Indonesian Chinese Descent In Indonesia's Economy And Political Stability DR. Ir. Justian Suhandinata, SE, 2013-02-06 For decades Chinese Indonesians have been in numerous harsh spotlights in their own country Starting from supposedly simple things like obtaining official documents to be legal citizens of Indonesia their only homeland now where they can be harassed and cornered which not seldom can extend to the extremes where they are made as victims and scapegoat particularly when issues related to racism arise Similar to other ethnic groups they also live in different economic classes Some are very wealthy some are rich some live in the middle class economy some dwell in their simple lives some are poor and some try to survive their abject poverty In the urban areas they are seen to live a good life some are very rich or even extremely prosperous Most of these people are businessmen ranging from a colossal size to a mere small business However reality also shows that many Chinese Indonesians in the suburb areas live an uncertain day to day life and some are even extremely poor Fishermen in Tangerang North Sumatra Riau Bangka or pedicab drivers unskilled labor angkot a small public minibus drivers domestic maids office boys and blue collar workers in West Kalimantan Sambas and Singkawang and Bangka are factual examples of the grueling lives that they have to carry on striving In spite of all the facts people often forget or even intentionally ignore the facts that many Chinese Indonesians have also made positive contributions to their country in many different aspects such as economy sports culture science or political sectors to name a few These facts also need to be understood and enlightened to fellow countrymen in order to portray a more balanced objective view and non discriminatory judgment which in turn can prevent hatred dislike and other unfavorable prejudice against Indonesian citizens of Chinese descent due to the past inaccurate stereotype and labeling This book tries to present an objective portrait of Chinese Indonesians and their roles within their own beloved country and state with the very same goal of all proud Indonesian countrymen to create a stronger unity and integrity of Indonesia a country that highly values pluralism and the unity in diversity principle through the distinguished Pancasila philosophy

change within this single archaeological period rather than between time periods The Lords of Lambityeco traces the changing political relationships between Lambityeco and Monte Albán that led to the fall of the Zapotec state Using detailed analysis of elite and common houses tombs and associated artifacts the authors demonstrate increased political control by Monte Albán over Lambityeco prior to the abandonment of both settlements Lambityeco is the most thoroughly researched Classic period site in the valley after Monte Albán but only a small number of summary articles have been published about this important locale This in combination with Lambityeco's status as a secondary center one that allows for greater understanding of core and periphery dynamics in the Monte Albán state makes The Lords of Lambityeco a welcome and significant contribution to the literature on ancient Mesoamerica **Learning Places** Masao Miyoshi, Harry
