The Judgment Against Imperialism, Fascism and Racism Against Caliphate and Islam Khondakar Golam Mowla, 2008-10 This book is all about Caliphate and Islam which was destroyed in 1914 through first illegal invasion of Iraq and Caliphate was abolished on 29th October 1923 by Ataturk a secret Jew according to Joachim Prinz as he mentioned in his famous book *The Secret Jews* pg 122 Largest Muslims which more than total Arab Muslims live in Indonesia and Malaysia and part of Philippine where no Muslim or Arab invader invaded and the fact is Europeans and USA invaded this countries

Sufis from Iran and Arab world spread Islam in these countries Muslims were in America before arrival of Europeans October 21 1492 Columbus admitted in his papers that while his ship was sailing near Gibara on the northeast coast of Cuba he saw a Mosque on the top of a beautiful mountain Ruins of Mosques and minarets with inscriptions of Qur anic verses have been discovered in Cuba Mexico Texas and Nevada In 1492 Columbus had two captains of Muslim origin during his first voyage one named Martin Alonso Pinzon the captain of the Pinta and his brother Vicente Yanex Pinzon the captain of the Nina They were wealthy expert ship outfitters who helped organize Columbus expedition and repaired the flagship Santa Maria The Pinzon family was related to Abuzayan Muhammad III the Moroccan Sultan of the Marinid Dynasty 1196 1465 i There is European Union for Europeans and same Europeans or Anglo Saxons who illegally occupied 4 continents of North America South America Australia and Antarctica and still today they are illegally occupying those 4 continents and sending powerful Navy Air Force Arm Force to Bahrain Dhahrain Iraq Afghanistan and Persian Gulf and many part of this world But why Europeans or Anglo Saxons are afraid of Caliphate on the model of European Union or USA Has ever Hitler invaded 4 continents except his own Europe The answer is no So all must see their own face in the mirror before blaming any race or religion or individual It has become every day habit to blame Islam and Muslims where as no Arab or Muslim invader ever went to Indonesia or Malaysia where largest Muslim group live and Indonesia is the Largest Muslim country though so called Europeans Christians invaded both Indonesia and Malaysia So why has it become every day habit to blame Caliphate Muslims and Arab Have you ever heard that Muslim version of FBI or MI5 ever questioned Europeans in India or Arab World when Muslims were sole power in earth for over a thousand years and when Muslim rulers allowed Europeans to be immigrants in land of Caliphate or India for that greatness those Europeans became spies and occupied Muslim land So why FBI or MI5 dare to harass Muslims Why there is such cowardly behavior and attitude of FBI MI5 or CIA and MI6 and other Western agencies The way present genocide is going in Iraq Afghanistan and it already started in northern Pakistan besides the threat of genocide against Iran with same pretext of WMD in Iraq we must be terrified There was no limit of lies and deception in human history There is no limit of genocide in human history too During last European War over 70 million people the majority of them civilians were killed making it the deadliest conflict in human history 3 Muslims even did not kill 70 millions during last 1400 years **Ancient Ocean Crossings** Stephen C. Jett, 2017-06-06 Paints a compelling picture of impressive pre Columbian cultures and Old World civilizations that contrary to many prevailing notions were not isolated from one another In Ancient Ocean Crossings Reconsidering the Case for Contacts with the Pre Columbian Americas Stephen Jett encourages readers to reevaluate the common belief that there was no significant interchange between the chiefdoms and civilizations of Eurasia and Africa and peoples who occupied the alleged terra incognita beyond the great oceans More than a hundred centuries separate the time that Ice Age hunters are conventionally thought to have crossed a land bridge from Asia into North America and the arrival of Columbus in the Bahamas in 1492 Traditional belief has long held that earth

s two hemispheres were essentially cut off from one another as a result of the post Pleistocene meltwater fed rising oceans that covered that bridge The oceans along with arctic climates and daunting terrestrial distances formed impermeable barriers to interhemispheric communication This viewpoint implies that the cultures of the Old World and those of the Americas developed independently Drawing on abundant and concrete evidence to support his theory for significant pre Columbian contacts Jett suggests that many ancient peoples had both the seafaring capabilities and the motives to cross the oceans and in fact did so repeatedly and with great impact His deep and broad work synthesizes information and ideas from archaeology geography linguistics climatology oceanography ethnobotany genetics medicine and the history of navigation and seafaring making an innovative and persuasive multidisciplinary case for a new understanding of human societies and their diffuse but interconnected development

The History and Future of Narragansett Bay Capers Jones, 2006 The book covers 10 000 years of the history of Narragansett Bay Topics include the geology of the Bay paleo Indians pre Colombian exploration Indian Tribes living near the Bay and the economic history and future of the Bay region *Atlantis in America* Ivar Zapp, George Erikson, 1998 This text presents evidence for a new theory that the great stone spheres of Costa Rica and sighting stones throughout the Pacific were used to teach sea routes and constellation paths to navigators of the ancient world It reveals substantial links between Meso America and Egypt and the Middle East

Slavery in the Cherokee Nation Patrick Neal Mingos, 2004-06 Exploring the dynamic issues of race and religion within the Cherokee Nation this text looks at the role of secret societies in shaping these forces during the 19th century

Ancient Advanced Technology in South America Norah Romney, 2021-02-13 There are a host of ancient ruins in South America claimed by the Inca inherited by the Inca conquered by the Inca and built by the Inca Although one label has stuck on each monument or ancient site it is clear there are many layers of construction physically and conceptually Academics and Scholars still debate who built these monuments did they inherit them Was there a Pre Inca culture but everyone can appreciate how advanced the Inca Ancient Ruins found in the highlands of South America The Inca were largest empire ever seen in the Americas and the largest in the world at that time yet doubt is cast on their monuments and origins Tiahuanaco a region of Bolivia that holds many remnants of ancient civilizations demonstrates some of the most unique and amazingly precise examples of stonework in the world The ancient people who created these walls and buildings used such a high degree of mathematical expertise that the workmanship is astounding even to modern day people They marvel at how the stone cutters from long ago created all of it with simple hand tools The high plains of Peru and Bolivia in the Andes Mountains holds a wealth of historical sites each one more amazing than the next Scholars and archaeologists had only seen the same type of masonry in ancient Egypt before this Although some historians call this Inca architecture this later time period civilization had little to do with creating these fantastic structures The Incas dominated this area from approximately the 13th to 14th centuries AD up until the time of the Spanish explorers conquest of the region Indeed they built some magnificent structures but the ones most

interesting for their precision and longevity came from even older groups Some of these empires were called the Wari and the Tiahuanaco They existed hundreds or even thousands of years before the Inca came to power Multiple historians who specialize in architectural studies have dedicated a lot of their time and knowledge to figuring out how ancient groups of people who did not use advanced tools or even the wheel could create such structures The most advanced chisels and hammers of the time would have been created from copper stone and wood With these simple hand tools people dug granite andesite and porphyry out of quarries After transporting them to the final locations they then carved them with smooth precision so they would fit together almost seamlessly What techniques could these ancient experts use to make such flat and smooth surfaces exact angles and joints that would not allow a single blade of grass to squeeze between Historians can only guess about some of the methods that allowed for such unique stone cutting and building styles

The Aztecs, the Conquistadors, and the Making of Mexican Culture Peter O. Koch, 2015-01-09 Tracing events from the discovery of the New World through the fall of the Aztec empire in 1521 this book discusses the battles between the Spanish explorers and the Aztecs battles that culminated in the ruin of a civilization The first half of the work alternates between Aztec and Spanish history discussing events and motivations on each side as the two cultures expanded toward one another on their way to inevitable conflict Placing special emphasis on Aztec mythology and religious beliefs the author explains how the Spanish exploited the Aztecs own cultural practices to insure the success of their invasion The gold and glory engines driving the Spanish Crown and the actions of contemporary Spanish explorers such as Juan Ponce de Leon and Francisco Cordoba are examined The concluding chapters give a thorough account of the struggle between Hernan Cortes and the Aztec ruler Montezuma including the role of other indigenous tribes in the eventual downfall of the empire The final chapter details the siege of the Aztec capital Tenochtitlan and summarizes the ultimate destruction of the Aztec civilization
