Kenneth Burke and the Conversation after Philosophy Timothy W. Crusius,1999-03-30 Throughout much of his long life 1897 1993 Kenneth Burke was recognized as a leading American intellectual perhaps the most significant critic writing in English since Coleridge From about 1950 on rhetoricians in both English and speech began to see him as a major contributor to the New Rhetoric But despite Burke s own claims to be writing philosophy and some notice from reviewers and critics that his work was philosophically significant Timothy W Crusius is the first to access his work as philosophy Crusius traces Burke s commitment and contributions to philosophy prior to 1945 from Counter Statement 1931 through The Philosophy of Literary Form 1941 While Burke might have been a late modernist thinker Crusius shows that Burke actually starts from a position closely akin to such postmodern figures as Michel Foucault and Richard Rorty Crusius then examines Burke s work from A Grammar of Motives 1945 up to his last published essays drawing most heavily on A Rhetoric of Motives The Rhetoric of Religion and uncollected essays from the 1970s This part concerns Burke s contributions to human activities always closely associated with rhetoric hermeneutics dialectic and praxis Burke s highly developed notion of our species as the symbol using animal argues Crusius draws together the various strands of his later philosophy his concern with interpretation with dialectic and dialogue with a praxis devoted to awareness and control of the self deceiving and potentially self destructive motives inherent in language itself *Encyclopedia of the Essay* Tracy Chevalier,2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies **The Rhetorical Imagination of Kenneth Burke** Ross Wolin,2001 Blending the genres of biography intellectual history and rhetorical theory this study presents an analysis of Burke s 1897 1993 early essays and his eight theoretical works placing them in the context of their social and political history Wolin humanities and rhetoric Boston University casts each work as a re articulation and extension of the ideas imbedded in Burke s previous efforts The tactics of conflict cooperation and motivation are emphasized c Book News Inc [Burke in the Archives](#) Dana Anderson,Jessica Enoch,2013-06-15 Burke in the Archives brings together thirteen original essays by leading and emerging Kenneth Burke scholars to explore provocatively the twenty first century usefulness of a figure widely regarded as the twentieth century s most influential rhetorician Edited by Dana Anderson and Jessica Enoch the volume breaks new ground as it complicates extends and ultimately transforms how the field of rhetorical studies understands Burke calling much needed attention to the

roles that archival materials can and do play in this process Although other scholars have indeed looked to Burke s archives to advance their work no individual essays books or collections purposefully reflect on the archive s role in transforming rhetorical scholars understandings of Burke By drawing on an impressively varied range of archival materials including unpublished letters newly recovered reviews notes on articles drafts of essays and even comments on student papers from Burke s years of teaching the essays in this volume mount distinct powerful arguments about how archival materials have the potential to reshape and invigorate rhetorical scholarship Including contributors such as Jack Selzer Debra Hawhee and Ann George this collection pursues Burke behind the arguments of his major works to the divergent preoccupations habits of mind breakthroughs and breakdowns of his insight Through the archival arguments and analyses that unify its essays Burke in the Archives showcases how historiographic and methodological work can propel Burke scholarship in new directions

The Legacy of Kenneth Burke Herbert W. Simons, Trevor Melia, 1989 Capturing the lively modernist milieu of Kenneth Burke's early career in Greenwich Village where Burke arrived in 1915 fresh from high school in Pittsburgh this book discovers him as an intellectual apprentice conversing with the moderns Burke found himself in the midst of an avant garde peopled by Malcolm Cowley Marianne Moore Jean Toomer Katherine Anne Porter William Carlos Williams Allen Tate Hart Crane Alfred Stieglitz and a host of other fascinating figures Burke himself who died in 1993 at the age of 96 has been hailed as America's most brilliant and suggestive critic and the most significant theorist of rhetoric since Cicero Many schools of thought have claimed him as their own but Burke has defied classification and indeed has often been considered a solitary eccentric genius immune to intellectual fashions But Burke's formative work of the 1920s when he first defined himself and his work in the context of the modernist conversation has gone relatively unexamined Here we see Burke living and working with the crowd of poets painters and dramatists affiliated with Others magazine Stieglitz's 291 gallery and Eugene O'Neill's Provincetown Players the leftists associated with the magazines The Masses and Seven Arts the Dadaists and the modernist writers working on literary journals like The Dial where Burke in his capacity as an associate editor saw T S Eliot's The Wasteland into print for the first time and provided other editorial services for Thomas Mann e e Cummings Ezra Pound and many other writers of note Burke also met the iconoclasts of the older generation represented by Theodore Dreiser and H L Mencken the New Humanists and the literary nationalists who founded Contact and The New Republic Jack Selzer shows how Burke's own early poems fiction and essays emerged from and contributed to the modernist conversation in Greenwich Village He draws on a wonderfully rich array of letters between Burke and his modernist friends and on the memoirs of his associates to create a vibrant portrait of the young Burke's transformation from aesthete to social critic Critical
