Found at Sea Mike Breslin, 2003-08-05 An Old Fashioned Sea Adventure with Modern Romantic and Philosophical Overtones A filmmaker Kevin McCall is lost in life Faced with the tragic death of his wife depression and mid life crisis he liquidates his assets and in desperation takes a berth as an ordinary seaman on a container ship Just as his creative spirit begins to revive he is blown overboard in a Pacific typhoon and is saved by a floating container What he finds inside that container both saves his life and endangers it tests his manhood explores the ancient legends of Polynesia changes his identity challenges his creativity leads to true love with a princess nearly kills him revives his lust for life and finally gives him the peace joy and philosophical understanding that only self discovery can reveal All this and more are in *Found at Sea* The adventure continues in the sequel *Mystery of the Fjord Tide* *Beyond the Fog (The Charmed Fjords Book 1): A Romantic Fantasy Adventure* Marina Surzhevskaya, 2021-07-13 For centuries the civilized hi tech world of the Confederation

has existed alongside the uncharted lands where no man has ever trodden before An impermeable magic wall of Great Fog conceals mysterious fjords inhabited by what is believed to be savage barbarians But are they The first Confederate expedition heads for the charmed fjords bent on finding out their true nature Olivia Orway joins it as a young talented anthropologist trying to put the secret of her tragic past behind her What she discovers beyond the magic wall of fog is an incredible world of lakes and cliffs inhabited by the ilgs a race whose origins are shrouded in mystery Olivia is about to learn the secrets of this lost part of the world She s going to meet Sverr the Lord of the Fjords and what she s about to discover is going to forever change her perspective making her a different person One of the most striking romantic fantasy bestsellers now available in English This book makes part of The Charmed Fjords series Each novel introduces new main characters unveiling more mysteries of the world beyond the Great Fog Beyond the Fog is a standalone novel with a completely self contained plot set in the author s fantasy world The Mystery of the Sea; a Novel Bram Stoker,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1902 edition Excerpt the inside there were two iron handles let into the stone for the purpose I cannot say I was at ease in my mind I was however determined to go on and with a prayer to God for protection and a loving thought of Marjory I went on my way The passage was doubtless of natural origin for it was evident that the seams in the rock were much like those on the coast where the strata of different geological formations joined Art had however improved the place wonderfully Where the top had come too low it had been quarried away the remnants still lay adjacent where the cave broadened out The floor where the slope was steep was cut into rough steps Altogether there were signs of much labour in the making of the passage As I went down I kept an eye on the compass whenever I came to a turn so that might have a rough idea of the direction in which I was going In the main the road with counterbalancing curves and angles led straight down When I had got to what I considered must be half way allowing for the astounding magnitude which seems to be the characterisation of even a short way under ground the passage forked and at a steep angle another passage lower and less altered than that along which had come turned away to the left Going a few feet up it I could hear the sound of running water This was evidently the passage to the reservoir CHAPTER XXXI MARJORY S ADVENTURE As I felt that time in which I had the passage all to myself was precious I turned back to the main way down The path was very steep and low and the rock underfoot was cut in rude steps as I held the lantern before me I had to droop it so that I could smell the hot metal where the flame touched the back It was indeed a steep and difficult way made **The Mystery of the Sea** Bram Stoker,1914
