Post Modernist Fiction:

From Modernism to Postmodernism Gerhard Hoffmann, 2005 Postmodern Studies American Literature 20th Century Cultural Theory and Aesthetics **Postmodernism in American Literature** Manfred Pütz, Peter Freese, 1984

Postmodernist Fiction Brian McHale, 2003-09-02 In this trenchant and lively study Brian McHale undertakes to construct a version of postmodernist fiction which encompasses forms as wide ranging as North American metafiction Latin American magic realism the French New Novel concrete prose and science fiction Considering a variety of theoretical approaches including those of Ingarden Eco Dolezel Pavel and Hrushovski McHale shows that the common denominator is postmodernist fiction's ability to thrust its own ontological status into the foreground and to raise questions about the world or worlds in which we live Exploiting various theoretical approaches to literary ontology those of Ingarden Eco Dolezel Pavel Hrushovski and others and ranging widely over contemporary world literature McHale assembles a comprehensive repertoire of postmodernist fiction's strategies of world making and unmaking Theories of Play and Postmodern Fiction Brian Edwards, 2013-05-13 Drawing on developments in critical theory and postmodernist fiction this study makes an important contribution to the appreciation of playforms in language texts and cultural practices Tracing trajectories in theories of play and game and with particular attention to the writings of Nietzsche Wittgenstein Bakhtin and Derrida the author argues that the concept of play provides perspectives on language and communication processes useful both for analysis of literary texts and also for understanding the interactive nature of constructions of knowledge Exploring manifestations of game and play throughout the history of Western culture from Plato to Pynchon this study traces developments in 20th century cultural and literary theory of ideas about play in the writings of Johan Huizinga Roger Caillois Jacques Ehrmann Bernard Suits James Hans Mihai Spariosu and Robert Rawdon Wilson The author emphasizes post structuralist developments with specific attention to deconstruction and reception theory and argues that deconstruction makes the most significant recent contribution to play theory in its application to language and to literature The work also explores the modes and effects of playforms in particular examples of postmodernist fiction With attention to major works from Thomas Pynchon Gravity's Rainbow John Barth LETTERS Robert Kroetsch What the Crow Said Angela Carter Nights at the Circus and Peter Carey Illywhacker Edwards acknowledges and deconstructs such basic oppositions as play and seriousness fiction and truth difference and identity to explore the literature's cultural political significance Seeking to affirm the fiction's continuing social relevance the readings presented in this book place play irresistibly at the heartland of language meaning and culture

Fictional Space in the Modernist and Post-modernist American Novel Carl Darryl Malmgren, 1985 Fictional space is the imaginal expanse of field created by fictional discourse a space which through ultimately self referential and self validating necessarily exists in ascertainable relation to the real world outside the text After defining his theoretical framework the author applies it to American fiction of the twentieth century **Postmodern Fiction in Canada** Johannes

Willem Bertens,1992 A Poetics of Postmodernism Linda Hutcheon,2003-09-02 First published in 1988 Routledge is an imprint of Taylor Francis an informa company *Postmodern Fiction in Europe and the Americas* ,2024-09-02

Postmodern/Postwar and After Jason Gladstone,Andrew Hoberek,Daniel Worden,2016-07 Within the past ten years the field of contemporary American literary studies has changed significantly Following the turn of the twenty first century and mounting doubts about the continued explanatory power of the category of postmodernism new organizations have emerged book series have been launched journals have been created and new methodologies periodizations and thematics have redefined the field *Postmodern Postwar and After* aims to be a field defining book a sourcebook for the new and emerging critical terrain that explores the postmodern postwar period and what comes after The first section of essays returns to the category of the post modern and argues for the usefulness of key concepts and themes from postmodernism to the study of contemporary literature or reevaluates postmodernism in light of recent developments in the field and historical and economic changes in the late twentieth and early twenty first centuries These essays take the contemporary abandonments of postmodernism as an occasion to assess the current states of postmodernity After that the essays move to address the critical shift away from postmodernism as a description of the present and toward a new sense of postmodernism as just one category among many that scholars can use to describe the recent past The final section looks forward and explores the question of what comes after the postwar postmodern Taken together these essays from leading and emerging scholars on the state of twenty first century literary studies provide a number of frameworks for approaching contemporary literature as influenced by yet distinct from postmodernism The result is an indispensable guide that seeks to represent and understand the major overhauling of postwar American literary studies that is currently underway **British Postmodern Fiction**

,2024-10-28 *American Fiction* Jaroslav Kušnir,2005 Jaroslav Kušnir's book *American Fiction* Modernism Postmodernism Popular Culture and Metafiction is a sequel to his previous study on American postmodern fiction entitled *Poetika americké postmoderní prózy* Richard Brautigan and Donald Barthelme *Poetics of American Fiction* Richard Brautigan and Donald Barthelme Pre ov Impreso 2001 It explores various aspects of American postmodernist fiction as manifested in the works by Richard Brautigan Donald Barthelme and other American postmodernist authors such as Robert Coover E L Doctorow Kurt Vonnegut and Paul Auster Analyzing various short stories and novels the author shows differences between modernist and postmodernist literature in the works of Donald Barthelme the way postmodern parodies of popular literary genres give a critique of some aspects of American cultural identity and experience the American Dream individualism consumerism and he also shows different ways postmodern authors such as Robert Coover Kurt Vonnegut and Paul Auster create metafictional effect as one of the most significant aspects of postmodern literature **The Cambridge Introduction to Postmodern Fiction** Bran Nicol,2009-10-08 Postmodern fiction presents a challenge to the reader instead of enjoying it passively the reader has to work to understand its meanings to think about what fiction is and to question their own responses Yet this

very challenge makes postmodern writing so much fun to read and rewarding to study Unlike most introductions to postmodernism and fiction this book places the emphasis on literature rather than theory It introduces the most prominent British and American novelists associated with postmodernism from the pioneers Beckett Borges and Burroughs to important post war writers such as Pynchon Carter Atwood Morrison Gibson Auster DeLillo and Ellis Designed for students and clearly written this Introduction explains the preoccupations styles and techniques that unite postmodern authors Their work is characterized by a self reflexive acknowledgement of its status as fiction and by the various ways in which it challenges readers to question common sense and commonplace assumptions about literature

Postmodern Fiction Larry

McCaffery,1986-09-23 The scope of the work is broad with European and Latin American influences well represented Recommended for collections that emphasize fiction of the past two decades Library Journal

The Cambridge

Introduction to Postmodernism Brian McHale,2015-06-25 The Cambridge Introduction to Postmodernism surveys the full spectrum of postmodern culture high and low avant garde and popular famous and obscure across a range of fields from architecture and visual art to fiction poetry and drama It deftly maps postmodernism s successive historical phases from its emergence in the 1960s to its waning in the first decades of the twenty first century Weaving together multiple strands of postmodernism people and places from Andy Warhol Jefferson Airplane and magical realism to Jean Fran ois Lyotard Laurie Anderson and cyberpunk this book creates a rich picture of a complex cultural phenomenon that continues to exert an influence over our present post postmodern situation Comprehensive and accessible this Introduction is indispensable for scholars students and general readers interested in late twentieth century culture

The Post-Modern Aura Charles

Newman,1985 Inflation affects literary occupations and preoccupations quite as much as it does financial scrip Starting from this premise Charles Newman ventures forth on an irreverent wide ranging discussion of the Post Modern attitude in fiction culture and sensibility Newman questions the revolutionary claims of avant garde novelists and literary theorists but he is no less critical of the arguments of neoconservatives neorealists and advocates of moral fiction Newman argues that neither of these groups has confronted the unprecedented break with tradition entailed by an economics and culture of inflation A combination of cultural critique literary criticism economic forecast and historical jeremiad The Post Modern Aura is finally a positive statement celebrating The Act of Fiction and suggesting how the forces which have been devaluing it might be overcome

Romantic Postmodernism in American Fiction Eberhard Alsen,1996 Intended for teachers and students of American Literature this book is the first comprehensive analysis of romantic tendencies in postmodernist American fiction The book challenges the opinion expressed in the Columbia History of the American Novel 1991 and propagated by many influential scholars that the mainstream of postmodernist fiction is represented by the disjunctive and nihilistic work of such writers as Kathy Acker Donald Barthelme and Robert Coover Professor Alsen disagrees He contends that this kind of fiction is not read and taught much outside an isolated but powerful circle in the academic community It is the two part thesis of

Professor Alsen's book that the mainstream of postmodernist fiction consists of the widely read work of the Nobel Prize laureates Saul Bellow and Toni Morrison and other similar writers and that this mainstream fiction is essentially romantic. To support his argument Professor Alsen analyzes representative novels by Saul Bellow, J.D. Salinger, Norman Mailer, Flannery O'Connor, John Updike, Kurt Vonnegut, Philip Roth, Thomas Pynchon, Toni Morrison, the later John Barth, Alice Walker, William Kennedy, and Paul Auster. Professor Alsen demonstrates that the traits which distinguish the fiction of the romantic postmodernists from the fiction of their disunitive and nihilist colleagues include a vision of life that is a form of philosophical idealism, an organic view of art, modes of storytelling that are reminiscent of the nineteenth-century romance, and such themes as the nature of sin or evil, the negative effects of technology on the soul, and the quest for transcendence.

Horror Literature from Gothic to Post-Modern Michele Brittany, Nicholas Diak, 2020-03-02 From shambling zombies to Gothic ghosts, horror has entertained thrill-seeking readers for centuries. A versatile literary genre, it offers commentary on societal issues, fresh insight into the everyday, and moral tales disguised in haunting tropes and grotesque acts, with many stories worthy of critical appraisal. This collection of new essays takes in a range of topics, focusing on historic works such as Ann Radcliffe's *Gaston de Blondville* (1826) and modern novels including Max Brooks' *World War Z*. Other contributions examine weird fiction, Stephen King, Richard Laymon, Indigenous Australian monster mythology, and horror in picture books for young children.

Postmodernism and Contemporary Fiction Edmund J. Smyth, 1991 Providing an up-to-date introduction to the discussion on postmodernist fiction, this text explores geographical trends, the work of major writers, and cultures within the movement. It questions the term postmodernism by considering those features which distinguish it from both modernist and contemporary fiction.

Literature after Postmodernism I. Huber, 2014-06-10 Literature after Postmodernism explores the use of literary fantastic storylines in contemporary novels which begin to think beyond postmodernism. They develop an aesthetic perspective that aims at creation and communication instead of subversion and can thus be considered no longer deconstructive but reconstructive.

American Postmodernist Fiction and the Past T. Savvas, 2011-10-24 Through a close reading of the work of five prominent American postmodernist writers, this book re-evaluates the role of the past in recent American fiction, outlines the development of the postmodernist historical novel, and considers the waning influence of postmodernism in contemporary American literature.
