## **Lost Tomb Of Viracocha Unlocking The Secrets Of The Peruvian Pyramids:**

**The Lost Tomb of Viracocha** Maurice Cotterell, 2002-01-07 For centuries scholars have been baffled by Inca accounts that spoke of legendary white gods that walked the lands of South America performing miracles Stranger still were the carvings left by the mysterious civilisations of Tiahuanaco thought to be the most ancient site on earth It was believed the codes could never be broken But now for the first time ever Maurice Cotterell unlocks the secrets of the Inca and discovers the treasure filled tombs of Viracocha Pachacamac and Viracocha The story of the white gods was not a myth after all These two great sun kings who side stepped the annals of history actually lived and walked the lands of Peru over 1 500 years ago

*The Lost Tomb of Viracocha* Maurice Cotterell, 2003-02-20 Bestselling author of *The Tutankhamun Prophecies* decodes the spiritual mysteries hidden within the recently discovered Mochian pyramids in Sipan Reveals that ancient Inca sun kings possessed the same solar science as Lord Pacal of Mexico and Tutankhamun of Egypt Solves the mystery of the ancient Inca legend concerning a white god who traveled through ancient Peru healing the sick and restoring sight to the blind Inca mythology tells of a tall white leader who wandered along the coast performing miracles a man they called Viracocha Pachamac which means God of the World Centuries later another great miracle worker similar to the first appeared and wandered the countryside healing the sick and restoring sight to the blind He too was named Viracocha These accounts have long baffled scholars as have the carvings left by the people of Tiahuanaco who preserved these legends Now Maurice Cotterell who cracked the codes hidden in both ancient Maya carvings and the treasures of Tutankhamun unlocks the secrets concealed within the treasure filled tombs of Viracocha Pachamac and Viracocha His investigation of these tombs held within the long lost pyramids of Peru proves that these two figures were not myth but actually existed 1 500 years ago The two Viracocha sun kings had much in common with Lord Pacal of Mexico and Tutankhamun of Egypt and like them left the secrets of a super solar science encoded in their treasures This science reveals the intimate connection between the cycles of life and birth on Earth and solar activity such as sunspots More important it holds the key to reincarnation and human spiritual realization with answers to the spiritual mysteries of life and death *Beyond 2012: Catastrophe or Awakening?*

Geoff Stray, 2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions

indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date *The Terracotta Warriors* Maurice Cotterell, 2004-03-25 Explains esoteric secrets of the sacred solar science encoded in the massive army of terracotta warriors that guards the tomb of Chinese emperor Ch in Shi Huangdi Decodes the farewell message of the first emperor of China concealed more than 2 000 years ago in the 8 000 terracotta warriors that guard his tomb Shows the spiritual principles of this sacred solar science and its remarkable insights into heaven hell and the immortality of the soul Latest book by the bestselling author of *The Tutankhamun Prophecies* and *The Lost Tomb of Viracocha* When the first emperor of unified China Ch in Shi Huangdi felt his death approaching he decreed that he be entombed within a pyramid and that his tomb be protected by an immortal army of terracotta soldiers In 1974 archaeologists discovered the first of more than 8 000 life size terracotta warriors each weighing half a ton buried circa 220 B C E near this emperor's pyramid tomb Maurice Cotterell shows how Shi Huangdi like the pharaoh Tutankhamun the Mayan lord Pacal and Viracocha in Peru was a keeper of the sacred solar science of the ancients a science that included a sophisticated understanding of the effect of the sun on earthly affairs fertility rates and personality The keepers of this science taught that the soul was immortal and was destined to transform into star energy or be reborn on Earth depending on an individual's spiritual progress in his or her lifetime Using his unique understanding of how and why ancient civilizations encoded this extraordinary knowledge Cotterell decodes the emperor's farewell message concealed in the terracotta warriors a message that reveals the true purpose of life and the imperishable nature of the soul *Encyclopedia of Mythological Objects* Theresa Bane, 2020-06-22 Curious about the chains that bound Fenriswulf in Norse mythology Or the hut of Baba Yaga the infamous witch of Russian folklore Containing more than one thousand detailed entries on the magical and mythical items from the different folklore legends and religions the world over this encyclopedia is the first of its kind From Abadi the named stone in Roman mythology to Zul Hajam one of the four swords said to belong to the prophet Mohammed each item is described in as much detail as the original source material provided including information on its origin who was its wielder and the extent of its magical abilities The text also includes a comprehensive cross reference system and an extensive bibliography to aid researchers *Raised Field Technology* Arthur Stephen Morris, 2004 During the Inca Empire and indeed in the previous centuries the harsh climate and difficult physical environment of the Andean plateau around Lake Titicaca sustained a population many times larger than the one struggling to sustain itself in more recent times Academics began studying this in the late 1960s

and discovered that the Incas and their forefathers had used a complex system of raised fields and irrigation canals to obtain high yields from their crops This technology seems to have been lost after the Spanish conquest the Peruvian and Bolivian governments as well as international NGOs which have set about reintroducing this system of farming along with the traditional Andean wonder crops such as quinoa canilua and amaranth This book presents a critical analysis of these raised field projects setting them in context and taking into consideration factors such as agrarian reforms and counter reforms the psychology of aid dependency and the limited remit of the agencies It shows that very few of the raised field projects have led to permanent cultivation and explains the failures in terms of a variety of standard factors a more integrated approach which recognizes the integrated nature of society and economy in the traditional communities and the existence of a rounded Andean technology of which the raised fields comprise only one part Colin Wilson, the First Fifty Years Colin Stanley,2006 Published to coincide with the 50th anniversary of *The Outsider* this comprehensive annotated bibliography of primary and secondary sources has been fully revised and updated incorporating an author chronology and an exhaustive index Aimed at scholars collectors and fans worldwide it also includes details of non English translations of Wilson s work
