Losing The Plot:

Finding the Plot Loïc Artiago, Diana Holmes, David Platten, 2014-08-11 Plot writes Peter Brooks is so basic to our very experience of reading and indeed to our articulation of experience in general that criticism has often passed it over in silence Reading for the Plot xi Finding the Plot both explores and helps to redress this critical neglect The book brings together an international group of scholars to address the nature effects and specific pleasures of consuming stories If the central focus is on France and popular literary fiction the book's scope like contemporary fiction itself observes no national frontiers and extends across a variety of media The book addresses both the empirical question of which genres and types of text have been and are most popular and the theoretical questions of how plots work what pleasures they offer to readers and why it matters that the plot should not be lost **Handbook of Constructionist Research** James A. Holstein, Jaber F.

Gubrium, 2008-01-01 Constructionism has become one of the most popular research approaches in the social sciences But until now little attention has been given to the conceptual and methodological underpinnings of the constructionist stance and the remarkable diversity within the field This cutting edge handbook brings together a dazzling array of scholars to review the foundations of constructionist research how it is put into practice in multiple disciplines and where it may be headed in the future The volume critically examines the analytic frameworks strategies of inquiry and methodological choices that together form the mosaic of contemporary constructionism making it an authoritative reference for anyone interested in conducting research in a constructionist vein *The Creative Screenwriter* Craig Batty, Zara Waldeback, 2012-03-15 This is a book for aspiring screenwriters who want to establish a powerful writing practice a manual for teachers and students seeking inspiring exercises to encourage discussion and reflection and a handbook for professionals wanting to hone their craft and solve specific writing problems It is a book that will help rekindle the creative spark remind you why you enjoy writing and create new ways to help you expertly express the stories you want to tell and sell *Breaking Awake* P.E.

Moskowitz, 2025-09-09 From the talented and impassioned writer San Francisco Chronicle of How to Kill a City a riveting journey that combines Drug Use for Grown Ups with How to Do Nothing as it explores our national mental health and drug use crises while also searching for answers as to how we can find a path to collective healing Why are so many of us unhappy anxious and without purpose And how can we get better Several years ago P E Moskowitz had a near death experience followed by a nervous breakdown As they willed themselves back to life using a variety of drugs both prescription and illicit they started to wonder Why are so many of us seeking out these types of interventions to deal with our daily reality In *Breaking Awake* Moskowitz takes us on a kaleidoscopic voyage through our country's collective mental health collapse and the drugs we take from fentanyl to SSRIs to ketamine to LSD and beyond to cope with the gnawing bleakness of our present moment In a cross country tour of drug use including the free heroin handed out on the streets of Vancouver a mom in Chicago who has been on SSRIs since childhood and now can't live without them and ravers in Brooklyn taking drugs most

people have never heard of to push the limits of human consciousness Moskowitz questions whether drugs can spark liberation or simply quell the pain of modern life Is it time to view drugs differently And can drugs help us envision a better future

The Circuit Rowan Ricardo Phillips, 2025-06-25 Winner of the 2019 PEN ESPN Award for Literary Sports Writing The Circuit is the best sports book I've read in years maybe ever Rich Cohen author of *The Chicago Cubs and Monsters* As sports writing goes The Circuit is unusual in the very best way Rowan Ricardo Phillips writes with such fluidity and packs the book with bursts of brilliance This is a compulsively readable guide to one truly Homeric year of professional tennis John Green author of *The Fault in Our Stars* An energetic lyrical genre-defying account of the 2017 tennis season In *The Circuit* A Tennis Odyssey the award-winning poet and *Paris Review* sports columnist Rowan Ricardo Phillips chronicles 2017 as seen through the unique prism of its pivotal revelatory and historic tennis season The annual tennis schedule is a rarity in professional sports in that it encapsulates the calendar year And like the year it's divided into four seasons each marked by a final tournament the Grand Slams Phillips charts the year from winter's Australian Open where Roger Federer and Rafael Nadal renewed their rivalry in a match for the ages to fall's U.S. Open Along the way Phillips paints a new vibrant portrait of tennis one that captures not only the emotions nerves and ruthless tactics of the point-by-point game but also the quicksilver movement of victory and defeat on the tour placing that sense of upheaval within a broader cultural and social context Tennis has long been thought of as an escapist spectacle a bucolic separate bauble of life The Circuit will convince you that you don't leave the world behind as you watch tennis you bring it with you

[Joseph Conrad](#) Yael Levin, 2020-08-13 The book builds on current interventions in modernist scholarship in order to rethink Joseph Conrad's contribution to literary history It utilizes emerging critical modernisms the work of Henri Bergson and Gilles Deleuze and late modernist fiction to stage an encounter between Conrad and a radically different literary tradition It does so in order to uncover critical blind spots that have limited our appreciation of his poetics The purpose of this investigation is threefold first to participate in recent critical attempts to correct a neglect of ontological preoccupations in Conrad's writing and uncover the author's exploration of a human subject beyond the Cartesian cogito Second to demonstrate the manner in which such an exploration is accompanied by the reconfiguration of the very building blocks of fiction character narration focalization language and plot have to be rethought to accommodate a subject who is no longer conceived of as autonomous and whole but is rendered permeable and interdependent Third to show how this redrawing of the literary imaginary communicates with the projects of late modernist writers such as Samuel Beckett writers whose literary endeavours have long been held separate from Conrad's In the spirit

of current re examinations of modernism and critical endeavours to think it anew outside the commonplaces that once defined it this study returns to Conrad s art with an eye to twentieth century shifts in the way we process understand and evaluate information Thematic stylistic and philosophical instantiations of the slow are offered here as a gauge for this meaningful transformation
