Roman Catholic Church is the largest denomination with 1.1 billion adherents. Recently the pope Benedict XVI reasserted that the Catholic Church is the only true church founded by Christ. Today there is a pervasive indifference as to the question what is the true Christianity. This is a serious situation because there are numerous false or only partly true versions of Christianity. The author of this book attempts a critical appraisal of the Roman Catholic Church by the criteria of the Bible and history. The conclusion he reached is that the Catholic Church is a perversion of the Christianity of the New Testament. The author believes that he has substantiated the proposition that there are many unbiblical pagan elements in the Church. To give one example the monarchical papacy and the authoritarian church structure developed after the model of the authoritarian government of the ancient Roman Empire. No wonder that its official name is the Roman Catholic Church. A theologian and a minister. Received a doctorate in systematic theology from the University of Toronto. He did the ministerial work for 17 years in the United Church of Canada. Took early retirement in 1990 to study and write books which is he feels the talent and his main vocation he has received from God. He respects the Bible as containing the revealed word of God. According to the prophets of God justice and mercy and the pure preservation of the true religion of God are God's two major concerns. He believes that God's major concerns should be all Christians' major concerns as well. The Roman Catholic Church. A Critical Appraisal was written from that perspective in order to attest to the true religion of God and to keep Christians from heading onto the wrong path.

Is the Christian mystical tradition a relic of another time shaped by celibates for celibates unable to engage meaningfully with people of our time who embrace their corporeality and sexuality as crucial aspects of their journey towards union with God. This book reflects in serious theological depth and detail on the spiritual and sexual journeys of gay men of mature and committed Christian faith employing the Christian mystical tradition as the lens and the interlocutor in this process. This study examines the major themes and stages of the mystical tradition as outlined by Evelyn Underhill but also including more recent work by Ruth Burrows, Thomas Merton and Constance Fitzgerald. Using methods of qualitative research it then considers the texts of in-depth interviews conducted with men, most of whom are theologians or

spiritual leaders with a deep Catholic faith and all of whom are openly self affirmingly gay Finally it employs Ricoeur s hermeneutical theory to engage in a creative theological conversation between the traditional mystical stages and themes and these men s lives as described in their interviews This is a unique study that brings together ancient spirituality with contemporary lived religion As such it will be of interest to scholars of religious studies theology Christian mysticism and spirituality and queer studies It will be of particular interest to those teach spiritual direction and to all who seek new ways to engage with the spiritual lives of LGBTIQ people
