Can't Slow Down Michaelangelo Matos, 2020-12-08 A Rolling Stone Kirkus Best Music Book of 2020 The definitive account of pop music in the mid eighties from Prince and Madonna to the underground hip hop indie rock and club scenes Everybody knows the hits of 1984 pop music s greatest year From Thriller to Purple Rain Hello to Against All Odds What s Love Got to Do with It to Wake Me Up Before You Go Go these iconic songs continue to dominate advertising karaoke nights and the soundtracks for film classics Boogie Nights and TV hits Stranger Things But the story of that thrilling turbulent time an era when Top 40 radio was both the leading edge of popular culture and a moral battleground has never been told with the full detail it deserves until now Can t Slow Down is the definitive portrait of the exploding world of mid eighties pop and the time it defined from Cold War anxiety to the home computer revolution Big acts like Michael Jackson Thriller Prince Purple Rain Madonna Like a Virgin Bruce Springsteen Born in the U S A and George Michael Wham s Make It Big rubbed shoulders with the stars of the fermenting scenes of hip hop indie rock and club music Rigorously researched mapping the entire terrain of American pop with crucial side trips to the UK and Jamaica from the biz to the stars to the upstarts and beyond Can t Slow Down is a vivid journey to the very moment when pop was remaking itself and the culture at large one hit at a time

**Cool Town** Grace Elizabeth Hale, 2020-02-13 In the summer of 1978 the B 52 s conquered the New York underground A year later the band s self titled debut album burst onto the Billboard charts capturing the imagination of fans and music critics worldwide The fact that the group had formed in the sleepy southern college town of Athens Georgia only increased the fascination Soon more Athens bands followed the B 52 s into the vanguard of the new American music that would come to be known as alternative including R E M who catapulted over the course of the 1980s to the top of the musical mainstream As acts like the B 52 s R E M and Pylon drew the eyes of New York tastemakers southward they discovered in Athens an unexpected mecca of music experimental art DIY spirit and progressive politics a creative underground as vibrant as any to be found in the country s major cities In Athens in the eighties if you were young and willing to live without much money anything seemed possible Cool Town reveals the passion vitality and enduring significance of a bohemian scene that became a model for others to follow Grace Elizabeth Hale experienced the Athens scene as a student small business owner and band member Blending personal recollection with a historian s eye she reconstructs the networks of bands artists and friends that drew on the things at hand to make a new art of the possible transforming American culture along the way In a story full of music and brimming with hope Hale shows how an unlikely cast of characters in an unlikely place made a surprising and beautiful new world

**Begin the Begin** Robert Dean Lurie, 2019-05-14 Robert Dean Lurie s biography is the first completely researched and written since R E M disbanded in 2011 It offers by far the most detailed account of their formative years the early lives of the band members their first encounters with one another their legendary debut show touring out of the back of a van initial recordings their shrewdly paced rise to fame The people and places of the South are

crucial to the R E M story in ways much more complex and interesting than have been presented thus far says Lurie who explores the myriad ways in which the band s adopted hometown of Athens Georgia and the South in general have shaped its members and the character and style of their art The South is more than the background to this story it plays a major role the creative ferment that erupted in Athens and gripped many of its young inhabitants in the late 70s and early 80s drew on regional traditions of outsider art and general cultural out there ness and gave rise to a free spirited music scene that produced the B 52 s and Pylon and laid the ground for R E M s subsequent breakout success Lurie has tracked down and interviewed numerous figures in the band s history who were under represented in or even absent from earlier biographies and they contribute previously undocumented stories as well as casting a fresh light on the familiar narrative **The**

**Encyclopedia of Popular Music** Colin Larkin,2011-05-27 This text presents a comprehensive and up to date reference work on popular music from the early 20th century to the present day The Poetics of American Song Lyrics Charlotte

Pence,2012-01-02 The Poetics of American Song Lyrics is the first collection of academic essays that regards songs as literature and that identifies intersections between the literary histories of poems and songs The essays by well known poets and scholars including Pulitzer Prize winner Claudia Emerson Peter Guralnick Adam Bradley David Kirby Kevin Young and many others locate points of synthesis and separation so as to better understand both genres and their crafts The essayists share a desire to write on lyrics in a way that moves beyond sociological historical and autobiographical approaches and explicates songs in relation to poetics Unique to this volume the essays focus not on a single genre but on folk rap hip hop country rock indie soul and blues The first section of the book provides a variety of perspectives on the poetic history and techniques within songs and poems and the second section focuses on a few prominent American songwriters such as Bob Dylan Bruce Springsteen and Michael Stipe Through conversational yet in depth analyses of songs the essays discuss sonnet forms dramatic monologues Modernism ballads blues poems confessionalism Language poetry Keatsian odes unreliable narrators personas poetic sequences rhythm rhyme transcription methods the writing process and more While the strategies of explication differ from essay to essay the nexus of each piece is an unveiling of the poetic history and poetic techniques within songs

The R.E.M. Companion John Platt,1998 Refusing to kowtow to commercial pressures the band achieved success on their own terms and like all the great rock acts that preceded them they created a unique sound and style that many have copied but few can capture This book collects the best of these critical essays record and concert reviews interviews and other material that helps unlock the mystery of R E M **BOOK JACKET** **The 100 Greatest Bands of All**

**Time** David V. Moskowitz,2015-11-10 This one of a kind reference investigates the music and the musicians that set the popular trends of the last half century in America Many rock fans have at one time or another ranked their favorite artists in order of talent charisma and musical influence on the world as they see it In this same spirit author and music historian David V Moskowitz expands on the concept of top ten lists to provide a lineup of the best 100 musical groups from the past

60 years Since the chosen bands are based on the author s personal taste this two volume set provokes discussion of which performers are included and why offering insights into the surprising influences behind them From the Everly Brothers to the Ramones to Public Enemy the work covers a wide variety of styles and genres clearly illustrating the connections between them Entries focus on the group s history touring membership major releases selected discography bibliography and influence Contributions from leading scholars in popular music shed light on derivative artists and underscore the overall impact of the performers on the music industry

**Spirit Guides from the Future** David Wegert,2014-02-21 The book is a telepathic communication between myself and Dar a evolved human from 23 million years in the future as well as several other guides spiritual and otherwise from various future time periods Although most of the contact is through Dar several of his companions from various timelines from a few centuries to over 1000 million years in the future have made some observations about various time periods The book covers technology spirit guides singularities timelines evolution time travel parallel worlds future cities and other realities It also covers altered states of consciousness the 2012 event space travel time lines advanced data storage power generation future history and my notes There is discussion in time and the nature of reality as well as technological development and where it is leading us into the future It is about possibilities and I do not mean it to be either a positive or negative statement but an observation of what is I hope the book will encourage some people to objectively seek out alternative possibilities

**Rock Music** Mark Spicer,2017-07-05 This volume gathers together twenty articles from among the best scholarly writing on rock music published in academic journals over the past two decades These diverse essays reflect the wide range of approaches that scholars in various disciplines have applied to the study of rock from those that address mainly the historical sociological cultural and technological factors that gave rise to this music to those that focus primarily on analysis of the music itself This collection of articles some of which are now out of print or otherwise difficult to access provides an overview of the current state of research in the field of rock music and includes an introduction which contributes to the ongoing debate over the distinction or lack thereof between rock and pop

**Boy Culture** Shirley R. Steinberg,Michael Kehler,Lindsay Cornish,2010-06-17 In this two volume set a series of expert contributors look at what it means to be a boy growing up in North America with entries covering everything from toys and games friends and family and psychological and social development Boy Culture An Encyclopedia spans the breadth of the country and the full scope of a pivotal growing up time to show what a boy s life is really like today With hundreds of entries across two volumes it offers a series of vivid snapshots of boys of all kinds and ages at home school and at play interacting with family or knocking around with friends or pursuing interests alone as they begin their journey to adulthood Boy Culture shows an uncanny understanding of just how exciting confusing and difficult the years between childhood and young adulthood can be The toys games clothes music sports and feelings they are all a part of this remarkable resource But most important is the book s focus on the things that shape boyhood identities the rituals of masculinity among friends the
