Racism In The Third Reich

**Wulf Dietmar Hund,Christian
Koller,Mosche Zimmermann**

Racism In The Third Reich:

Race and the Third Reich Christopher Hutton, 2005-12-02 *Race and the Third Reich* aims to set out the key concepts debates and controversies that marked the academic study of race in Nazi Germany It looks in particular at the discipline of racial anthropology and its relationship to linguistics and human biology Christopher Hutton identifies the central figures involved in the study of race during the Nazi regime and traces continuities and discontinuities between Nazism and the study of human diversity in the Western tradition Whilst Nazi race theory is commonly associated with the idea of a superior Aryan race and with the idealization of the Nordic ideal of blond hair blue eyes and a long skull Nazi race theorists in common with their colleagues outside Germany without exception denied the existence of an Aryan race After 1935 official publications were at pains to stress that the term Aryan belonged to linguistics and was not a racial category at all Under the influence of Mendelian genetics racial anthropologists concluded that there was no necessary link between ideal physical appearance and ideal racial character In the course of the Third Reich racial anthropology was marginalized in favour of the rising science of human genetics However racial anthropologists played a key role in the crimes of the Nazi state by defining Jews and others as racial outsiders to be excluded at all costs from the body of the German Volk Anyone studying the Third Reich or who is interested in race theory will find this a fascinating informative and accessible study **Beyond the Racial State** Devin Owen Pendas, Mark Roseman, Richard F. Wetzell, 2017-11-16 A fundamental reassessment of the ways that racial policy worked and was understood under the Third Reich Leading scholars explore race's function content and power in relation to society and nation and above all in relation to the extraordinary violence unleashed by the Nazis Anti-Semitism and Schooling Under the Third Reich Gregory Wegner, 2014-02-04 This book investigates the anti-Semitic foundations of Nazi curricula for elementary schools with a focus on the subjects of biology history and literature Gregory Paul Wegner argues that any study of Nazi society and its values must probe the education provided by the regime Schools according to Wegner play a major role in advancing ideological justifications for mass murder and in legitimizing a culture of ethnic and racial hatred Using a variety of primary sources Wegner provides a vivid account of the development of Nazi education *Racism* Kevin Reilly, Stephen Kaufman, Angela Bodino, 2003 Racism has existed throughout the world for centuries and has been at the root of innumerable conflicts and human tragedies including war genocide slavery bigotry and discrimination Defined broadly racism has had many forms and effects from caste prejudice in India and mass extermination in Tasmania to slavery in the Americas and the Holocaust in Europe Put simply racism has been one of the overriding forces in world history for more than a millennium This book provides a global perspective of racism in its myriad forms Consisting of twelve parts and fifty one articles it focuses on racism worldwide over the past thousand years It includes three types of articles original documents scholarly essays and journalistic accounts The Holocaust and History United States Holocaust Memorial Museum, 2002-07-02 *The Holocaust and History* examines the various disputes surrounding the Holocaust examining why it

should have come about how different sets of people reacted to it and what lessons should be learned for the future

Histories of the Holocaust Dan Stone, 2010-06-17 A comprehensive and accessible guide to the major themes and debates in Holocaust historiography over the last two decades

Racism in the Third Reich Stewart Ross, 1992 Examines Nazi racial theories and discusses the policies established during that time which were based on racial beliefs

The Nazi Ancestral Proof Eric Ehrenreich, 2007-10-10 How could Germans inhabitants of the most scientifically advanced nation in the world in the early 20th century have espoused the inherently unscientific racist doctrines put forward by the Nazi leadership Eric Ehrenreich traces the widespread acceptance of Nazi policies requiring German individuals to prove their Aryan ancestry to the popularity of ideas about eugenics and racial science that were advanced in the late Imperial and Weimar periods by practitioners of genealogy and eugenics After the enactment of Nazi racial laws in the 1930s the Reich Genealogical Authority employing professional genealogists became the providers and arbiters of the ancestral proof This is the first detailed study of the operation of the ancestral proof in the Third Reich and the link between Nazi racism and earlier German genealogical practices The widespread acceptance of this racist ideology by ordinary Germans helped create the conditions for the Final Solution

The Holocaust's Ghost F. C. DeCoste, Bernard Schwartz, 2000-05 Numerous scholars explore the moral aesthetic and political outcomes of the Holocaust from the perspectives of various academic backgrounds including art literature political science education and history

After the Nazi Racial State Rita Chin, Heide Fehrenbach, Geoff Eley, Atina Grossmann, 2010-02-22 An investigation of the concept of race in post Nazi Germany

From Racism to Genocide Gretchen Engle Schafft, 2004 From Racism to Genocide is an explosive richly detailed account of how Nazi anthropologists justified racism developed practical applications of racist theory and eventually participated in every phase of the Holocaust Using original sources correspondence between anthropologists of the time and previously unpublished documentation Gretchen Schafft shows the total range of anti human activity from within the confines of a particular discipline Based on seven years of archival research in this country and abroad the work includes many original photos and documents most of which have never before been published It uses primary data and original texts whenever possible including correspondence written by perpetrators A discussion of Hitler's final solution Nazi slave labor and the rape of occupied Poland reveal the full horror of the Third Reich Embedded concepts of scientism denial academic responsibility and race contribute to understanding some of today's most pressing social science issues The book also reveals that the United States was not merely a bystander in this research but instead contributed scientific and financial support to early racial r

Women in Nazi Germany Jill Stephenson, 2014-05-12 From images of jubilant mothers offering the Nazi salute to Eva Braun and Magda Goebbels women in Hitler's Germany and their role as supporters and guarantors of the Third Reich continue to exert a particular fascination This account moves away from the stereotypes to provide a more complete picture of how they experienced Nazism in peacetime and at war What was the status and role of women in pre

Nazi Germany and how did different groups of women respond to the Nazi project in practice Jill Stephenson looks at the social cultural and economic organisation of women s lives under Nazism and assesses opposing claims that German women were either victims or villains of National Socialism

Influence on the Children and Youth in the Third Reich by National Socialism and Ideologies Paul Guyet,2016-05-17 Pre University Paper from the year 2016 in the subject History of Germany National Socialism World War II grade 13 language English abstract The following term paper deals with the life of children and youth in the Third Reich Influenced by the National Socialism and Adolf Hitler s ideologies of a perfect German the youth was taught racism and Nazi ideologies You can say they were brainwashed and they were educated to fight for their country in wars The adolescents believed they were doing the right thing by joining youth organizations and going to Nazi elite schools such as the Adolf Hitler School What the youth was taught in those establishments back then seems unconceivable to us today The young people were educated to become racists and warriors They were even convinced that it was good to be that kind of person and Germany would be proud of them The central question I want to treat with this term paper is How was it possible to control the mind of the German People and leading them to go to war

A Companion to the Holocaust Simone Gigliotti,Hilary Earl,2020-04-14 Provides a cutting edge nuanced and multi disciplinary picture of the Holocaust from local transnational continental and global perspectives Holocaust Studies is a dynamic field that encompasses discussions on human behavior extremity and moral action A diverse range of disciplines history philosophy literature social psychology anthropology geography amongst others continue to make important contributions to its scholarship A Companion to the Holocaust provides exciting commentaries on current and emerging debates and identifies new connections for research The text incorporates new language geographies and approaches to address the precursors of the Holocaust and examine its global consequences A team of international contributors provides insightful and sophisticated analyses of current trends in Holocaust research that go far beyond common conceptions of the Holocaust s causes unfolding and impact Scholars draw on their original research to interpret current agenda setting historical and historiographical debates on the Holocaust Six broad sections cover wide ranging topics such as new debates about Nazi perpetrators arguments about the causes and places of persecution of Jews in Germany and Europe and Jewish and non Jewish responses to it the use of forced labor in the German war economy representations of the Holocaust witness and many others A masterful framing chapter sets the direction and tone of each section s themes Comprising over thirty essays this important addition to Holocaust studies Offers a remarkable compendium of systematic comparative and precise analyses Covers areas and topics not included in any other companion of its type Examines the ongoing cultural social and political legacies of the Holocaust Includes discussions on non European and non Western geographies inter ethnic tensions and violence A Companion to the Holocaust is an essential resource for students and scholars of European German genocide colonial and Jewish history as well as those in the general humanities

Psychotherapy in the Third Reich Thomas Blomberg,2018-04-27

The idea for this book sprang from Geoffrey Cocks curiosity as to what happened in the new dynamic field of psychotherapy in Germany with the advent of Hitler While traditional views merely asserted that the Nazis destroyed the field of psychotherapy in Germany a viewpoint justifiably based on the testimony of those in the field who had emigrated from Germany to escape Nazi persecution Cocks learned that there was more to the story He looked to several interesting shards of evidence that pointed to the possibility that one could reconstruct a history of morally questionable professional developments in German psychotherapy during the Third Reich The evidence included existence of a journal for psychotherapy published continuously from 1928 to 1944 accounts of a psychotherapist who assumed leadership of his colleagues and who was a relative of the powerful Nazi leader Hermann Goring and a strong psychotherapeutic lobby in German medicine that was intellectually impoverished but apparently not destroyed by the expulsion of the prominent and predominantly Jewish psychoanalytic movement Non Jewish psychoanalysts and psychotherapists had in fact pursued their profession under the aegis of the so called Goring Institute with substantial support from agencies of the Nazi party the Reich government the military and private business Much research has been done in the ten years since the first edition of this book was published hence the need for a second edition Included is more information on the history of psychotherapy and psychoanalysis in Nazi Germany on the social history of the Third Reich and on the history of the professions in Germany Three new chapters analyze postwar developments and conflicts as well as broader issues of continuity and discontinuity in the history of modern Germany and the West In addition the author has reorganized the volume along chronological and narrative lines for greater ease of reading Psychotherapy in the Third Reich is an important work for psychotherapists psychologists psychoanalysts sociologists and historians

Nazi Culture George Lachmann Mosse, 2003 George L Mosse s extensive analysis of Nazi culture ground breaking upon its original publication in 1966 is now offered to readers of a new generation Selections from newspapers novellas plays and diaries as well as the public pronouncements of Nazi leaders churchmen and professors describe National Socialism in practice and explore what it meant for the average German

Racisms Made in Germany Wulf Dietmar Hund, Christian Koller, Mosche Zimmermann, 2011 This book examines racism in Germany and includes the following essays Racisms Made in Germany Without Sonderweg to a Rupture in Civilization Between Jew Hatred and Racism The German Invention of Antisemitism It Must Come from Europe The Racisms of Immanuel Kant Antisemitism and Colonial Racism Transnational and Interdiscursive Intersectionality Racist Fantasies Africa in Austrian and German African Studies From Disagreement to Dissension African Perspectives on Germany Purification of the National Body Racial Policy and Racial Murder in the Third Reich Between Race and Class Elite Racism in Contemporary Germany Racism Analysis in Germany The Development in the Federal Republic Series Racism Analysis Series B Yearbooks Vol 2

Art, Culture, and Media Under the Third Reich Richard A. Etlin, 2002-10-15 This work explores the ways in which Nazi Germany used art and media to portray their country as a champion of Kultur and civilization Revealing how multiple

domains of cultural activity served to conceptually dehumanize Jews this work shows how the seeds of the Holocaust were sown

The American West and the Nazi East C. Kakel, 2011-07-12 By employing new optics and a comparative approach this book helps us recognize the unexpected and unsettling connections between America's western empire and Nazi Germany's eastern empire linking histories previously thought of as totally unrelated and leading readers towards a deep revisioning of the American West and the Nazi East

Catholic Citizens in the Third Reich Donald J. Dietrich, 1988-01-01 Why did some German Catholics support and others oppose the police state that was the Third Reich In this insightful analysis Donald Dietrich explores the social psychological dynamics behind the religious reactions of German Catholics to political and moral issues during the late Weimar and Third Reich eras Along with many other Germans Catholics were enmeshed in a cruel dilemma Assenting to Nazi ideals would mean a loss of moral credibility opposing them would result in persecution Dietrich shows how Catholics accommodated and sometimes resisted totalitarianism and the Final Solution Three groups of Catholics are examined the hierarchy the theologians and the laity The literature on Nazi Germany is enormous But this is the first analysis of the dynamics shaping individual motivations and group response to Nazi ideals This comprehensive work fuses results derived from social science research with the massive amount of historical data available It is an interdisciplinary study relating religious values to patterns of behavior an issue that retains its significance today

Racism In The Third Reich Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change.
