Apologetics for a New Generation Sean McDowell, 2009-03-01 Many teenagers leave home for college but don't take their faith with them Popular writer and speaker Sean McDowell offers a solution for this problem a new way of approaching faith that addresses the questions the emerging generation is asking and that incorporates a radically humble and relational approach An impressive list of contributors including Dan Kimball They Like Jesus but Not the Church Brian Godawa Hollywood Worldviews and Josh McDowell show that today s apologetics must employ a clear connection with everyday lifean invitation for people to express their doubts and wrestle with tough questions aculturally savvy understanding of the way secular people view Christiansan engaging methodology that captures the imagination before engaging the minda strong emphasis on the resurrection and how it changes everything This resource is imperative for leaders who are ready to engage a new generation with the claims of Christ Female Genital Cutting in Industrialized Countries Mary Nyangweso, 2014-10-20 This book comprehensively examines the practice of female genital mutilation and proposes new intervention programs and community based initiatives that protect the rights of children and women who live with the serious risks and long term consequences of the practice Why is FGM on the increase in industrialized countries in spite of existing policies against the practice How is political correctness contributing to this increase And how does religion contribute implicitly or explicitly to the persistence of FGM This work is authored by a Kenyan immigrant to the United States who recognizes the necessity of better protection of women's rights regarding FGM in first world nations and the need for these countries to recognize this issue as a serious challenge to values and health services. The book provides complete information about the practice of female genital cutting explaining its origin identifying the countries where this practice is common and documenting the rise of FGM in industrialized nations The second half of the book examines existing intervention programs with the goal of improving the situation by way of transforming policies addressing the legal aspects of the issue and improving health care services A powerful resource for college and university level students in the humanities social science and medical fields this book will also serve general readers with interest in examining challenges Reasons to Believe Scott Hahn, 2007-05-08 This book unravels mysteries corrects women grapple with internationally misunderstandings and offers thoughtful straightforward responses to common objections about the Catholic faith Bestselling author Scott Hahn a convert to Catholicism has experienced the doubts that so often drive discussions about God and the Church In the years before his conversion he was first a nonbeliever and then an anti Catholic clergyman In REASONS TO BELIEVE he explains the how and why of the Catholic faith drawing from Scripture his own struggles and those of other converts as well as from everyday life and even natural science Hahn shows that reason and revelation nature

and the supernatural are not opposed to one another rather they offer complementary evidence that God exists But He doesn t merely exist He is someone and He has a personality a personal style that is discernible and knowable Hahn leads readers to see that God created the universe with a purpose and a form a form that can be found in the Book of Genesis and that is there when we view the natural world through a microscope through a telescope or through our contact lenses At the heart of the book is Hahn's examination of the ten keys to the kingdom the characteristics of the Church clearly evident in the Scriptures As the story of creation discloses the world is a house that has a Father a palace where the king is really present God created the cosmos to be a kingdom and that kingdom is the universal Church fully revealed by Jesus Christ in Gender-Based Violence, Immigration, and Human Rights Mary Nyangweso, Jacob K. Olupona, 2019-07-23 This book builds on work that examines the interactions between immigration and gender based violence to explore how both the justification and condemnation of violence in the name of religion further complicates our societal relationships Violence has been described as a universal challenge that is rooted in the social formation process As humans seek to exert power on the other conflict occurs Gender based violence immigration and religious values have often intersected where patriarchy based power is exerted on the other An international panel of contributors take a multidisciplinary approach to investigating three central themes Firstly the intersection between religion immigration domestic violence and human rights Secondly the possibility of collaboration between various social units for the protection of immigrants human rights Finally the need to integrate faith based initiatives and religious leaders into efforts to transform attitude formation and general social behavior This is a wide ranging and multi layered examination of the role of religion in gender based violence and immigration As such it will be of keen interest to academics working in religious studies gender studies politics and ethics **NGC** Chris Salt, 2020-10-30 A new and unique four stage evangelism strategy for western evangelical churches that uses the Bible s five core principles to re ignite interest in Christianity the gospel and western cultural renewal To Everyone an Answer Francis I. Moreland, 2009-08-20 In a society that believes anything goes the Christian worldview faces aggressive opposition Francis J Beckwith William Lane Craig and J P Moreland assembled the essays in this book covering all major aspects of apologetics to help you make a more coherent defense for the Christian faith Three Cities D. K. Matthews, 2024-08-20 A central question for Judeo Christian faithful is Are we living in the age of antichristism or kingdom influence Can we salt and light entire cities and civilizations as Martin Luther King Ir hoped or with D L Moody should we simply save as many as we can from our rapidly sinking planet Over the years Christians have wrestled with the question and reached different conclusions Augustine's and Oliver O Donovan's answer to the question birthed The City of God and The Desire of Nations Miguez Bonino s and Grace Ji Sun Kim s Marxist influenced liberationist answers produced Toward a Christian Political Ethics and the post truth Intersectional Theology Former socialist Michael Novak s plea was to revive The True Spirit of Democratic Capitalism Jonathan Cahn and Frank Peretti by contrast predicted that we

have entered the age of This Present Darkness amidst The Return of the Gods Peretti's and Cahn's wildly popular future visions built upon Hal Lindsey's dated assurance and false prediction that true believers would be raptured in the last decade of The Terminal Generation 1980s Douglas Matthews offers a new route through the maze and discerningly answers this perennial question by boldly offering a Third City future vision option for effective kingdom influence amidst accelerating The Message Behind the Movie—The Reboot Douglas Beaumont, 2022-04-11 When it comes to movies people of faith often focus on negative assessments of the film industry and certain style elements that they find objectionable such as violence nudity or harsh language While these criticisms are important they are not the whole story A film's message and its method are not always the same thing By discussing the cinematic techniques and the genre considerations filmmakers use to communicate their ideas this book helps Catholics and other Christians to become informed viewers Douglas Beaumont shows how to evaluate the stories that movies tell and how to discern what they say about reality God and what it means to be human At the same time he illustrates how movie watchers can engage in thoughtful lively discussions about not only film but also the big questions in life Zionism Vs. the West Jonas E. Alexis, 2018-04-03 A person can be brought into bondage in two different ways by force or by his own will Force is a crude way of bringing a person into submission but using the persons own free will can be done sophistically and covertly Under the banner of democracy and freedom America has been under the bondage of what E Michael Jones has aptly called sexual liberation and political control for over fifty years In the first two volumes of the trilogy Alexis explored these ideological themes In this last volume he expands on some of those pernicious ideas emphasizing how Zionism for over sixty years has shaken the moral philosophical and intellectual foundation of much of Western culture The Iraq War alone will cost America at least six trillion dollars and as if to prove that America is still in bondage the oppressors continue to use sophisticated means to seduce Americans so that perpetual wars will never cease to exist in the Middle East and in much of the world This book will seek to address these and related issues and in the process tell us something about the fundamental nature of reality and how to approach this cosmic conflict which has dominated the West for over a thousand years Intentional Parenting Tad Thompson, 2011-02 There are thousands of books on how to live the Christian life At lest couple of dozen of these books involving family life and child training are well worth reading This book will allow you to take what you have read and all the sermons teachings and exhortations you have received on family discipleship and make sense of it Book jacket
