My Year Before The Mast:

Two Years Before the Mast Richard Henry Dana, Jr., 2018-06 Two Years Before the Mast by Richard H Dana In 1869 my father the late Richard Henry Dana Jr prepared a new edition of his Two Years Before the Mast with this preface After twenty eight years the copyright of this book has reverted to me In presenting the first author s edition to the public I have been encouraged to add an account of a visit to the old scenes made twenty four years after together with notices of the subsequent story and fate of the vessels and of some of the persons with whom the reader is made acquainted The popularity of this book has been so great and continued that it is now proposed to make an illustrated edition with new material I have prepared a concluding chapter to continue my father s Twenty four Years After This will give all that we have since learned of the fate of crew and vessels and a brief account of Mr Dana himself and his important lifework which appears more fully in his published biography and printed speeches and letters This concluding chapter will take the place of the biographic sketch prefixed to the last authorized edition There is also added an appendix with a list of the crews of the two vessels in which Mr Dana sailed extracts from a log and also plates of spars rigging and sails with names to aid the reader **Two Years Before**

the Mast Richard H. Dana, Jr., 2016-09-19 Two Years before the Mast A Memoir Richard H Dana Jr Two Years Before the Mast is a memoir by the American author Richard Henry Dana Jr published in 1840 having been written after a two year sea voyage from Boston to California on a merchant ship starting in 1834 In the book which takes place between 1834 and 1836 Dana gives a vivid account of the life of a common sailor at sea as it really is He sails from Boston to South America and around Cape Horn to California Dana s ship was on a voyage to trade goods from the United States for the Mexican colonial Californian California missions and ranchos cow hides They traded at the ports in San Diego Bay San Pedro Bay Santa Barbara Channel Monterey Bay and San Francisco Bay Of the return trip around Cape Horn on his new ship the Alert in the middle of the Antarctic winter Dana gives the classic account He describes terrifying storms and incredible beauty giving vivid descriptions of icebergs which he calls incomparable The most incredible part perhaps is the weeks and weeks it took to negotiate passage against winds and storms all the while having to race up and down the ice covered rigging to furl and unfurl sails At one point he has an infected tooth and his face swells up so that he is unable to work for several days despite the need for all hands Upon reaching Staten Island known today as Isla de los Estados they know they have nearly come around the Horn After the Horn has been rounded he describes the scurvy that afflicts members of the crew In White Jacket Herman Melville wrote But if you want the best idea of Cape Horn get my friend Dana s unmatched Two Years Before the Mast But you can read and so you must have read it His chapters describing Cape Horn must have been written with an icicle

Two Years Before the Mast Richard H. Dana, Jr., 2015-12-30 Two Years before the Mast Richard H Dana Jr Two Years Before the Mast is a memoir by the American author Richard Henry Dana Jr published in 1840 having been written after a two year sea voyage from Boston to California on a merchant ship starting in 1834 While an undergraduate at Harvard

College Dana had an attack of the measles which affected his vision Thinking it might help his sight Dana left Harvard to enlist as a common sailor on a voyage around Cape Horn on the brig Pilgrim He returned to Massachusetts two years later aboard the Alert which left California sooner than the Pilgrim He kept a diary throughout the voyage and after returning he wrote a recognized American classic Two Years Before the Mast published in 1840 In 1869 my father the late Richard Henry Dana Jr prepared a new edition of his Two Years Before the Mast with this preface After twenty eight years the copyright of this book has reverted to me In presenting the first author s edition to the public I have been encouraged to add an account of a visit to the old scenes made twenty four years after together with notices of the subsequent story and fate of the vessels and of some of the persons with whom the reader is made acquainted The popularity of this book has been so great and continued that it is now proposed to make an illustrated edition with new material I have prepared a concluding chapter to continue my father s Twenty four Years After This will give all that we have since learned of the fate of crew and vessels and a brief account of Mr Dana himself and his important lifework which appears more fully in his published biography and printed speeches and letters This concluding chapter will take the place of the biographic sketch prefixed to the last authorized edition There is also added an appendix with a list of the crews of the two vessels in which Mr Dana sailed extracts from a log and also plates of spars rigging and sails with names to aid the reader In the winter of 1879 80 I sailed round Cape Horn in a full rigged ship from New York to California At the latter place I visited the scenes of Two Years Before the Mast also during his lifetime frequently confirmed all that came under his observation Such truth in the author demands truth in illustration and I have cooperated with the publishers in securing a painting of the Alert under full sail and other illustrations both colored and in pen and ink faithful to the text in every detail

Two Years Before the Mast Richard Henry Dana, 2013-08-26 Two Years Before the Mast Richard Henry Dana Brand New and Complete Authors Edition Two Years Before the Mast is a book by the American author Richard Henry Dana Jr published in 1840 having been written after a two year sea voyage starting in 1834 In the winter of 1879 80 I sailed round Cape Horn in a full rigged ship from New York to California At the latter place I visited the scenes of Two Years Before the Mast At the old town of San Diego I met Jack Stewart my father s old shipmate and as we were looking at the dreary landscape and the forlorn adobe houses and talking of California of the thirties he burst out into an encomium of the accuracy and fidelity to details of my father s book He said I have read it again and again It all comes back to me everything just as it happened The seamanship is perfect And then as if to emphasize it all with the exception that proves the rule he detailed one slight case where he thought my father was at fault a detail so slight that I now forget what it is In reading the Log kept by the discharged mate Amerzeen on the return trip in the Alert I find that every incident there recorded from running aground at the start at San Diego Harbor through the perilous icebergs round the Horn the St Elmo s fire the scurvy of the crew and the small matters like the painting of the vessel to the final sail up Boston Harbor confirms my father s record His former shipmate the late B G Stimson a

distinguished citizen of Detroit said the account of the flogging was far from an exaggeration and Captain Faucon of the Alert also during his lifetime frequently confirmed all that came under his observation Such truth in the author demands truth in illustration and I have cooperated with the publishers in securing a painting of the Alert under full sail and other illustrations both colored and in pen and ink faithful to the text in every detail Records and Briefs of the United States Supreme Court, 1832 Empires of the Crab Dale Cathell, 2006 Early in the last century a boy Ivy Flowers swam across Tar Bay to Hoopers Island to see a girl In time Shirley Flowers was born of the union that began with that swim During the same period Captain Augustus Elsworth Phillips Jr was the captain of the cargo schooner McCready In her aft cabin a boy Brice Phillips would be conceived Brice Phillips and Shirley Flowers would marry and have two sons Steve and Jeffrey With the family s Hoopers Island packing plant as a base the Phillips would create a worldwide empire based upon their relationship with the crab This is the story of that family It is also the story of the Empires of the Crab *Coincidence Or Destiny?* Phil Cousineau, 2002-08-01 Why coincidences happen and what they mean has long been an object of fascination Here Cousineau collects episodes of chance that defy explanation from the lives of real people The author shows that recognizing synchronicity creates a deeper appreciation for the bonds that connect our lives **Law and Letters in American Culture** Robert A. Ferguson, 1984 The role of religion in early American literature has been endlessly studied the role of the law has been virtually ignored Robert A Ferguson s book seeks to correct this imbalance With the Revolution Ferguson demonstrates the lawyer replaced the clergyman as the dominant intellectual force in the new nation Lawyers wrote the first important plays novels and poems as gentlemen of letters they controlled many of the journals and literary societies and their education in the law led to a controlling aesthetic that shaped both the civic and the imaginative literature of the early republic An awareness of this aesthetic enables us to see works as diverse as Jefferson s Notes on the State of Virginia and Irving s burlesque History of New York as unified texts products of the legal mind of the time The Declaration of Independence the Constitution and the great political orations were written by lawyers and so too were the literary works of Trumbull Tyler Brackenridge Charles Brockden Brown William Cullen Bryant Richard Henry Dana Jr and a dozen other important writers To recover the original meaning and context of these writings is to gain new understanding of a whole era of American culture The nexus of law and letters persisted for more than a half century Ferguson explores a range of factors that contributed to its gradual dissolution the yielding of neoclassicism to romanticism the changing role of the writer the shift in the lawyer s stance from generalist to specialist and from ideological spokesman to tactician of compromise the onslaught of Jacksonian democracy and the problems of a country torn by sectional strife At the same time he demonstrates continuities with the American Renaissance And in Abraham Lincoln he sees a memorable late flowering of the earlier tradition **Mainsail to the Wind** William Galvani, 1999 Collected here for the first time are the eloquent musings of over 1 000 writers and speakers on the beauty mystery and power of the sea Seizure of the Mayagüez: May 14 and 15, 1975 United States.
