Nothing Uncovering Our True Nature:

Embracing the Now: Finding Peace and Happiness in What Is Gina Lake, 2008-08-18 The now this moment is the true source of happiness and peace and the key to living a fulfilled and meaningful life Embracing the Now is a collection of essays whose common thread is the now Full of clear insight and wisdom it explains how the mind keeps you from being in the now how to move into the now and stay there and what living from there is like It also explains how to overcome stumbling blocks to being in the now such as fears doubts judgments misunderstandings distrust of life desires and other conditioned ideas that are behind human suffering

The Atlas of Conflict Reduction Hannah Jaicks, 2022-02-08 The book is a firsthand account of Dr Hannah Jaicks journey through western Montana s ranching landscapes to showcase the stories of ranchers and affiliated groups who are pioneering strategies for reducing conflicts with wildlife while also stewarding the landscape Often seen as antithetical to one another American ranchers and wildlife have long been entangled with another This book is about producers who are forging new paths in conservation and addressing these seemingly intractable entanglements to sustain working ranch operations alongside healthy wildlife populations It elevates the voices of these people striving daily to achieve wild and working landscapes in the West and serves as a model for how others can begin to do the same Dr Jaicks takes readers on a journey up western Montana to a different valley in each chapter and showcases the place based stories of everyday conservation heroes who provide consciously raised agricultural products and protect vital habitat for endemic wildlife that would otherwise be developed and subdivided beyond repair This book will inform readers about progressive ways to make the world we share with people and animals a better place to live

Living Fully Shyalpa Tenzin Rinpoche, 2012 Buddhist teachings reveal guidance for proper breathing and realizing inner potential in order to better approach financial relationship and career issues

Finding Profound Bill Wallace,2023-03-23 We are within the midst of several significant and challenging transformations that are occurring now and there is naturally a great deal of angst and uncertainty among our society Finding Profound Source Centered Guidance brings together the broader more esoteric and meaningful context of what is occurring and how we can respond holistically in light and in love and partner with the collective with the transformations to come Love unity awareness and expanded consciousness are finding a place in the hearts and minds of those of us who are energetically receptive and aligned to this higher resonance This higher clearer purer vibration is available as Earth herself transforms and clears out her cumulative distortions as we will do as well We can and will transform ourselves Earth and the collective at large

The EROS Equation Eve Eschner Hogan,2014-03-01 Based on the idea that it is our own response to a situation rather than the situation itself that creates a particular outcome The EROS Equation is a unique approach to improving relationships Instead of focusing on difficult partners or problems author and relationship adviser Eve Eschner Hogan enables us to uncover new and creative responses in ourselves using the EROS equation As she explains in the introduction Hogan developed this problem solving tool through years of work with clients colleagues and in her own marriage She named it the EROS equation because it can be written as Event Response Outcome and Solutions E R O and S Invocative of the Greek god of love this empowering outlook leads to deeper self knowledge and more harmonious relationships Writing in accessible short chapters Hogan uses real life examples to look at typical relationship issues from daily annoyances to extramarital affairs She highlights common responses that don t work and applies the EROS equation to show us how our own wisdom intuition and creativity can reveal solutions The EROS Equation makes clear that by changing an unhelpful habitual response that blocks understanding we can create a loving and solution oriented outcome

Discovering World Religions at 24 Frames Per Second Julien R. Fielding, 2008-09-26 Traditionally university students have gained access to world religions by reading primary texts Discovering World Religions at 24 Frames Per Second takes students beyond the written page offering an exploration of the same religious traditions through the study of feature films The many definitions of religion are examined along with its various components including doctrine myth ethics ritual and symbol Specific religious traditions including Hinduism Sikhism Zoroastrianism Buddhism Confucianism Daoism popular religion and Shinto are examined Biographical sketches of directors whose films tend to focus on a particular religious tradition are also included such as Zhang Yimou Hayao Miyazaki Deepa Mehta and Akira Kurosawa Discovering World Religions at 24 Frames Per Second is unique in the area of religion and film studies in that it isn't just a collection of essays Instead it provides the introductory student with the necessary background information on the various religions before looking at how their ideas can be understood not through texts but through the cinematic medium To keep the conversation fresh most of the films used in the book were made within the last decade Furthermore examples range from popular mainstream fare such as Star Wars and the Lord of the Rings trilogy to lesser known foreign films such as The Wooden Man's Bride and The Great Yokai War Several films with a cult like following are also discussed including Fight Club Princess Mononoke Spirited Away and Jacob's Ladder This book is also unique in that instead of drawing upon the Judeo Christian tradition it draws from Eastern traditions

Our Wild Niche Laurie Cookson, 1999 Wouldn't it be great to be wild To be so natural and free that we could do whatever we want But we can't If our species went wild the results could be very unpleasant We might lose control Our species has allowed itself to become artificial in its efforts to be careful and considerate But what if we have made a mistake and miss the real value of wildness In nature not all animals are evolving but all of them are wild Why Evolution is survival of the wildest not survival of the fittest Being wild allows an animal to become efficient in its niche Wild species flourish in natural diversity and harmony How do they do it Our Wild Niche explores what it is to be wild the obstacles that stand in the

way of our being wild and the human traits that will come forward when we finally do reach our wild niche It also shows how the wildness links everything together into a sensible and complete package that will give new insight into the role of our human emotions feelings instincts adaptations and desires
