

A BIOGRAPHY
OF
WILLIAM SHAKSPERE

BY CHARLES KNIGHT

CAREFULLY REVISED

"All that is known with any degree of certainty concerning Shakspeare is—that he was born at Stratford-upon-Avon—married and had children—remained in London, where he commenced actor, and wrote poems and plays—remained in Stratford, until his death, and was buried."—*Register*

"Adding such trustworthy information, perhaps even without much of it, we could have liked to get some notion, in our way of telling, of the whole question: What and how was Emerson's *Letter to Shakspeare's reader*, whence has some ground to differ themselves? In other words: What things have we to forget, what to deny and acknowledge, before we, from such evidence, can get ourselves to Shakspeare's place; and so to the full sense of the name, individual life, his writings, and his *being*?"—*Edinburgh*

Department of Printed Books, 1964 *Shakespeare's Plays with His Life* William Shakespeare, 1847 **William Shakespeare: A Brief Life** Paul Menzer, 2023-03-23 This engaging and fresh biography begins by examining how Shakespeare's life turns into myth so comfortably as to seduce even the most sceptical scholar The early departure the late

return Public success private loss A twilight of plays about family reunions a death at home in the biggest house in town the one he walked by as a schoolboy and eyed with envy or at least ambition Shakespeare led an orbital life everything returned to where it began He even had the dramatic good sense to die on his birthday One of the appealing dynamics of the Shakespeare myth is the contrast of his humble beginnings and his lofty achievements persuading us that genius might blossom anywhere William Shakespeare A Brief Life honours these myths but also explores some of the mysteries why Shakespeare left Stratford who he ran with in London why he put down his pen and at last came home again Ultimately the book explores the compelling contrast between the mere fifty two years Shakespeare lived with the prolonged after lives of his work and his story which show no sign of ending *A Bibliographical Account of the Works of Shakespeare, including every known edition, translation, and commentary. By H. G. Bohn. Printed off separately from his enlarged edition of the Bibliographer's Manual [of W. T. Lowndes] with some additions* Henry George BOHN,1864 The British National Bibliography Arthur James Wells,1955 Literature in the Age of Celestial Discovery Judy A. Hayden,2016-04-08 The reconfiguration and relinquishing of one's conviction in a world system long held to be finite required for many in the sixteenth and seventeenth centuries a compromise in one's beliefs and the biblical authority on which he or she had relied and this did not come without serious and complex challenges Advances in astronomy such as the theories of Copernicus the development of the telescope and Galileo's discoveries and descriptions of the moon sparked intense debate in Early Modern literary discourse The essays in this collection demonstrate that this discourse not only stimulated international discussion about lunar voyages and otherworldly habitation but it also developed a political context in which these new discoveries and theories could correspond metaphorically to New World exploration and colonization to socio political unrest and even to kingship and regicide **Catalog of the Shakespeare Collection** Folger Shakespeare Library,1972 *William Shakespeare* Karl Elze,1888 **Sotheran's Price Current of Literature** ,1902 The Complete Dramatic and Poetical Works of William Shakespeare William Shakespeare,1881 *The Bibliographer's Manual of English Literature* William Thomas Lowndes,1861
