Lost City Discovering The Forgotten Virtues Of Community In The Chicago Of The 1950s:

The Lost City Alan Ehrenhalt, 1995-09-07 Ehrenhalt explores an almost forgotten era the 1950 s by studying three Chicago area communities St Nicholas of Tolentine parish on the southwest side Bronzeville where most of Chicago s blacks were forced to live and Elmhurst an older western suburb

The Lost City Alan Ehrenhalt, 1996-08-23 Millions of Americans yearn for a lost sense of community for the days when neighbors looked out for one another and families were stable and secure The 1950s are regarded as the golden age of community but 1960s rebellion and 1980s nostalgia have blurred our view of what life was really like back then In The Lost City Alan Ehrenhalt cuts through the fog immersing us in the sights sounds and rhythms of life in America forty years ago He takes us down the streets and into the homes schools and shops of three neighborhoods in one quintessentially American city Chicago In St Nicholas of Tolentine parish on the Southwest Side we see how the local Catholic church served as the moral and social center of community life In Bronzeville the heart of the black South Side we meet the civic leaders who offered hope and role models to people hemmed in by poverty and segregation And in Elmhurst a commuter suburb bursting with new subdivisions we witness the culture of middle class conformity and the ways in which children and adults bent to the rules of the majority culture Through evocative stories and incisive analysis Ehrenhalt shows that the glue holding each neighborhood together was an unstated social compact under which people accepted limits in their lives and deferred to authority figures to enforce those limits a compact destroyed by the baby boomers rejection of authority in the 1960s Since that time an entire generation has come to believe that personal choice is the most important of life s values But Ehrenhalt argues that if we truly wish to balance the demands of modern life with a feeling of community we have a great deal to learn from the limited life of the 1950s The Lost City reveals the price we must pay to restore community in our lives today and the values that will make such a restoration possible

Public Religion and Urban Transformation Lowell W Livezey, 2023-11-21 American cities are in the midst of fundamental changes De industrialization of large aging cities has been enormously disruptive for urban communities which are being increasingly fragmented Though often overlooked religious organizations are important actors both culturally and politically in the restructuring metropolis Public Religion and Urban Transformation provides a sweeping view of urban religion in response to these transformations Drawing on a massive study of over seventy five congregations in urban neighborhoods this volume provides the most comprehensive picture available of urban places of worship from mosques and gurdwaras to churches and synagogues within one city Revisiting the primary site of research for the early members of the Chicago School of urban sociology the volume focuses on Chicago which provides an exceptionally clear lens on the ways in which religious organizations both reflect and contribute to changes in American pluralism From

the churches of a Mexican American neighborhood and of the Black middle class to communities shared by Jews Christians Hindus and Muslims and the rise of megachurches Public Religion and Urban Transformation illuminates the complex interactions among religion urban structure and social change at this extraordinary episode in the history of urban America
