Sample Cataloguing Forms Robert B. Slocum, Lois Hacker, 1968 *Monthly Catalogue, United States Public Documents*, 1978 Apollo 11 Lunar Sample Information Catalogue, Revised, 1977 **An HR Guide to Workplace Fraud and Criminal Behaviour** Michael J. Comer, Timothy E. Stephens, 2004 It is reliably estimated that over 70 per cent of all job applications contain misleading information. If that was the limit of deception at work faced by HR and line managers then maybe things wouldn't be too bad. But deception isn't limited simply to the area of recruitment; there's also absenteeism, minor theft, misuse of information, not to mention the tissue of half truths and falsehoods thrown up by an employee seeking to camouflage theft responsibility for a fatal accident or a multi million pound fraud. *An HR Guide to Workplace Fraud and Criminal Behaviour* is full of advice, best practice and case studies of deception from around the world. In fact, everything you need to protect your workplace and the employees within it from incompetent or dangerous co-workers, theft, violence and criminality in all its forms, ensure your company's continued reputation and compliance with employment criminal and other legislation, safeguard your shareholders or other stakeholders from the consequences of fraud litigation or other loss. HR managers have an important part to play both in ensuring the ethical development of any organization and in protecting that organization from dishonest employees. Michael Comer and Timothy Stephens' book offers a definitive guide to meeting these responsibilities. **Head on** **Archaeologist's Fieldwork Guide** Barbara Ann Kipfer, 2023-01-24 The new edition of the most comprehensive practical and user friendly guide of its kind providing quick reference to the information needed by archaeologists doing fieldwork. New and updated coverage includes flotation samples and processing, oxidizable carbon ratio dating, phytolith sampling and water screening. Covers classification and typology, creating forms and records, measurement and conversion, laboratory handling and processing, artifact mapping, drawing and photographing. Offers new and updated material on legislation regarding archaeological fieldwork and emerging topics such as community engagement and public archaeology. Provides up to date definitions and explanations of key terms and new diagrams, line drawings and glosses.
