Most Valuable Gare Joyce,2019-10-29 1 National Bestseller This hockey generation s brightest talent has been plagued by concussions Now the very style of play that has brought Crosby such success may be heralding the end of his career Sidney Crosby is arguably the best player ever to put on skates You could argue that Bobby was better or Wayne or Gordie But it would be hard to argue that any of those guys changed the game as much as Sid No defenceman came along in Bobby s wake to play like him There will never be another 99 But in Crosby s case the entire league was re made in his image The game can be divided into two eras before and after Sidney Crosby arrived in 2005

breaking Mario Lemieux's rookie scoring record Says NHL star Matt Duchene who entered the league in 2008 just three years after Crosby Just in the time that I was going from peewee and bantam to junior there was a whole other game before and after You didn't have a choice really you had to adapt and adopt the way he did things or get left way behind In an effort to keep up with Sid the game changed It's faster now more skilled There are more highlight reel goals and fewer fights And in many ways Crosby has thrived Three Stanley Cups Two Olympic gold medals A World Cup And enough individual trophies to fill a truck But then if Crosby hadn't changed the league he might expect a longer career Today Sidney Crosby is the first generational superstar whose every shift could be his last He invented a faster game and the faster game has taken its toll on its creator Crosby has suffered several concussions and missed most of an entire season with symptoms He plays the game fearlessly but he also plays it without a bodyguard The irony is that he created a league that made it harder for him to thrive And the tragedy may be that he has created a league that will bring his career to an end in one fell swoop in front of millions Telling the story of a generational talent and the way he has revolutionized the game Gare Joyce will also bring into focus crucial questions about the way the game is played today assessing fighting and concussions in the light of the way these issues impinge on arguably the greatest player ever to skate
