Happiness: a Way of Life Asif Zaidi, 2018-11-05

Happiness hinges on our ability to command what goes on in our consciousness from moment to moment. Each of us has our own path to traverse and there is no single recipe. In *Happiness A Way of Life*, author Asif Zaidi offers information to help fill you with deep enriching happiness, creating an existence in which happiness plays the central role for a life worth living. An amalgam of wisdom from the East and evidence from the West, Zaidi lays out a path to lowered anxiety, better health, sharper focus, and enhanced performance, all of which distill into a life of happiness. *Happiness A Way of Life* shows when you liberate your mind from the tyranny of external factors, happiness becomes an authentic state of being rather than a reassurance or a mere external performance. You can then realize that happiness is not something acquired; it is a natural state that arises when you stop creating chaos. In this guide, Zaidi summarizes what he's learned during more than twenty years of extensive study on the subject, from the ultra-occidental to the ultra-oriental and from the most scientific to the most religious.
