Within My Heart Michael A. Van Horn, 2017-03-14 This book illustrates how Christianity in the modern era has been shaped in the direction of subjectivity In the Enlightenment after Locke required faith to submit to reason's judgment Kant argued that religion should remain within the bounds of reason only Schleiermacher shifted attention away from belief to devotion to Christ and a feeling of absolute dependence on God Rejecting Hegel's system Kierkegaard summoned his readers to a unique subjective approach to justification by faith Revivalist Evangelicalism has been perceived and portrayed itself as a

rejection of modernism This study argues instead that the Evangelical revivalist movement is unmistakably modern in its assumptions regarding the nature of faith The Pietist impulse fueled in part by modern anthropocentrism and subjectivism in religious belief was appropriated by the Evangelical revivalists such as John Wesley George Whitefield Jonathan Edwards and later Charles Finney In short Christianity today is a religion of the heart      *Pharmacrac*y Thomas Szasz,2003-09-01 The modern penchant for transforming human problems into diseases and judicial sanctions into treatments replacing the rule of law with the rule of medical discretion leads to a type of government social critic Thomas Szasz calls pharmacracy He warns that the creeping substitution of democracy for pharmacracy private personal concerns increasingly perceived as requiring a medical political response inexorably erodes personal freedom and dignity      **Holy Clues** Stephen Kendrick,2007-12-18 If God is the greatest mystery of them all then why not in pursuit of God consult the greatest detective of them all In this imaginative and surprisingly profound book Stephen Kendrick reveals Sherlock Holmes as spiritual guide Drawing on the teachings of Christianity Buddhism and Judaism as well as a host of thinkers as varied as Albert Einstein Gandhi and Vincent van Gogh Kendrick explores the stories of Sherlock Holmes and finds remarkably prescient religious insights He shows us the link between careful observation of clues and the Buddhist concept of Bare Attention He illuminates the parallel between the great sleuth s pursuit of justice and God s actions on the scene of the first murder when Cain slew Abel And in the detective s open engaged mind Kendrick finds a model for uniting the principles of science with a sincere spiritual quest The result is a book of inspiration for the modern skeptical searcher and an entertaining work that sheds new light on the methods of the world s greatest detective      Geary's Guide to the World's Great Aphorists James Geary,2008-12-08 Both an expert and a collector James Geary has devoted his life to aphorisms and the last few years to organizing indexing and even translating them The result is Geary s Guide featuring aphorists like Voltaire Twain Shakespeare Nietzsche Woody Allen Muhammad Ali Emily Dickinson and Mae West as well as international practitioners appearing in English for the first time But it is more than just a conventional anthology It is also an encyclopedia containing brief biographies of each author in addition to a selection of his or her aphorisms The book is a field guide too with aphorists organized into eight different species such as Comics Critics Icons and Painters Poets The book s two indexes by author and by subject make it easily searchable while its unique organizational structure and Geary s lively biographical entries set it apart from all previous reference works A perfect follow up to Geary s New York Times bestseller *The World in a Phrase* Geary s Guide is eminently suitable for browsing or for sustained reading A comprehensive guide to our most intimate idiosyncratic literary form the book is an indispensable tool for writers and public speakers as well as essential reading for all language lovers

**Evidence for Faith** John Warwick Montgomery,2018-01-27 Twenty essays that argue for the truth of what C S Lewis called mere Christianity The contributors all distinguished scholars present their evidence from a variety of disciplines including philosophy archaeology biology history law and cosmology Step by step the writers construct a convincing

argument for the accuracy of the Bible and the credibility of the Christian faith      **Created for Significance** Robert B.
