The Washingtons. General Index, A-K Justin Glenn,2018-04-26 Published in two parts the General Index of all Washington descendants and their spouses completes a ten volume history that traces the Presidential Line of the Washington family in America Volume one began with the immigrant John Washington who settled in Westmoreland County Va in 1657 married Anne Pope and became the great grandfather of President George Washington It contained the record of their descendants for a total of seven generations Subsequent volumes two through eight continued this family history for an additional eight generations also highlighting most notable members volume two
