Barred by Congress begins with an exhaustive review of the numerous congressional exclusion and expulsion cases in the eighteenth and nineteenth centuries before focusing on the stories of the last three members elect to be excluded from Congress a Mormon a Socialist and an African American each an outsider in American politics excluded notwithstanding election by the voters Lichtman illuminates each of these three remarkable individuals with a detailed biographical sketch Brigham H Roberts was a Utah Mormon whose exclusion from the House of Representatives in 1900 was fueled by a nationwide anti Mormon campaign waged by William Randolph Hearst and his newspaper empire a controversy centered on the issue of polygamy Victor L Berger a Socialist Party leader and editor of an antiwar Milwaukee newspaper during World War I was elected to the House despite the efforts of the Wilson administration to derail his campaign by indicting him under the Espionage Act he was excluded in 1919 and again in 1920 Adam Clayton Powell Jr was a Baptist minister and civil rights advocate who represented the Harlem neighborhood of New York City in the House of Representatives from 1945 until his exclusion in 1967 In *Powell v McCormack* the Supreme Court ruled that Powell s exclusion by the House violated the Constitution a decision that a half century later remains established law but still does not provide complete assurance that the people will be able to in Alexander Hamilton s words choose whom they please to govern them Running for Freedom Steven F. **Congressional Committee Chairmen** Andrée E. Reeves, 2021-12-14 Congress does most of its work in committee and no understanding of that body can be complete without an analysis of its committees and those who shape them Andrée E. Reeves now offers a rare glimpse into the workings of committee chairmanship over a span of thirty three years how three chairmen operated and how they influenced their committee and its impact As Reeves demonstrates the chair is the most important player in a congressional committee the one who holds more cards than his colleagues and can deal a winning hand or call a bluff His use of institutional and personal resources affects the committee the chamber and public policy As a case study Reeves compares the leadership of three disparate and strong House Education and Labor Committee chairmen who served from 1950 to 1984 Graham A Barden D NC Adam Clayton Powell D NY and Carl D Perkins D KY She delves into each chairman s background orientation and use of resources Each had his own brand of leadership she finds and a pronounced but different impact on Education and Labor The committee blocked progressive legislation under Barden facilitated Johnson s Great Society under Powell and fought tooth and nail to maintain its accomplishments under Perkins

Reeves emphasizes also committee development including the effects of reforms the relationship between committee composition and policy output and committee voting patterns Rather than advancing smoothly and incrementally Education and Labor developed in stages that coincided with each chairmanship And over the years covered it evolved into a more complex decentralized and democratic organization This is an illuminating study of three men who made a difference in our nation s governance They left a legacy for succeeding chairmen and indeed for the House and their chairmanships have had a lasting impact on our society      *Encyclopedia of African-American Civil Rights* Charles D.
