Electronic Church in the Digital Age Mark Ward Sr., 2015-11-10 This two volume set investigates the evangelical presence in America as experienced through digital media examining current evangelical ideologies regarding education politics family and government Evangelical broadcasting has greatly expanded its footprint in the digital age This informative text acquaints readers with how the electronic church of today spreads its message through Internet podcasts social networking religious radio programs and televised sermons how mass media forms the institution s modern identity and what the future of the industry holds as mobile church apps Christian based video games and online worship become the norm The work split into two volumes reveals the ways that the Christian broadcast community affects evangelical traditions and influences American society in general Volume 1 explores how electronic media shapes today s Christian subculture while the second volume describes how the electronic church impacts the wider American culture analyzing what key figures in evangelical mass media are saying about today s religious political economic and social issues The set concludes by addressing criticism about religious media and the prospects of American public discourse to accomodate both secular and religious voices

Inside the Machine: Art and Invention in the Electronic Age Megan Prelinger, 2015-08-17 A visual history of the electronic age captures the collision of technology and art and our collective visions of the future A hidden history of the twentieth century s brilliant innovations as seen through art and images of electronics that fed the dreams of millions A rich historical account of electronic technology in the twentieth century Inside the Machine journeys from the very origins of electronics vacuum tubes through the invention of cathode ray tubes and transistors to the bold frontier of digital computing in the 1960s But as cultural historian Megan Prelinger explores here the history of electronics in the twentieth century is not only a history of scientific discoveries carried out in laboratories across America It is also a story shaped by a generation of artists designers and creative thinkers who gave imaginative form to the most elusive matter of all electrons and their revolutionary powers As inventors learned to channel the flow of electrons starting revolutions in automation bionics and cybernetics generations of commercial artists moved through the traditions of Futurism Bauhaus modernism and conceptual art finding ways to link art and technology as never before A visual tour of this dynamic era Inside the Machine traces advances and practical revolutions in automation bionics computer language and even cybernetics Nestled alongside are surprising glimpses into the inner workings of corporations that shaped the modern world AT T General Electric Lockheed Martin While electronics may have indelibly changed our age Inside the Machine reveals a little known explosion of creativity in the history of electronics and the minds behind it

Fresh Expressions in a Digital Age Michael Adam

Beck, Rosario Picardo, 2021-01-19 Fresh Expressions is a canary in the coal mine alerting congregations to reevaluate what

the Church is where and when it can happen and who can lead it Church as we know it is inaccessible to most people A fundamental premise of the movement is that Church can become accessible again by emerging in every nook and cranny where life already happens Fresh Expressions is based in simplification returning to basic scriptural principles and a recovery of a priesthood of all believers in the three places where people live and relate to others First Place The home or primary place of residence Second Place The workplace or school place Third Place The public places separate from the two usual social environments of home and workplace which host regular voluntary informal and neutral spaces of communion and play Examples are environments such as cafes pubs theaters parks and so on During a pandemic our two primary mission spaces were closed off the second and third places were shut down We couldn't have Tattoo Parlor Church the tattoo parlor was closed We couldn't gather in Moe's Southwest Grill for Burritos and Bibles they were doing take out only The dog park was empty no Paws of Praise This limited us to the only spaces we have left the first place or the home place The digital place or the space of flows This forces us into recognizing the digital space as its own kind of third place a new missional frontier
