad y calidad de sus sedes. Durante la segunda mitad del siglo XX algunas de estas instituciones iniciaron la labor pionera de comprar arte con intención de formar una colección. Estas iniciativas estuvieron ligadas a determinadas personalidades como ocurrió con Manuel Arburúa de la Miara en el Banco Exterior de España y Juan Lladó Sánchez Blanco en el Banco Urquijo. Dotaron a sus sedes centrales y regionales de grandes obras de arte en un momento en que el estado, la sociedad y los medios de comunicación vivían al margen de la creación artística. Este mecenazgo se incrementó a partir de 1977 con motivo de la liberalización del sistema financiero español al poder operar los bancos sin restricciones a lo largo y ancho de la geografía española. Entre 1973 y 1983 se triplicó el número de oficinas bancarias. Fue un momento en que urgía a decorarlas. A lo largo de este trabajo apreciamos cómo las colecciones de arte de estas instituciones bancarias no sólo han contribuido a incrementar y preservar el patrimonio artístico de nuestro país sino que también actuaron en calidad de mecenas de muchos artistas.
