**Tales From the West Coast** Adrienne Mason,2003 From record breaking tea clippers to rum runners and sea monsters life on the west coast has never been dull Rich in seafaring legend and adventure these stories will take you on a voyage of discovery into the past [Rebel Women](#) Linda Kupecek,2011-02-01 The women in these stories did the unthinkable for their time they followed their own paths flouting convention and daring to break from the traditions of family and marriage They chose a life outside the norm a decision for which most paid dearly Nell Shipman was overlooked because she was not as acquiescent as required she opened an independent production company just when the major Hollywood studios began exerting their power Isobel Gunn once revealed to be a woman lost her livelihood and her respectability And almost everyone scorned Mother Caroline Fulham In Rebel Women you ll discover women who faced conflict adversity and doubt to follow their dreams **Deadly Dues** Linda Kupecek,2011-02-01 When former TV star Lulu Malone finds her evil union representative stabbed to death her first instinct is to run Unfortunately the exit is crowded as she has four actor friends with her Without much choice Lulu becomes enmeshed in the real life detective hunt one that she has only experienced as an actor on TV With her life in danger and her beloved dog Horatio kidnapped Lulu s days are filled with threats thrift store finds and hindrances by unknown overweight assailants Get ready for the Lulu Malone mysteries a gutsy new detective series that presents meditations on the life of the artist in between muggings murders and mayhem [Rebel Women](#) Linda Kupecek,2011 The women in these stories did the unthinkable for their time they followed their own paths flouting convention and daring to break from the traditions of family and marriage They chose a life outside the norm a decision for which most paid dearly Nell Shipman was overlooked because she was not as acquiescent as required she opened an independent production company just when the major Hollywood studios began exerting their power Isobel Gunn once revealed to be a woman lost her livelihood and her respectability And almost everyone scorned Mother Caroline Fulham In Rebel Women you ll discover women who faced conflict adversity and doubt to follow their dreams **Book Review Index Cumulation** Dana Ferguson,2005-09 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year *Quill & Quire* ,2004 [Susan Glaspell's Poetics and Politics of Rebellion](#) Emeline Jouve,2017-07-01 A pioneer of American modern drama and founding member of the Provincetown Players Susan Glaspell 1876 1948 wrote plays of a kind that Robert Brustein defines as a drama of revolt an expression of the dramatists discontent with the prevailing social political and artistic order Her works display her determination to put an end to the alienating

norms that in her eyes and those of her bohemian peers were stifling American society This determination both to denounce infringements on individual rights and to reform American life through the theatre shapes the political dimension of her drama of revolt Analyzing plays from the early *Trifles* 1916 through *Springs Eternal* 1943 and the undated incomplete *Wings* author Emeline Jouve illustrates the way that Glaspell's dramas addressed issues of sexism the impact of World War I on American values and the relationship between individuals and their communities among other concerns Jouve argues that Glaspell turns the playhouse into a courthouse putting the hypocrisy of American democracy on trial In staging rebels fighting for their rights in fictional worlds that reflect her audience's extradiegetic reality she explores the strategies available to individuals to free themselves from oppression Her works envisage a better future for both her fictive insurgents and her spectators whom she encourages to consider which modes of revolt are appropriate and effective for improving the society they live in The playwright defines social reform in terms of collaboration which she views as an alternative to the dominant alienating social and political structures Not simply accusing but proposing solutions in her plays she wrote dramas that enacted a positive revolt A must for students of Glaspell and her contemporaries as well as scholars of American theatre and literature of the first half of the twentieth century *Rebel Leaders* River Stone, AI, 2025-03-21 *Rebel Leaders* examines the lives and legacies of those who challenged established power exploring the motivations and strategies behind historical rebellions By analyzing figures from diverse backgrounds the book provides insights into the dynamics of power resistance and social change It highlights the ethical dilemmas inherent in revolutionary movements and the long term consequences of challenging authority One intriguing fact is that while rebel leaders often possess charisma and strategic thinking their success hinges on adaptability and broad based support The book takes a comparative approach drawing parallels and contrasts between leaders from different eras and cultures Beginning with a framework for understanding rebellion and key themes like propaganda and violence it progresses through case studies analyzing leadership styles and the conditions enabling their rise It then culminates with an assessment of their contributions to political thought and social reform This book is valuable for students of history political science and general readers interested in understanding power dynamics
