Sarai were summoned by God to initiate As migrants without a country and without an ethnic identity they personified the
Truth of God by incarnating the Lord God s being of presence and transcendent possibility Incorporated into an eternal
covenant as Abraham and Sarah they established the birthright of God s elect people as the embodiment of the integration of
universality and ethnicity The journey continued through their descendants vacillating between the union of universality and
ethnicity and mere ethnicity and in the course of Israel s history it separated the prophets from the priests The journey
traverses the Yahwist Strand of the Pentateuch the four prophetic divisions of the Book of Isaiah Book 1 of I Enoch the

Peace-Building Jaqueline Ogega, 2022-03-23 This book explores the peacebuilding ideas and experiences of Maasai and Gusii women of faith in Kenya. Women of faith across the world have long demonstrated their leadership in peacebuilding. They have achieved this despite their underrepresentation in formal peacebuilding systems and the persistent lack of consideration for their critical contributions and in the face of insecurity and violence against their very bodies. Their efforts include daily practices of sharing resources, building social cohesion, promoting human relations, and interlinking psychological, social, political, and spiritual encounters. This book provides a gender-responsive peacebuilding framework that leverages the intersectionality of women's diverse identities and roles as they navigate both secular and religious spaces for peace. The book will appeal to researchers and teachers as well as practitioners and activists. **Proceedings** General Christian Missionary Convention, 1879
