Meat Eating Animals:

Summary of Jonathan Safran Foer's Eating Animals by Milkyway Media Milkyway Media,2018-09-06 Eating Animals 2009 is a non fiction work that explores the ethics of modern omnivorism and examines the treatment of animals in industrial agrarian systems Novelist Jonathan Safran Foer who became a vegetarian after his son was born informs readers of the environmentally unsound and inhumane practices common to factory farms Purchase this in depth summary to learn more

Soil-Eating Animals Teresa Klepinger,2022-01-01 This title examines the insects mammals and birds that eat soil or dirt the reasons these animals do so and the ways people have used soil to improve health This book also includes a table of contents fun facts an Animal Spotlight special feature quiz questions a glossary additional resources and an index **The Ethics of Eating Animals** Bob Fischer,2019-09-05 Intensive animal agriculture wrongs many many animals Philosophers have argued on this basis that most people in wealthy Western contexts are morally obligated to avoid animal products This book explains why the author thinks that s mistaken He reaches this negative conclusion by contending that the major arguments for veganism fail they don t establish the right sort of connection between producing and eating animal based foods Moreover if they didn t have this problem then they would have other ones we wouldn t be obliged to abstain from all animal products but to eat strange things instead e g roadkill insects and things left in dumpsters On his view although we have a collective obligation not to farm animals there is no specific diet that most individuals ought to have Nevertheless he does think that some people are obligated to be vegans but that s because they ve joined a movement or formed a practical identity that requires that sacrifice This book argues that there are good reasons to make such a move albeit not ones strong enough to show that everyone must do likewise Should We Eat Animals? Andrew Langley,2008 These titles encourage critical thinking and debate by providing case studies historical contexts and individual opinions on each issue Readers are encouraged to think and express themselves independently evaluatively and critically At the end readers are left to make up their own minds having acquired transferable skills such as the ability to distinguish fact from opinion weigh up the strength of other people s arguments and recognize other people s assumptions **Can eating animal flesh ever be ethical?**

William Quan Judge,2017-12-17 *The Disneyfication of Animals* Rebecca Rose Stanton,2020-09-17 This book critically examines how Walt Disney Animation Studios has depicted and sometimes failed to depict different forms of harming and objectifying non human animals in their films Each chapter addresses a different form of animal harm and objectification through the theories of speciesism romanticism and the collapse of compassion effect from farming hunting and fishing to clothing work and entertainment Stanton lucidly presents the dichotomy between depictions of higher order anthropomorphised and neotonised animal characters and that of lower order species showing furthermore how these depictions are closely linked to changing social attitudes about acceptable forms of animal harm An engaging and novel contribution to the field of Critical Animal Studies this book explores the use of animals not only in Disney s best known

animated films such as 101 Dalmatians but also lesser known features including Home on the Range and Fun and Fancy Free A quantitative appendix supplying data on how often each animal species appears and the amount of times animal harm or objectification is depicted in over fifty films provides an invaluable resource and addition to scholars working in both Disney and animal studies

Ethics for A-Level Mark Dimmock, Andrew Fisher, 2017-07-31 What does pleasure have to do with morality What role if any should intuition have in the formation of moral theory If something is simulated can it be immoral This accessible and wide ranging textbook explores these questions and many more Key ideas in the fields of normative ethics metaethics and applied ethics are explained rigorously and systematically with a vivid writing style that enlivens the topics with energy and wit Individual theories are discussed in detail in the first part of the book before these positions are applied to a wide range of contemporary situations including business ethics sexual ethics and the acceptability of eating animals A wealth of real life examples set out with depth and care illuminate the complexities of different ethical approaches while conveying their modern day relevance This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies with a clear and practical layout that includes end of chapter summaries key terms and common mistakes to avoid It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate Ethics for A Level is of particular value to students and teachers but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies

Just Food Jill M. Dieterle, 2015-11-09 Who has access and who is denied access to food and why What are the consequences of food insecurity What would it take for the food system to be just Just Food Philosophy Justice and Food presents thirteen new philosophical essays that explore the causes and consequences of the inequities of our contemporary food system It examines why 842 million people globally are unable to meet their dietary needs and why food insecurity is not simply a matter of insufficient supply The book looks at how food insecurity tracks other social injustices covering topics such as race gender and property as well as food sovereignty food deserts and locavorism The essays in this volume make an important and timely contribution to the wider philosophical debate around food distribution and justice

Roaming Free Like a Deer Daniel Capper, 2022-03-15 By exploring lived ecological experiences across seven Buddhist worlds from ancient India to the contemporary West Roaming Free Like a Deer provides a comprehensive critical and innovative examination of the theories practices and real world results of Buddhist environmental ethics Daniel Capper clarifies crucial contours of Buddhist vegetarianism or meat eating nature mysticism and cultural speculations about spirituality in nonhuman animals Buddhist environmental ethics often are touted as useful weapons in the fight against climate change However two formidable but often overlooked problems with this perspective exist First much of the literature on Buddhist environmental ethics uncritically embraces Buddhist ideals without examining the real world impacts of those ideals thereby sometimes ignoring

difficulties in terms of practical applications Moreover for some understandable but still troublesome reasons Buddhists from different schools follow their own environmental ideals without conversing with other Buddhists thereby minimizing the abilities of Buddhists to act in concert on issues such as climate change that demand coordinated large scale human responses With its accessible style and personhood ethics orientation *Roaming Free Like a Deer* should appeal to anyone who is concerned with how human beings interact with the nonhuman environment ***Eating Animals*** Jonathan Safran

Foer,2010-03-04 *Eating Animals* is a riveting expos which presents the gut wrenching truth about the price paid by the environment the government the Third World and the animals themselves in order to put meat on our tables more quickly and conveniently than ever before Interweaving a variety of monologues and balancing humour and suspense with informed rationalism *Eating Animals* is as much a novelistic account of an intellectual journey as it is a fresh and open look at the ethical debate around meat eating Unlike most other books on the subject *Eating Animals* also explores the possibilities for those who do eat meat to do so more responsibly making this an important book not just for vegetarians but for anyone who is concerned about the ramifications and significance of their chosen lifestyle **Feminist Animal Studies** Erika

Cudworth,Ruth E. McKie,Di Turgoose,2022-12-30 This book explores human animal relations and species based domination at the intersection of feminism with critique of our domination and exploitation of nonhuman animals in conversation with power dynamics around coloniality and race class sexuality and embodiment The collection demonstrates the continued vital importance of feminism conceptually and theoretically methodologically and politically to the development of animal studies Feminism has made an incisive critique of the ways in which gender and other intersecting differences and inequalities are constitutive of our destructive exploitative and often violent relationships with nonhuman worlds An international group of scholars and activists showcase new work revisiting and extending established debates while negotiating new paths Amongst the issues addressed in this collection will be questions of animal being and animal rights caring relations the relationships between activism and theory interspecies sexual violence tension in the animal defence movement around body politics gender politics and professionalisation different spaces of gender and animal relations from social media to sexology safe spaces and sanctuaries spaces of home both in times of business as usual and in times of lockdown This multidisciplinary volume will be essential reading to students and academics working in the fields of cultural studies criminology geography history law philosophy politics and sociology with interest in gender environmentalism and animal studies The editors work in the School of Applied Social Sciences at De Montfort University Leicester UK and share interests in gender and species violence environmental harms social justice matters and intersected inequalities **Eating and Believing** David

Sustainability Minna Kanerva,2021-06-18 Social practice theories help to challenge the often hidden paradigms worldviews

and values at the basis of many unsustainable practices Discourses and their boundaries define what is seen as possible as well as the range of issues and their solutions By exploring the connections between practices and discourses Minna Kanerva develops a conceptual approach enabling purposive change in unsustainable social practices Radical transformation towards new meatways is arguably necessary yet complex psychological ideological and power related mechanisms currently inhibit change

Animals, Animality and Controversy in Modern Welsh Literature and Culture Linden Peach,2022-11-15 This is the first study of the representation of animals and animality in Welsh literature It introduces the reader to key ideas and concepts from the new and fast growing field of animal studies and suggests how Welsh rural and urban history might be redrawn from the perspective of animals and their agenda It provides new and exciting insights into a range of Welsh writings about animals and examines how Welsh literature explores ways of thinking about intelligence sensibilities and knowledge from an animal perspective The book introduces readers to the concept of a relational universe in which all life is bound together through a network of relations and connections and illustrates its importance to animal studies and Welsh writing
