Routledge Library Editions: Economic Geography Various,2021-06-23

The books in this set originally published between 1968 and 1992 introduce the reader to the many lines of thought in the literature on economic geography and tie these various aspects together within the concept of the economy As well as providing a comprehensive overview of the Western European economy since the Second World War and including specific studies and assessments of the Dutch and Italian economies these volumes examine the economic factors that have shaped cities and patterns of urbanization

Interdependent Development Harold Brookfield,2012-08-06 Rather than being a book about development per se this work first published in 1975 is instead a book about ideas about development designed for those drawn by a concern over social injustice into the development field In a selective review of theory which gives particular emphasis to the spatial dimension in Western Marxist and neo Marxist thought Harold Brookfield traces the evolution of ideas about world inequality and the problem of development from the days before the underdeveloped countries were considered to be a major problem through the years dominated by economic growth to the more searching approaches of the contemporary era The central argument of the book is that development is a totality which cannot properly be understood by separation into parts The developed and underdeveloped countries constitute one interdependent system and change in one cannot be understood without consideration of the other

Routledge Library Editions: Development Mini-Set M: Theories of Development

Various,2021-11-17 Routledge Library Editions Development will re issue works which address economic political and social aspects of development Published over more than four decades these books trace the emergence of development as one of the most important contemporary issues and one of the key areas of study for modern social science The books cover the most important themes within development and include studies of Latin America Africa and Asia Authors include Sir Alexander Cairncross W Arthur Lewis Lord Peter Bauer and Cristobal Kay An extensive collection of previously hard to access or out of print books this set presents an unrivalled opportunity to build up a wealth of material in the field of development studies with a particular focus upon economic and political concerns The volumes in the collection offer both a global overview of the history of development in the twentieth century and a huge variety of case studies on the development of individual nations For institutional purchases for e book sets please contact online sales tandf co uk customers in the UK Europe and Rest of World

Economics and Demography (Routledge Revivals) Ian Bowen,2012-11-12 First published in 1976 Economics and Demography discusses how the world population doubled in the thirty years prior to its publication and considers the economic implications of this demographic transformation Professor Bowen with many years experience of research into the economic and statistical aspects of population and world development provides a survey of the population of the world and of how political economists have explained population growth The author s survey looks first at the

mechanisms of growth fertility mortality and migration followed by an account of theories of growth from Adam Smith to the present day Professor Bowen a former fellow of All Souls College Oxford who taught at universities in England America Australia and Asia writes from the point of view of a political economist rather than a demographer and Economics and Demography is of particular value to students of development development economics and demography within departments of economics economic history and geography

Urban Systems (Routledge Revivals) C S Bertuglia, G. Leonardi, S. Occelli, G. A. Rabino, R. Tadei, Alan Wilson, 2013-10-18 This edited collection first published in 1987 provides a comparative analysis of different approaches to urban modelling and lays the foundations for the possibility of integration and a more unified field The first part contextualises the development of the field of urban systems modelling focusing on the variety of approaches and possible implications of this on the future of research and methodology Next the editors consider economic and non economic approaches followed by an analysis of spatial interaction based approaches Providing an overview to the field and research literature the overarching argument is that there should be an integrated methodological approach to urban system modelling

Atlas of Industrializing Britain, 1780-1914 John Langton, 2002-11 First published in 1986 Routledge is an imprint of Taylor Francis an informa company

Rising China in the Changing World Economy Liming Wang, 2012-03-12 China's rapid and sustained growth over last thirty years has propelled it to become the world's second largest economy today and potentially the largest in the foreseeable future As one of the first major economies pulling out of recession and the last remaining major socialist country in the world today China presents a challenge to established thinking on the essential primacy of global capitalism and the settled nature of the world system as China becomes more integrated into the world economy and the international system both are themselves potentially transformed as a result of China's involvement This book explores a wide range of issues connected with the impact of China on the global economy and the prevailing international system Subjects covered include China's multinationals international acquisitions the exchange rate research and development and technology transfer China's emerging major business groupings and small and medium sized enterprises

An Introduction to Industrial Economics P.J. Devine, N. Lee, R.M. Jones, W.J. Tyson, 2018-01-12 This updated and expanded 1985 edition of the classic 1974 work covers deindustrialisation industrial and competition policy the public enterprise sector regional and urban policy and privatisation as well as focussing on the firm and the industrial sector in all its facets It remains the key work on industrial economics

Regional Development George Demko, 2017-08-31 Originally published in 1984 This volume brings together papers concerned with the problems of regional development in both Eastern and Western Europe These include regional economic and social inequalities lagging and backward regions and constricted flows of labour This book provides identification comparison analysis and discussion of regional development problems in Eastern and Western Europe It discusses the latest trends in regional policy assesses their effectiveness and puts forward innovative thinking on the various issues and how they should be tackled in future

The

Geography of Competition John R. Miron, 2010-03-16 This book provides a comprehensive up to date and expert synthesis of location theory What are the impacts of a firm's geographic location on the locations of customers suppliers and competitors in a market economy How when and why does this result in the clustering of firms in space When and how is society made better or worse off as a result This book uses dozens of locational models to address aspects of these three questions Classical location problems considered include Greenhut Manne Hitchcock Koopmans and Weber Launhardt The book reinterprets competitive location theory focusing on the linkages between Walrasian price equilibrium and the localization of firms It also demonstrates that competitive location theory offers diverse ideas about the nature of market equilibrium in geographic space and its implications for a broad range of public policies including free trade industrial policy regional development and investment in infrastructure With an extensive bibliography and fresh interdisciplinary approach the book will be an invaluable reference for academics and researchers with an interest in regional science economic geography and urban planning as well as policy advisors urban planners and consultants
