About Criminals Mark Pogrebin,2011-12-09 This book presents students with recent and important research on criminal behavior The articles in this anthology all based on actual field studies provide the reader with a realistic portrayal of what actual offenders say about crime and their participation in it The offenders voices along with the researchers analyses offer students a real life view of what how and why various criminals behave the way they do

Identity Theft in Today's World Megan McNally,2011-11-16 This book accurately identifies the various forms of identity theft in simple easy to understand terms exposes exaggerated and erroneous information and explains how everyone can take action to protect themselves Identity theft is a classic crime with a modern and perhaps decidedly American twist The rise of technology over the past few decades and its influence on the processes of modernization and globalization has created many new opportunities for identity theft both locally and internationally Moreover this process has transformed the nature of identity from something largely personal to something almost purely financial Although identity theft is not a global crime per se it does pose a pervasive and universal threat that will need to be acknowledged and addressed by many nations throughout the world In this text author Megan McNally examines the concept of identity theft in universal terms in order to understand what it is how it is accomplished and what the nations of the world can do individually or collectively to prevent it or respond to it

Wireless Crime and Forensic Investigation Gregory Kipper,2007-02-26 Security is always a concern with any new technology When we think security we typically think of stopping an attacker from breaking in or gaining access From short text messaging to investigating war this book explores all aspects of wireless technology including how it is used in daily life and how it might be used in the future It provides a one stop resource on the types of wireless crimes that are being committed and the forensic investigation techniques that are used for wireless devices and wireless networks The author provides a solid understanding of modern wireless technologies wireless security techniques and wireless crime techniques and shows how to conduct forensic analysis on wireless devices and networks Each chapter while part of a greater whole is self contained for quick comprehension

Preventing Identity Crime: Identity Theft and Identity Fraud Syed R. Ahmed,2020-04-14 Identity crime which encompasses both identity theft and identity fraud is one of the fastest growing crimes around the world yet it lacks its own identity there is no universally accepted definition little understanding of what the crime is or should be and no legal

framework placing the crime into a coherent and effective grouping of criminal sanctions In this book Dr Syed Ahmed addresses and proposes solutions for resolving these issues and tackles head on the various facets of what is needed to deal with Identity Crime A comprehensive and an exhaustive study of different types of Identity Crime is conducted and practical recommendations for preventing and minimizing the impact of identity crime is presented for all to consider **Security and Privacy** Joseph Savirimuthu,2016-12-05 During the last decade in particular the levels of critical engagement with the challenges posed for privacy by the new technologies have been on the rise Many scholars have continued to explore the big themes in a manner which typifies the complex interplay between privacy identity security and surveillance This level of engagement is both welcome and timely particularly in a climate of growing public mistrust of State surveillance activities and business predisposition to monetize information relating to the online activities of users This volume is informed by the range of discussions currently conducted at scholarly and policy levels The essays illustrate the value of viewing privacy concerns not only in terms of the means by which information is communicated but also in terms of the political processes that are inevitably engaged and the institutional regulatory and cultural contexts within which meanings regarding identity and security are constituted *Real U Guide to Road Safety and Car Care* Megan Stine,2004 Are you a menace on wheels Find out how to handle your car whether you re behind the wheel or under the hood in this super savvy Real U Guide to Road Safety and Car Care For new drivers who haven t had much experience with icy roads and oil filters or for anyone who simply wants to learn more about that 2000 pounds of steel in the garage this guide has excellent advice about handling roadside emergencies coping with basic everyday car maintenance issues and steering clear of the most common driving disasters Topics covered include How to jump start a car What to say and what not to say after an accident How to know whether you need premium gas How to decode your dashboard lights and what to do when they come on All about rotating your tires Engine fluids any idiot can replace and save big bucks Speed demons and speed readers will appreciate the four color photographs and illustrations throughout which make each driving tip and maintenance procedure perfectly clear It s kind of like getting a letter filled with car care advice from a hip older brother who just won a major Nascar race Minus the grease stains Cyber Security and Global Information Assurance: Threat Analysis and Response Solutions Knapp, Kenneth J.,2009-04-30 This book provides a valuable resource by addressing the most pressing issues facing cyber security from both a national and global perspective Provided by publisher **The Oxford Handbook of Crime and Public Policy** Michael H. Tonry,2011 This handbook offers a comprehensive examination of crimes as public policy subjects to provide an authoritative overview of current knowledge about the nature scale and effects of diverse forms of criminal behaviour and of efforts to prevent and control them **The Dark Side of the Internet** Paul Bocij,2006-10-30 In less than a decade personal computers have become part of our daily lives Many of us come into contact with computers every day whether at work school or home As useful as the new technologies are they also have a darker side By making computers part of our daily

lives we run the risk of allowing thieves swindlers and all kinds of deviants directly into our homes Armed with a personal computer a modem and just a little knowledge a thief can easily access confidential information such as details of bank accounts and credit cards This book helps people avoid harm at the hands of Internet criminals It offers a tour of the more dangerous parts of the Internet as the author explains who the predators are their motivations how they operate and how to protect against them In less than a decade personal computers have become part of our daily lives Many of us come into contact with computers every day whether at work school or home As useful as the new technologies are they also have a darker side By making computers part of our daily lives we run the risk of allowing thieves swindlers and all kinds of deviants directly into our homes Armed with a personal computer a modem and just a little knowledge a thief can easily access confidential information such as details of bank accounts and credit cards This book is intended to help people avoid harm at the hands of Internet criminals It offers a tour of the more dangerous parts of the Internet as the author explains who the predators are their motivations how they operate and how to protect against them Behind the doors of our own homes we assume we are safe from predators con artists and other criminals wishing us harm But the proliferation of personal computers and the growth of the Internet have invited these unsavory types right into our family rooms With a little psychological knowledge a con man can start to manipulate us in different ways A terrorist can recruit new members and raise money over the Internet Identity thieves can gather personal information and exploit it for criminal purposes Spammers can wreak havoc on businesses and individuals Here an expert helps readers recognize the signs of a would be criminal in their midst Focusing on the perpetrators the author provides information about how they operate why they do it what they hope to do and how to protect yourself from becoming a victim

Are Your Habits Killing You? a Complete Personal Handbook of Safety Suggestions to Incorporate Into Your Everyday Life Kimberly Cheryl, 2007-12-07 Experts agree the single most important factor in surviving a criminal attack is to have an overall safety strategy before one is needed Now with this inclusive handbook readers can learn the personal safety tips and techniques to avoid dangerous situations and avoid becoming a victim
