Murray,2016-11-14 The Home You Left Behind by Dorothy B Murray Fifty years ago Jim MacLeary left his small village to find a new life in the UK After the death of his parents Jim needed a fresh start away from the quiet village life and bad memories His children have grown and his beloved wife passed Jim s thoughts reflected on the homeland he left behind A sudden decision has him returning again to his quiet village in Cavers Island During his journey he remembers both the beauty of growing up in his small village the games he played with his siblings and friends the village fairs and Christmas traditions He also remembers the tragedies that forever changed him the death of his young brother and the too early passing of his parents But village life has changed drastically since Jim left His sleepy village no longer beams with life As Jim traces his family roots he learns why others have stayed and left and then returned again Jim begins to see the beauty and the fragility of the life he had left behind But can he ever really return home Or does home only exist in his memories The Home You Left Behind is a gentle meditation on home and belonging **Mind** ,1905 *Dreaming* Jennifer M. Windt,2023-12-05 A comprehensive proposal for a conceptual framework for describing conscious experience in dreams integrating philosophy of mind sleep and dream research and interdisciplinary consciousness studies Dreams conceived as conscious experience or phenomenal states during sleep offer an important contrast condition for theories of consciousness and the self Yet although there is a wealth of empirical research on sleep and dreaming its potential contribution to consciousness research and philosophy of mind is largely overlooked This might be due in part to a

lack of conceptual clarity and an underlying disagreement about the nature of the phenomenon of dreaming itself In Dreaming Jennifer Windt lays the groundwork for solving this problem She develops a conceptual framework describing not only what it means to say that dreams are conscious experiences but also how to locate dreams relative to such concepts as perception hallucination and imagination as well as thinking knowledge belief deception and self consciousness Arguing that a conceptual framework must be not only conceptually sound but also phenomenologically plausible and carefully informed by neuroscientific research Windt integrates her review of philosophical work on dreaming both historical and contemporary with a survey of the most important empirical findings This allows her to work toward a systematic and comprehensive new theoretical understanding of dreaming informed by a critical reading of contemporary research findings Windt s account demonstrates that a philosophical analysis of the concept of dreaming can provide an important enrichment and extension to the conceptual repertoire of discussions of consciousness and the self and raises new questions for future research Using Outdoor Learning to Improve Behaviour for All Sarah Rockliff,Pauline Chinnery,2015-11-19 Using Outdoor Learning to Improve Behaviour for All focuses on teachers parents and carers working together and creating environments in the classroom home and particularly outdoors where all children can experience positive feedback and develop good learning behaviours It tells the story of the Wellie Wednesday project and the journeys children took with their families and schools to achieve success Based on attachment theory and research in psychology and neuroscience this practical book will support practitioners parents carers and children who find themselves in negative cycles and situations to take steps forward to a positive future Focusing on real situations and the needs of individual children and their families this accessible guide is divided into four sections Making a difference for individual children their parents carers and schools Can I be included Case studies including impact on family and school strategies used changes noticed and key questions raised Addressing concerns understanding behaviour as communication How change happened enriching learning to improve behaviour Offering a wide collection of case studies and practical strategies Using Outdoor Learning to Improve Behaviour for All will be an essential resource for all teachers parents and carers wanting to support and guide children towards accessing education successfully

Straighter, Stronger, Leaner, Longer Renée Daniels,Janice Billingsley,2005 How to exercise to get stronger straighter leaner longer **The Brass Key** Dorothy Murray,2021-06-27 Jim MacLeary has been trying to cope with the loss of his childhood home the place of his beginning More than fifty years after he d said goodbye and left the place of his birth Jim went back home for the first time Going back home is a personal pilgrimage made by those who ve had a childhood home they left behind by their own free will or due to adverse circumstances The continuous thoughts of Back Home has prompted many to repeatedly return to the home of their childhood Upon arriving they face the sad reality of not being able to make a reattachment to the home they d once cherished as their first place of belonging The place to which they rightfully belong and which holds lasting sentiments is no longer welcoming The joys and pleasures their childhood home had once brought

linger in their minds as unfading memories Upon arriving back home after his long absence Jim realized that life in his home village has changed drastically He had a yearning to see touch and feel the things that had once contributed to the exuberance of his childhood He wanted to say hello and be welcomed by his family friends and the many acquaintances he d left behind Many scenes from Jim s childhood and the livelihood he d once enjoyed remain indelibly in his mind While there remains a constant yearning to make a reattachment to the place of his childhood Jim holds only lasting memories that continually play hide and seek with his imagination Like others who have repeatedly returned home and have left Jim realized that he can never return to his childhood home with a feeling of belonging Jim has been clutching the key to the door of his childhood home But he sadly realized that he can never use that key to go back home to the place that was once conducive to his childhood existence From his foreign place of attachment he ll continue to reminisce on the joyous pleasures he once had at the place to which he can t go back with a feeling of belonging Jim sadly realized that his childhood home exists only as a memory The Brass Key is a gentle meditation on home and belonging
