Samesex Matters The Challenge Of Homosexuality:

Homosexuality in Contemporary Indian Literature : Issues and Challenges Dipak Giri, 2019-01-01 Since there is rarity and non availability of book compiling the works of contemporary Indian writers on the theme of homosexuality the book *Homosexuality in Contemporary Indian Literature Issues and Challenges* is prepared in such a way as to meet this paucity Authors are hopeful that the book with its diversity of topics will instill knowledge into the critical minds and explore many unexplored areas of gender and sexuality

Scripture, Ethics, and the Possibility of Same-Sex Relationships Karen R. Keen, 2018-10-11 WHEN IT COMES TO SAME SEX RELATIONSHIPS this book by Karen Keen contains the most thoughtful balanced biblically grounded discussion you re likely to encounter anywhere With pastoral sensitivity and respect for biblical authority Keen breaks through current stalemates in the debate surrounding faith and sexual identity The fresh evenhanded reevaluation of Scripture Christian tradition theology and science in Keen s *Scripture Ethics and the Possibility of Same Sex Relationships* will appeal to both traditionalist and progressive church leaders and parishioners students of ethics and biblical studies and gay and lesbian people who often feel painfully torn between faith and sexuality

Same-sex Matters Christopher Wolfe, 2000 A response to the homosexual movement Back cover [The Political Economy of Same-Sex Marriage](#) Bronwyn Winter, 2020-12-29 Same sex marriage is now legal in twenty nine countries and the subject of continued debate around the world *The Political Economy of Same Sex Marriage A Feminist Critique* considers this debate from a political economy perspective Rather than engaging directly in the now well rehearsed social movement and academic for and against debates this book focuses on processes of institutionalization of same sex marriage and so called rainbow families within neo liberal capitalist democracies It examines how states and markets appropriate same sex marriage and family to enhance their own political and symbolic capital consolidating power and profit within existing systems of gendered and raced socioeconomic stratification Taking a radical feminist heterodox qualitative and intersectional approach this book investigates the political economy of same sex marriage across three axes same sex marriage as institution same sex marriage and the market and the political economy of the rainbow family The examination of case studies from different countries and regions enables a comparative analysis that foregrounds cultural political and economic path dependencies while at the same time highlighting a number of striking commonalities In all the countries discussed in this book and in most respects same sex marriage has been integrated almost seamlessly into a mainstream malestream political economy of marriage and family and its translation into added market and productive value *The Political Economy of Same Sex Marriage A Feminist Critique* will be of use to researchers and students alike and indeed to all those who are curious about the mainstreaming of homosexuality within twenty first century capitalist democracies

From Civil Partnership to Same-Sex Marriage Nicola Barker, Daniel Monk, 2015-04-17 The Civil Partnership Act 2004 and the Marriage Same Sex Couples Act 2013 are important legal social and historical landmarks rich in symbolic material and cultural meanings While fiercely opposed by many within mainstream narratives they are often represented as a victory in a legal reform process that commenced with the decriminalisation of homosexuality Yet at the same time for others they represent a problematic and ambivalent political engagement with the institution of marriage Consequently understood or labelled as revolutionary progressive and conservative these legal reforms provide a space for thinking about issues that arguably affect everyone regardless of sexual orientation or relationship status This edited collection brings together scholars and commentators from a range of backgrounds generations and disciplines to reflect on the first ten years of civil partnerships and the introduction of same sex marriage Rather than rehearsing the arguments for and against relationship recognition the essays ask original questions draw on a variety of methods and collectively provide a detailed and reflective snap shot of a critical moment a history of the present as well as providing a foundation for innovative ways of thinking about and engaging with the possibilities and experiences arising from the new reality of relationship recognition for gays and lesbians

Global Issues Shirley A. Fedorak, 2013-11-29 Global Issues is a pedagogically rich text that offers a unique way of looking at contemporary issues such as food security and global conflict from a cross cultural and multidisciplinary perspective By exploring each issue in depth students gain an applied understanding of more abstract concepts like conflict globalization culture imperialism human rights and gender while the cross cultural approach encourages students to view the world from outside the Western box Designed for introductory level students in global and international studies human geography anthropology sociology and development studies this highly accessible text offers instructors and students a unique way of matching the concepts they learn in the classroom with important issues in the world in which they live and work

Current Issues in Lesbian, Gay, Bisexual, and Transgender Health Jay Harcourt, 2013-04-11 Learn what resources are needed for lesser recognized LGBT health issues Most literature that explores LGBT health issues concentrates on HIV AIDS while leaving research studies on other vital issues lacking Current Issues in Lesbian Gay Bisexual and Transgender Health addresses this inadequacy by presenting a broad range of LGBT health issues from an interdisciplinary and mixed method perspective Leading experts present both quantitative and qualitative descriptions of health issues among various population groups focusing on those topics poorly represented in present day literature This book is a strong start to fill in the blanks about unrealized health issues of LGBT individuals and offers insights into the resources needed to address them Methods to assess sexual orientation and gender identity are not normally found in most population based research Because of the diversity within the relatively small LGBT population research has been forced to generalize making it less likely to effectively contribute to quality health issue data for these

individuals The research presented in Current Issues in Lesbian Gay Bisexual and Transgender Health takes particular care to specify how the orientation and sexual identity of study participants was measured This book carefully mines previously unrevealed health disparities among LGBT populations across a broad spectrum of diseases beyond the standard focus on HIV AIDS The most current and important studies are presented including rare research on transgender health issues The chapters are extensively referenced and several include figures and tables to clarify and enhance understanding of the information The wide range of topics in Current Issues in Lesbian Gay Bisexual and Transgender Health include the inclusion of sexual orientation questions in research studies comparison of mental health issues between women of different sexual orientations mental health issues among men of different sexual orientations and HIV status in Australia the impact of sexual identity distress and social support in GLBT youth issues transgender youth health issues female to male FTM transexuals experiences accessing health care research on LBT domestic violence survivors health needs of male to female MTF transgenders of color Current Issues in Lesbian Gay Bisexual and Transgender Health is crucial thought provoking reading for researchers working in LGBT health public health professionals working in community health and LGBT health policymakers advocates public health and community health faculty and students interested in LGBT health issues

LGBT-Parent Families Abbie E. Goldberg, Katherine R. Allen, 2012-10-12 LGBT Parent Families is the first handbook to provide a comprehensive examination of this underserved area Reflecting the nature of this issue the volume is notably interdisciplinary with contributions from scholars in psychology sociology human development family studies gender studies sexuality studies legal studies social work and anthropology Additionally scholarship from regions beyond the U S including England Australia Canada and South Africa is presented In addition to gender and sexuality all contributors address issues of social class race and ethnicity in their chapters

The Same Sex Controversy James R. White, Jeffrey D. Niell, 2002-04-01 In the guise of tolerance Hollywood and modern culture have granted alternative lifestyle status to a behavior condemned by Scripture In the Same Sex Controversy the authors clarify and defend the Bible s stand on homosexuality as they expand on key passages Subjects include the basis of biblical morality biblical teaching on marriage and sexuality the new homosexual apologist and both Old and New Testament witnesses against homosexuality They also provide information on how to lovingly and biblically reach out to those caught up in its grip

Neurointerventions and the Law Nicole A Vincent, Thomas Nadelhoffer, Allan McCay, 2020-03-20 This volume makes a contribution to the field of neurolaw by investigating issues raised by the development use and regulation of neurointerventions The broad range of topics covered in these chapters reflects neurolaw s growing social import and its rapid expansion as an academic field of inquiry Some authors investigate the criminal justice system s use of neurointerventions to make accused defendants fit for trial to help reform convicted offenders or to make condemned inmates sane enough for execution while others interrogate the use regulation and social impact of cognitive enhancement medications and devices Issues raised by neurointervention based gay conversion therapy

efficacy and safety of specific neurointervention methods legitimacy of their use and regulation and their implications for authenticity identity and responsibility are among the other topics investigated Dwelling on neurointerventions also highlights tacit assumptions about human nature that have important implications for jurisprudence For all we know at present such things as people s capacity to feel pain their sexuality and the dictates of their conscience are unalterable But neurointerventions could hypothetically turn such constants into variables The increasing malleability of human nature means that analytic jurisprudential claims true in virtue of meanings of jurisprudential concepts must be distinguished from synthetic jurisprudential claims contingent on what humans are actually like Looking at the law through the lens of neurointerventions thus also highlights the growing need for a new distinction between analytic jurisprudence and synthetic jurisprudence to tackle issues that increasingly malleable humans will face when they encounter novel opportunities and challenges

Handbook of Childhood Behavioral Issues Thomas P. Gullotta,Gary M. Blau,2016-12-01 This handbook highlights present day information and evidence based knowledge in the field of children s behavioral health to enable practitioners families and others to choose and implement one of many intervention approaches provided Using a standardized format best practices for the prevention and treatment of many childhood behavioral disorders are identified based on current research sound theory and behavioral trial studies This revision includes an integration of the DSM 5 diagnostic manual and new chapters on childhood psychosis and military families and a thorough updating of the research in the previous edition

The Social Science of Same-Sex Marriage Aaron Hoy,2022-01-29 Showcasing research from across the social sciences this edited volume seeks to provide readers with an empirically grounded sense of how many lesbian gay bisexual and transgender LGBT people marry in the US and Canada what their marriages look like and how LGBT people themselves are impacted by marriage and marriage equality Prior to marriage equality lawmakers and activists across the political spectrum debated whether same sex couples should have the legal right to marry and likewise academic research to date has focused mostly on the politics of same sex marriage However this edited volume focuses on LGBT people themselves and their intimate relationships in the era of marriage equality Including both quantitative and qualitative social science research it features 14 primary chapters that examine a diverse set of topics including demographic patterns in same sex marriage and cohabitation marital aspirations and motivations among LGBT people arrangements and dynamics within same sex relationships and the legal benefits and informal privileges associated with marriage The edited volume will be of interest to scholars across a wide range of disciplines including sociology psychology child and family studies communications social work and economics while also offering valuable information for laypeople generally interested in families and or LGBT studies
