accounts some mythologists have looked at the minor differences in the stories and declared This never happened There is another alternative to accept that the different versions all refer to the same event passed on from generation to generation through various developing cultures Through these legends this epic event has remained woven into the tapestry of cultural history sharing not just the story of survival but the power of obedience and the fulfillment of God s enduring promise

The Last Noah David Cuff,2019-10-08 The Last Noah is a unique take on the sci fi genre that throws questions at you from the word go Robin and Miranda go to bed in their separate rooms but wake up somewhere else Somewhere that is alien and way outside their comfort zone However as they discover more about their new surroundings and have several unusual and action packed adventures they begin to suspect that all may not be as it first seemed As the days progress their passion for each other grows as their relationship develops emotionally and physically However is someone or something watching them Why do they keep discovering things that don t feel right And what s the story behind the various androids who they meet during their adventures Follow the mysterious adventures of our two unwilling space travellers and discover what is really going on Some more reviews from other sales sites An unseen presence consistent and ever present drives the story forward with a strong sense of mystery and a need to know more Interesting plotline with masterful twists and turns that are tied up in a nice bow at the end The Last Noah by David Cuff is a worthy sci fi novel Puzzling at times mysterious and absolutely captivating I read the entire book in one day entranced all the way through This wonderful ability to relate the story so finely by Cuff adds immense enjoyment to the overall reading experience The Last Noah is a fine addition to anyone s book collection who loves a good space adventure [View from the Ark](#) Diana Prince,2015-03-12 About the Book View from

Ancient Aliens and Secret Societies Mike Bara, 2015-03-17 Did ancient visitors of extraterrestrial origin come to Earth long long ago and fashion man in their own image? Did they then lift the human race out of the ashes of a great global catastrophe around 10,500 BC? Were the science and secrets that they taught the ancients intended to be a guide for all humanity to the present era? Was this crucial information about our future and our true past hijacked by secretive cabals, some with bad intent and some with altruistic designs, who have held these secrets over the millennia? New York Times bestselling author Mike Bara says the answer to each of these questions is yes. He examines ancient documents including the Bible to delve into the true story of the beginnings of mankind. He establishes the reality of the major catastrophe that jolted the human race and traces the history of secret societies from the priesthood of Amun in Egypt to the Templars in Jerusalem and the Scottish Rite Freemasons. He shows how the spiritual wisdom and scientific knowledge the ETs sought to bestow on all humanity were kept by these secret societies for their own benefit. The influence of these sects and their extraterrestrial ties are said to be the stuff of myth, but Bara will show readers that this influence is all too real, extending even into the political arena. He has a very interesting take on the Kennedy assassination. Bara also reveals the true origins of NASA and exposes the bizarre triad of secret societies in control of that agency since its inception. In the end, Bara shows how NASA is manipulating the space program to fulfill occult purposes which may lead to our meeting the very ETs we have been inextricably linked with since the beginning.
