Living, Dreaming, Dying Rob Nairn, 2004-08-03 The Tibetan Book of the Dead is one of the best known Tibetan Buddhist texts It is also one of the most difficult texts for Westerners to understand In *Living Dreaming Dying* Rob Nairn presents the first interpretation of this classic text using a modern Western perspective avoiding arcane religious terminology keeping his explanations grounded in everyday language Nairn explores the concepts used in this highly revered work and brings out their meaning and significance for our daily life He shows readers how the Tibetan Book of the Dead can help us understand life and self as well as the dying process *Living Dreaming Dying* helps readers to live deliberately and confront death deliberately One thing that prevents us from doing that according to Nairn is our tendency to react fearfully whenever change occurs But if we confront our fear of change and the unknown we can learn to flow gracefully with the unfolding circumstances of life rather than be at their mercy Of course change occurs throughout our life but a period of transition also occurs as we pass from the waking state into sleep and likewise as we pass into death Therefore the author's teachings apply equally to living as well as to dreaming and dying Through meditation instructions and practical exercises the author explains how to Explore the mind through the cultivation of deep meditation states and expanded consciousness Develop awareness of negative tendencies Use deep sleep states and lucid dreaming to increase self understanding as well as to train oneself in how to die so that one is prepared for when the time comes Confront and liberate oneself from fear of death and the unknown

transform and enrich our life What death is how we die what minds we need at death and what happens after death only by knowing about death and rebirth can we actually fully understand what life is and so learn how to live fully Lama Zopa Rinpoche There is arguably no truth more foundational to Buddhism than this everything is impermanent We can see this in the world all around us old systems break down relationships change Death comes for those we love and inevitably for us In this book the late beloved teacher Lama Zopa Rinpoche walks us through the traditional revelatory practices of meditating on the fact of impermanence and even especially on death itself Rather than shy away from this reality we look straight at it and thus we learn not only how to not fear death but how to live
