Quicksand & Passing N. Larsen, 1995 Passing, Quicksand, and Other Stories Nella Larsen, 2015-01-01 Published in 1928 Nella Larsen's first novel Quicksand regards the story of Helga Crane the lovely and refined mixed race daughter of a Danish mother and a West Indian black father The character is loosely based on Larsen's own experiences and deals with the character's struggle for racial and sexual identity a theme common to Larsen's work In Larsen's second novel Passing published in 1929 the author revisits this struggle through the lives of two childhood friends Clare Kendry and Irene Redfield both of whom are of mixed African and European ancestry and are passing as whites The novel picks up in the lives of the two as they later reunite in adulthood An ambiguous relation develops between the two as they share a fascination for how each other's lives have transpired since they last knew each other Larsen's work has been lauded for its exploration of race gender class and sexuality amongst African Americans in early part of the 20th century Now considered as a major figure of the Harlem Renaissance Larsen's writing gives a firsthand insight into the struggle of African Americans during this era Along with her two novels three of Larsen's short stories The Wrong Man Freedom and Sanctuary are presented together here in this volume

Nellallitea Nella Larsen first called Nellie Walker was an American novelist of the Harlem Renaissance who wrote two novels and a few short stories A revival of interest in her writing has occurred since the late 20th century when issues of racial and sexual identity have been studied Her works have been the subjects of numerous academic studies and she is now widely lauded as not only the premier novelist of the Harlem Renaissance but also an important figure in American modernism Since the late 20th century Passing has received renewed attention from scholars because of its close examination of racial and sexual ambiguities and liminal spaces It has achieved canonical status in many American universities Passing Quicksand The Wrong Man Freedom Sanctuary **The Short Fiction of Nella Larsen** Nella Larsen,2013-04-22 Nella Larsen was an

important writer associated with the Harlem Renaissance While she was not prolific her work was powerful and critically acclaimed Collected here are all three of her published short stories Freedom The Wrong Man and Sanctuary These stories are about love loss mistaken identity and death *Reading for Reform* Laura R. Fisher,2019-03-05 An unprecedented examination of class bridging reform and U S literary history at the turn of the twentieth century Reading for Reform rewrites the literary history of late nineteenth and early twentieth century America by putting social reform institutions at the center of literary and cultural analysis Examining the vibrant often fractious literary cultures that developed as part of the Progressive mandate to uplift the socially disadvantaged it shows that in these years reformers saw literature as a way to combat the myriad social problems that plagued modern U S society As they developed distinctly literary methods for Americanizing immigrants uplifting and refining wage earning women and educating black students their institutions gave rise to a new social purpose for literature Class bridging reform institutions the urban settlement house working girls club and African American college are rarely addressed in literary history Yet Laura R Fisher argues they engendered important experiments in the form and social utility of American literature from minor texts of Yiddish drama and little known periodical and reform writers to the fiction of Edith Wharton and Nella Larsen Fisher delves into reform s vast and largely unexplored institutional archives to show how dynamic sites of modern literary culture developed at the margins of social power Fisher reveals how reformist approaches to race class religion and gender formation shaped American literature between the 1880s and the 1920s In doing so she tells a new story about the fate of literary practice and the idea of literature s practical value during the very years that modernist authors were proclaiming art s autonomy from concepts of social utility **To be Suddenly White** Steven J. Belluscio,2006 To Be Suddenly White explores the troubled relationship between literary passing and literary realism the dominant aesthetic motivation behind the late nineteenth and early twentieth century ethnic texts considered in this study Steven J Belluscio uses the passing narrative to provide insight into how the representation of ethnic and racial subjectivity served in part to counter dominant narratives of difference To Be Suddenly White offers new readings of traditional passing narratives from the African American literary tradition such as James Weldon Johnson s The Autobiography of an Ex Coloured Man Nella Larsen s Passing and George Schuyler s Black No

More It is also the first full length work to consider a number of Jewish American and Italian American prose texts such as Mary Antin's *The Promised Land* Anzia Yezierska's *Bread Givers* and Guido d'Agostino's *Olives on the Apple Tree* as racial passing narratives in their own right Belluscio also demonstrates the contradictions that result from the passing narrative's exploration of racial subjectivity racial difference and race itself When they are seen in comparison ideological differences begin to emerge between African American passing narratives and white ethnic Jewish American and Italian American passing narratives According to Belluscio the former are more likely to engage in a direct critique of ideas of race while the latter have a tendency to become more simplistic acculturation narratives in which a character moves from a position of ethnic difference to one of full American identity The desire to be suddenly white serves as a continual point of reference for Belluscio enabling him to analyze how writers even when overtly aware of the problematic nature of race especially African American writers are also aware of the conditions it creates the transformations it provokes and the consequences of both By examining the content and context of these works Belluscio elucidates their engagement with discourses of racial and ethnic differences assimilation passing and identity an approach that has profound implications for the understanding of American literary history

The Jazz Trope Alfonso Wilson Hawkins, 2008-06-13 *The Jazz Trope* takes a look at the African American lifestyle through the lens of jazz blues and spirituals Through the pioneering efforts of Albert Murray Ralph Ellison Houston Baker Henry Louis Gates Jr Ishmael Reed Amiri Baraka and other notable scholars who have related jazz spirituals and blues to African American life and culture *The Jazz Trope* offers an opportunity to add scholarship to the perception of African American identity as a creative attempt to survive a unique history and struggle Transcending structure and the perimeters that it limits African American musical statements were produced out of a human need to be free Using jazz as a metaphor for escaping slavery jazz can be seen as a creative attempt to exceed restriction through the act of improvisation jazz takes a known melody and changes it to create a personal identity The literary genre of African American life reflects this melding of musical milieu It tells through tropes of the folktale novel self script slave narrative myth and legend a unique American experience and history This book also explores motives and schemes that were hidden behind musical codes illustrating that jazz interrelated with its foundation in blues and spirituals existed as a pre musical statement and then manifested as it is more popularly known as a musical statement *The Jazz Trope* allows students to grasp the jazz song structure within this work and liken it to the tropes that it emits a true American identity
