Investigating Franz Kafka's "Der Bau" Andrea Ebarb, 2023-04-27 In 2016 the Israeli Supreme Court ruled that Max Brod's posthumous papers which included a collection of Kafka's manuscripts be transferred to the National Library of Israel in Jerusalem If Kafka's writings may be seen to belong to Jewish national culture and if they may be considered part of Israel's heritage then their analysis within a Jewish framework should be both viable and valuable This volume is dedicated to the research of Franz Kafka's late narrative The Burrow and its autobiographical and theological significance Research is extended to incorporate many fields of study architecture sound studies philosophy cultural studies Jewish studies literary studies to illustrate the dynamics at work within the text which reveal the Jewish aspects implicitly thematicized Examination of the structure created the nature of sound perceived the atmosphere experienced and the acts performed by the protagonist serve as the foundation of this analysis and offer new access to Kafka's work by presenting an interpretive space semantic approach Der Bau is presented as a life concept given the task of constituting identity highlighting the critical link between the literary and biographical Kafka and demonstrating the necessity of understanding the author as a Jewish writer to understand his late narrative For her outstanding research project Andrea Newsom Ebarb was awarded the Forschungsförderpreis der Vereinigung der Freunde der Universität Mainz e V in 2023

Borges and Kafka Sarah Roger, 2016-12-22 Sarah Roger investigates Jorge Luis Borges's development as an author in light of Franz Kafka's influence and in consideration of Borges's relationship with his father Jorge Guillermo Borges Borges pre a failed author Borges believed that much of Kafka's writing derived from his personal experiences particularly his relationship with his father This book looks at how reading Kafka helped Borges mediate and make productive use of his

own relationship with his father and it offers a thorough analysis of Borges's writing which is supplemented by an appendix that reprints Borges's poetry for the first time. Borges also provides extensive analysis of Kafka's presence in Borges's critical writing, his translations, and the stories that he modelled on Kafka. Particular attention is paid to the concepts that Borges identified as Kafka's obsessions: subordination, infinity, and hierarchical relationships, which Borges referred to as the *patria potestad*. Roger's analysis is accompanied by an annotated bibliography documenting every mention of Kafka in Borges's writing and a list of every Kafka text Borges read. Kafka's influence is especially evident in the stories where Borges was openly imitating Kafka: *La lotería en Babilonia* 1941, *La biblioteca de Babel* 1941, and *El Congreso* 1971, but it features throughout. *Ficciones*. Reading Borges's writing in light of his interest in Kafka demonstrates his focus not just on the individual's subordinate place in an infinite hierarchy but also on the repercussions these circumstances had for a struggling author like Borges who was seeking to define himself through his writing.

Jewish Imaginaries of the Spanish Civil War Cynthia Gabbay, 2022-09-08. *Jewish Imaginaries of the Spanish Civil War* inaugurates a new field of research in literary and Jewish studies at the intersection of Jewish history and the internationalist cultural phenomenon emerging from the Spanish Civil War 1936-1939, the Republican exile, and the Shoah. With the Spanish Civil War as a point of departure, this volume proposes a definition of Jewish textualities based on the entanglement of multiple poetic modes. Through the examination of a variety of narrative fiction and non-fiction, memoir, poetry, epistles, journalism, and music in Yiddish, Spanish, French, German, and English, these essays unveil non-canonic authors across the West and explore these works in the context of antisemitism, orientalism, and philo-Semitism among other cultural phenomena. Jewish writings from the war have much to tell about the encounter between old traditions and new experimentations framed by urgency, migration, and messianic hope. They offer perspectives on memorial and post-memorial literatures triggered by transhistorical imagination, and many were written against the grain of canonic literature where subtle forms of dissidence manifested through language, structure, sound, and thought, sought to tune with the anti-fascist fight. This book revindicates the polyglossia of Jewish cultures and literatures in the context of genocide and epistemicide and proposes to remember the cultural phenomena produced by the Spanish Civil War, demanding a new understanding of the cosmopolitan imaginaries in Jewish literature.
