The Religious Lives of Older Laywomen Abby Day, 2017-02-09 The Religious Lives of Older Laywomen draws on ethnographic fieldwork cross cultural comparisons and relevant theories exploring the beliefs identities and practices of Generation A Anglican laywomen born in the 1920s and 1930s Now in their 70s 80s and 90s they are often described as the backbone of the Church and likely its final active generation The prevalence of laywomen in mainstream Christian congregations is a widely accepted phenomenon that will cause little surprise amongst the research community or Christian adherents What is surprising is that we know so little about them Generation A laywomen have remained largely invisible in previous work on institutional religion in Euro American countries particularly as the focus on religion and gender has turned to youth sexuality and priesthood Female Christian Generation A is on the cusp of a catastrophic decline in mainstream Christianity that accelerated during the post war post 1945 age The age profile of mainstream Christianity represents an increasingly aging pattern with Generation A not being replaced by their children or grandchildren the Baby Boomers and generations X Y and Z Generation A is irreplaceable and unique Generation shares specific values beliefs behaviours and orientations therefore when this generation finally disappears within the next five to 10 years their knowledge insights and experiences will be lost forever Abby Day both documents and interprets their religious lives and what we can learn about them and more widely about contemporary Christianity and its future

The Religious Philosophy of Roger Scruton James Bryson, 2016-01-28 In his most recent work the contemporary philosopher Roger Scruton has turned his attention to religion Although a religious sensibility ties together his astonishingly prodigious and dynamic output as a philosopher poet and composer his recent exploration of religious and theological themes from a philosophical point of view has excited a fresh response from scholars This collection of writings

addresses Scruton's challenging and subtle philosophy of religion for the first time. The volume includes contributions from those who specialize in the philosophy of religion, the history of thought and culture, aesthetics, and church history. The collection is introduced by Mark Dooley, author of two books on Scruton, and includes a response to the writings from Scruton himself in which he develops his idea of the sacred and the erotic and defends the integrity of his work as an attempt to give a sense of the *Lebenswelt* or lifeworld, how humans experience the world. He argues that religion emerges from that experience and transforms us from beings bound by causal necessity into persons who acknowledge freedom, obligation, and right. A unique and fascinating collection of writings that sheds light on this hitherto unexplored aspect of Roger Scruton's philosophy.

Longing for an Absent God Nick Ripatrazone, 2020-03-03

Longing for an Absent God unveils the powerful role of faith and doubt in the American literary tradition. Nick Ripatrazone explores how two major strands of Catholic writers, practicing and cultural, intertwine and sustain each other. Ripatrazone explores the writings of devout American Catholic writers in the years before the Second Vatican Council through the work of Flannery O'Connor, J.F. Powers, and Walker Percy, those who were raised Catholic but drifted from the church such as the Catholic-educated Don DeLillo and Cormac McCarthy, the convert Toni Morrison, the Mass-going Thomas Pynchon, and the ritual-driven Louise Erdrich, and a new crop of faithful American Catholic writers including Ron Hansen, Phil Klay, and Alice McDermott who write Catholic stories for our contemporary world. These critically acclaimed and award-winning voices illustrate that Catholic storytelling is innately powerful and appealing to both secular and religious audiences. Longing for an Absent God demonstrates the profound differences in the storytelling styles and results of these two groups of major writers but ultimately shows how taken together they offer a rich and unique American literary tradition that spans the full spectrum of doubt and faith.
