Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873      **The New York Times Index** ,1994      **World Fascism** Cyprian Blamires,2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism s heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology s lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism s enduring appeal      *Smolensk Under the Nazis* Laurie R. Cohen,2013 Drawing on oral history interviews and other sources this work provides fascinating accounts of how Soviets Jews and Roma fared in the Russian city of Smolensk under the 26 month Nazi occupation The 1941 German invasion of the Soviet Union Operation Barbarossa significantly altered the lives of the civilians in occupied Russian territories yet these individuals stories are overlooked by most scholarly treatments of the attack and its aftermath This study drawing on oral history interviews and a broad range of archival sources provides a fascinating and detailed account of the everyday life of Soviets Jews Roma and Germans in the city of Smolensk during its twenty six months under Nazi rule Smolensk under the Nazis records the profound and painful effects of the invasion and occupation on the 30 000 civilian residents out of a prewar population of roughly 155 000 who remained in this border town It also compares Nazi and Stalinist local propaganda efforts as well as examining the stance of Russian civilians thereby investigating what it meant to support or hinder the new Nazi German and collaborating Russian authorities By underlining the human dimensions of the war and its often neglected long term effects Laurie Cohen promotes a more complex understanding of life under occupation Smolensk under the Nazis thus complements recent works on everyday life in occupied Ukraine Belarus and the Baltic States as well as on the siege of Leningrad Laurie R Cohen is Adjunct Professor at the Universities of Innsbruck and Klagenfurt      **Nazisplotation!** Daniel H. Magilow,Elizabeth Bridges,Kristin T. Vander Lugt,2011-11-24 Nazisplotation examines past intersections of National

Socialism and popular cinema and the recent reemergence of this imagery in contemporary visual culture In the late 1960s and early 1970s films such as *Love Camp 7* and *Ilsa She Wolf of the SS* introduced and reinforced the image of Nazis as master paradigms of evil in what film theorists deem the sleaze film More recently Tarantino's *Inglourious Basterds* as well as video games such as *Call of Duty World at War* have reinvented this iconography for new audiences In these works the violent Nazi becomes the hyperbolic caricature of the monstrous feminine or the masculine sadist Power hungry scientists seek to clone the Führer and Nazi zombies rise from the grave The history aesthetic strategies and political implications of such translations of National Socialism into the realm of commercial low brow and sleaze visual culture are the focus of this book The contributors examine when and why the Nazisploitation genre emerged as it did how it establishes and violates taboos and why this iconography resonates with contemporary audiences
