Paths To Peace Richard Smoke, Willis W Harman, 1987-09-02 **Paths To Peace** Richard Smoke, Willis W Harman, 2019-06-26 A primer on thinking about peace in a nuclear age this book describes the kinds of peace efforts that have been tried and those that might be tried from the highest echelons of government policymaking to the grassroots level of individual endeavour Its primary goal is to enable the reader to understand ways of eliminating the threat of nuclear war and to be empowered to take action The book describes and compares nine basic methods people have used to achieve peace ranging from such conventional approaches as the theories of deterrence and balance of power to more unconventional strategies such as nonviolent resistance Essentially all significant ideas for achieving and maintaining international peace fall into one of these nine categories or combine features from several Many have been tried but all clearly have been found wanting Yet the authors tone is one of optimism as they explore some of the major changes of the past quarter century They contend that these changes alter the balance of advantages and disadvantages among the various paths to peace so that what seemed partially workable in the past may not be appropriate to the present and what seemed totally impractical in the past might have a chance of working today The book concludes with a scenario that may make a stable peace possible in the foreseeable future *Bibliographic Guide to Education* ,2002 lists publications cataloged by Teachers College Columbia University supplemented by The Research Libraries of The New York Public Library Bulletin of the Public Affairs Information Service Public Affairs Information Service, 1988 **Global Mind Change** Willis W. Harman, 1988 *PAIS Bulletin* ,1988 **American Book Publishing Record** ,1987 **Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles **An Exploratory Study of the Feasibility of Achieving Sustainable Peace** Elizabeth Wynne, 1997 **Seven Paths to Peace** Rotary International, 2012-04-01 **The Path to Sustainable Peace** Drissa Kone, 2018-11-17 Conflict has always been an integral part of the human condition Any attempt to completely eradicate conflict between people sounds like a utopia Paradoxically the pursuit of sustainable peace and harmony between people has always been the ideal This book offers a solution to the fundamental question of the unending conflict between people Addressing conflict at its roots through a self transformative approach could be effective in making the world a better place There is no unity in resentment no forgiveness in revenge and no peace in war In this contemporary complex and diverse world a collective responsibility is required to engrave in human consciousness the greatest values of unity forgiveness and peace *Seven Paths to Peace* ,1972
