

POSITIVE ID REQUIRED

Before I notarize, I am required by law to demand personal appearance and identify all of my customers. Acceptable identification must meet the following requirements:

Government issued identification that

- ☒ Is current
- ☒ Contains the signature OR a photograph of the individual and
- ☒ Is satisfactory to the notary

Acceptable identification includes, but is not limited to:

- A US Passport or passport card
- A driver's license or non-driver identification card issued by a state or territory of the US
- A driver's license or non-driver identification card issued by a state or territory of Canada or Mexico as long as it uses letters, characters and a language that are read, written and understood by the notary
- An identification card issued by any branch of the US armed forces
- A Pennsylvania state and state-related university identification card

Henry Roscoe

Positive Id:

Personal Identification David J. Haas, 2024-03-04 Personal Identification Modern Development and Security Implications Second Edition explains how personal identification and REAL ID became part of the American fabric along with their past century's historical ID development. The development of the trusted and secure personal identification documents began with passports and has continued as social changes made IDs more essential. This book describes the convergence of technologies and hundreds of patents that produced our trusted and secure documents and IDs from our past right up through to today. Key factors that created today's need for public issued mass ID are addressed. Chronicles the effects of large and mobile populations beginning a century ago. Chronicles the effects of impersonal electronic computer communications at a distance and not face to face. The distribution of services and money by government agencies based on a person's identity including age and group criteria. Describes recent national security and terrorism concerns that necessitates the need to know You are who you say you are. Personal identification documents IDs and the societal need for trusted identification by the public is a relatively new social phenomenon. In 1900 most people did not need or have any IDs until passports with a photograph of the individual became mandatory when Great Britain entered World War I in 1914. In the United States the State issued driver's license is probably the only trusted ID in one's wallet today but they became trusted and secure documents only recently with the requirement for REAL ID. With the first photo driver's license issued by the State of Colorado in 1959 it took until 1984 for the last State New York 25 years later to comply. As a direct result of 9/11 where terrorists used fake driver's licenses to board planes Congress passed the Real ID Act in 2005 to make all State issued driver's licenses more trusted uniform and tamper resistant what is now called the Enhanced Driver's License with non drivers being issued Enhanced Identification Cards. And with this every US citizen can now possess a trusted and secure personal identification document. Personal Identification Second Edition chronicles the path of personal identification measures including the latest developments of Real ID. Scholars and professional security managers understand that stability security and safety necessitate these identity measures to ensure a safer America. The book explains the various stages and advances providing readers with a unique study of this fascinating history of the relationship between identity and the means by which one validates and proves their own identity. The enactment of the REAL ID Act of 2005 with more secure and tamper resistant documents for each citizen of the United States is being instituted so that one can trust you are who you say you are. The State issued driver's license is not a National ID Card it is a Nationally Recognized ID for each citizen. Official Gazette Philippines, 1980

National Children's Day United States. Congress. House. Select Committee on Children, Youth, and Families, 1992. On September 30 1991 the House Select Committee on Children Youth and Families convened to celebrate National Children's Day and hear the testimony of youth ambassadors teachers and congressional representatives. This record of the congressional hearing includes the spoken and prepared statements of Representatives Patricia Schroeder

Joseph Kennedy II Barbara Rose Collins and Diana Ross the national spokesperson for the National Children's Day Foundation A statement by representatives of the Academy for Educational Development offers an overview of the crisis facing America's youth puts forth an argument for emphasizing youth development and describes four programs that are successfully meeting the needs of young people The bulk of the hearing report consists of the spoken and prepared statements of youth ambassadors from 36 states The statements typically describe the personal impact of particular youth programs on the lives of the youth ambassadors and underscore the value of these programs to young people in general The testimony describes programs for at risk youth individuals in the foster care system and minority students and programs that focus on academic excellence leadership development substance abuse prevention community service citizenship education and other aspects of youth development Comments by members of the committee are also included AC Investment Strategies Bill Jiang, 2022-11-25 This book is a practical and unique investment resource designed to guide investors towards successful investing in the financial markets It provides a selection of time tested investment strategies to help investors enhance returns Factor investing is positioned between active management and passive investing to combine their advantages The book provides comprehensive coverage of common style factors such as quality and momentum in response to the rising investor interest in factor strategies It presents a detailed description of the multifactor approach regarding its principle investment merits and construction methods The book also covers sustainable investing as it continues to rise in prominence across the investment sector It employs an abundance of financial data real cases and practical examples to help the audience understand different investment strategies in an interesting and informative way The book is primarily written for private investors and investment practitioners such as equity analysts and investment advisors It is also suitable for university students who are interested in learning practical investment strategies and traditional asset classes **Fungi of Aotearoa** Liv Sisson, 2023-05-02 Enter and explore the fascinating world of fungi In this practical and up to date guide forager and fungus enthusiast Liv Sisson shares her top tips and takes the reader on a journey to discover the unique and diverse fungi Aotearoa has to offer Discover how to identify the best edible varieties and how to cook with them how these incredible organisms have shaped the world as we know it and the role they are playing in modern medical and environmental research Featuring stunning full colour photographs fun facts and current descriptions of over 130 species including our brilliant blue national fungus werewere kokako Fungi of Aotearoa is packed full of information and advice that will delight armchair enthusiasts backcountry explorers and budding experts alike Automated Microbial Identification and Quantitation Wayne P.
