Schooling Kate Rousmaniere, Kari Dehli, Ning De Coninck Smith, 2013-10-15 This collection of essays on the social history of disciplinary practices in education in North America Northern Europe and Colonial Bengal coverage upon an understanding that schools regulate the behavior of beliefs of students teachers and parents by enforcing certain disciplinary social norms

Culture, Education, and Community J. Lavia, S. Mahlomaholo, 2012-04-14 Provides a critical space in which to interrogate the ways in which postcolonial voices are imagined and struggle to be valued heard and responded to Takes the imagination of the postcolonial as its focus acknowledging that it is a troubling unsettling and ambiguous concept requiring re visiting and re interpretation

Studying Teachers' Lives I Goodison, 2013-02-01 To develop a mode of educational research which speaks both of and to the teacher we require more study of the lives of teachers This book provides a vital insight into the ways in which teachers backgrounds and career histories affect their teaching methods and approaches Many issues are covered ranging from the question of teacher drop out to the importance of teacher socialisation The studies employ a range of different methodologies allowing the reader to assess their varying strengths and weaknesses but throughout they reaffirm the centrality of the teacher in educational research

Understanding Children's Development Anne B. Smith, Keith Ballard, 1998 This fully revised and updated edition of a fundamental New Zealand psychology text examines how and why children develop and how they are influenced by the people and events in their lives Discussed are theories of development and learning the importance of early experience intelligence and assessment and the family The development of social behavior gender roles language and thinking are also covered The question of mainstreaming the integration of children with special educational needs into regular preschools and classrooms is also debated There is a strong emphasis on local conditions and the New Zealand historical and social context This new edition addresses the important issue of giving children themselves a voice in order to better understand their development and to involve them in decisions about their lives

International Handbook of Virtual Learning Environments Joel Weiss, Jason Nolan, Jeremy Hunsinger, Peter Trifonas, 2007-11-24 Three issues are explored and used as organizers for The International Handbook of Virtual Learning Environments First a distinction is made between virtual learning and learning virtually Second since the focus is on learning an educational framework is developed as a means of bringing coherence to the available literature Third learning is defined broadly as a process of knowledge creation for transforming experience to reflect different facets of the curriculum of life The Handbook is divided into four sections Foundations of Virtual Learning Environments Schooling Professional Learning and Knowledge Management Out of School Learning Environments and Challenges for Virtual Learning Environments A variety of chapters representing different academic and professional fields

are included These chapters cover topics ranging from philosophical perspectives historical sociological political and educational analyses case studies from practical and research settings as well as several provocative classics originally published in other settings Integrating Critical and Contextual Studies in Art and Design Jenny Rintoul,2016-11-18 Integrating Critical and Contextual Studies in Art and Design examines the relationship between two aspects of art education that appear at times inseparable or even indistinguishable and at others isolated and in conflict Critical and Contextual Studies CCS and studio practice Underpinned by international contexts this book is rooted in British art and design education and draws upon contemporary case studies of teaching and learning in post compulsory settings in order to analyse and illustrate identities and practices of CCS and its integration The chapters in this book are divided into three sections that build on one another Discourse and debate Models types and tensions and Proposals and recommendations Key issues include knowledge hierarchies and subject histories and identities constructions of theory and the symbiotic relationship between theory and practice models and practices of CCS within current post compulsory British art and design education the reification of ubiquitous terms in the fields of art and design and of education intuition and integration approaches to curriculum integration including design and management and suggestions for integrating CCS in art and design courses including implications for pedagogy and assessment Integrating Critical and Contextual Studies in Art and Design offers a comprehensive analysis of the current drive towards integration within art education and elucidates what we understand by the theory and practice of integration It explores the history theory teaching and student experience of CCS and will be of interest to lecturers teachers and pedagogues involved in art and design as well as researchers and students of art education

Teachers and the State Mike Bottery,Nigel Wright,2002-11-01 This book examines the status of training and continuing professional development of teachers on a national and international level The authors argue that teachers need to feel that they are part of an empowering professionalism in which their work has an effect on the abilities of students and where they play a valuable role in shaping the direction of future society **Liberalism and Hegemony** Jean-Francois Constant,Michel Ducharme,2009-04-07 In 2000 Ian McKay a highly respected historian at Queen s University published an article in the Canadian Historical Review entitled The Liberal Order Framework A Prospectus for a Reconnaissance of Canadian History Written to address a crisis in Canadian history this detailed programmatic and well argued article had an immediate impact on the field Proposing that Canadian history should be mapped through a process of reconnaissance and that the Canadian state should be understood as a project of liberal rule in North America the essay prompted debate immediately upon publication Liberalism and Hegemony assembles some of Canada s finest historians to continue the debate sparked by McKay s essay The essays collected here explore the possibilities and limits presented by The Liberal Order Framework for various segments of Canadian history and within them the paramount influence of liberalism throughout the nineteenth and twentieth centuries is debated in the context of aboriginal history environmental history the history of the family the

development of political thought and ideas and municipal governance Like McKay's *The Liberal Order Framework* which is included in this volume with a response to recent criticism Liberalism and Hegemony is a fascinating foray into current historical thought and provides the historical community with a book that will act both as a reference and a guide for future research

Understanding Curriculum William F. Pinar, 1995 Perhaps not since Ralph Tyler's 1949 *Basic Principles of Curriculum and Instruction* has a book communicated the field as completely as *Understanding Curriculum* From historical discourses to breaking developments in feminist poststructuralist and racial theory including chapters on political theory phenomenology aesthetics theology international developments and a lengthy chapter on institutional concerns the American curriculum field is here It will be an indispensable textbook for undergraduate and graduate courses alike

Drama Education in the Lives of Girls Kathleen Gallagher, 2001-01-01 Through drama girls can explore their particular sexual cultural ethnic and class based identities Gallagher's research offers pedagogical alternatives in an increasingly mechanistic and disempowering period in education
