Real Baseball Heroes:

Reel Baseball Stephen C. Wood, J. David Pincus, 2003-01-16 Not only are movies and baseball two of America's favorite pastimes they are integral parts of our culture. Small wonder that the two frequently merge in Hollywood's use of baseball themes, jargon and icons. This work on baseball in the movies is organized into four sections examining different aspects of the cultural intersection between film and baseball. In the first three sections *Baseball in Baseball Films*, *Babe Ruth and the Silver Screen* and *Baseball in Non Baseball Films* essays by scholars in various disciplines cover such topics as symbols, the role of family, baseball as a facilitator of violence and the American mythos. The fourth section consists of interviews with directors such as Ron Shelton and Penny Marshall, actors Kevin Costner, James Belushi and baseball personnel broadcaster Vin Scully, coach Rod Dedeaux who have worked in baseball films. Stars, Stripes and Diamonds Marshall G. Most, Robert Rudd, 2006-05-02 Since the Progressive Era, baseball has been promoted as an institution encapsulating the best of American values and capable of bridging the chasms of twentieth century American culture: urban versus rural, industry versus agriculture, individual versus community, immigrant versus native, white versus color. Among the more enthusiastic of the game's proponents have been American filmmakers and baseball films present perhaps the purest depiction of baseball's vision of an idealized America. This critical study treats baseball cinema as a film genre and explores the functions of baseball ideology as it is represented in that genre. It focuses on how Hollywood's presentation of baseball has served not only to promote dominant values but also to bridge cultural conflicts. Commentary on 85 films deals with issues of race, community, gambling, players, women and owners. Instructors considering this book for use in a course may request an examination copy [here](#).

Murphy Station David Donovan, 2010 In the southern Georgia of 1950, Murphy Station is a community marked only by two country stores, two Baptist churches and a graveyard. Farming is the way of life and segregation is in full force. Welcome to Deep Dixie. David Donovan is a young white boy growing up in Murphy Station where even the best farmers are cash poor and those who work for them, usually blacks, are poorer still. In adult conversation the main topics are weather, crops and politics. Within the last category, it's agreed that the main threats facing America are two: communism and integration. So far as young Dave knows, this isn't unusual, but already there are changes afoot. In this richly detailed memoir, laced with both humor and tragedy, we see how those changes affect Dave in subtle but ultimately profound ways. Coming of age in a world with the axiom "no boy a chicken, no man a coward," Dave has the sorts of boyhood adventures common to the rural South: exploits with firearms, encounters with angry animals, challenges from friends and a growing interest in girls. As he has these adventures, he also works in the field alongside black farmhands, some of whom teach him vital lessons about the realities of their lives, lessons that begin to challenge the prejudices and preconceptions of his time and place. By the late 1950s, the civil rights movement has become a major force in the South, yet as David enters high school in 1960, the customs of segregation still hold sway.

persisting even when he leaves for college In his first year away from home he witnesses the national trauma of the Kennedy assassination which blunts the promises of Camelot In Vietnam a few years later he sees those promises collapse entirely Returning in 1970 to a Murphy Station much changed from what it was twenty years earlier David Donovan finds himself transformed as well Book Jacket

Playing The Field Charles C. Euchner, 1994-09-01 Details how owners have shamelessly played cities against one another to get sweetheart deals for their stadiums Sports Illustrated Can a sports franchise blackmail a city into getting what it wants a new stadium say or favorable leasing terms by threatening to relocate In 1982 the owners of the Chicago White Sox pledged to keep the team in Chicago if the city approved a 5 million tax exempt bond to finance construction of luxury suites at Comiskey Park The city council approved it A few years later when Comiskey Park was in need of renovation the owners threatened to move the team to Florida unless a new stadium was built A site was chosen near the old stadium property condemned residents evicted and a new stadium built We had to make threats the owners said If we didn t have the threat of moving we wouldn t have gotten the deal Sports is not a dominant industry in any city this book points out yet it receives the kind of attention one might expect to be lavished on major producers and

employers In *Playing the Field* Charles Euchner examines the relationships between Los Angeles and the Raiders Baltimore and the Colts and the Orioles and Chicago and the White Sox arguing that in the absence of public standards for equitable arbitration between cities and teams the sports industry has the ability to steer negotiations in a way that leaves cities vulnerable He reveals what lies behind this leverage and what that says about the urban political process
