**The Cultural Lives of Greyhounds** John Stokes,2025-02-07 This book aims to enhance our intellectual understanding of the relationship between human beings and domestic animals with a focus on a specific breed of dog the greyhound It combines literary criticism cultural history and the rapidly expanding field of human animal studies by tracing the creative representation of the greyhound from the earliest references in classical myth to multiple appearances in contemporary literature performance and the fine arts Each representation whether of hunter or racer of pet or predator is treated not simply as a stage in some inevitable humanitarian progression but as part of a series of co evolutionary exchanges between humans and their canine collaborators that together constitute a shared experience Writers who have been fascinated by greyhounds range from Shakespeare to Dryden from William Wordsworth to George Meredith from Marcel Proust to Colette from William Butler Yeats to Ted Hughes and beyond The haunting image of the breed has inspired artists such as D rer Hogarth and Giacometti

**First Nations, First Dogs** Bryan David Cummins,2002 Yet not all knowledge of these breeds has been lost with them Legends journals artwork and photos remain to document these dogs and their characteristics and they are featured here with the aim of showing the profound impact they had on First Nations cultures and survival Dogs were used as pack animals long before and after the arrival of the horse They hunted alongside Natives and starved with them too if the hunt was unsuccessful or game scarce In desperate times they were the food of last resort Dogs also figured prominently in song story and ceremony
