Binek, 2024-01-23 Experiencing Jazz Third Edition is an integrated textbook website and audio anthology for jazz appreciation and history courses Through readings illustrations timelines listening guides and a playlist of tracks and performances Experiencing Jazz journeys through the history of jazz and places the music within larger cultural and historical contexts Designed for the jazz novice this textbook introduces the reader to prominent artists covers the evolution of styles and makes stylistic comparisons to current trends and developments New to the third edition Richard J Lawn is joined by new co author Justin G Binek Expanded coverage of artists particularly important vocalists and prominent women in jazz including Bobby McFerrin Kurt Elling The Manhattan Transfer and Terri Lyne Carrington A dynamic web exclusive bonus chapter Chapter 14 5 The Story Continues exploring contemporary jazz artists who push the boundaries of jazz by creating new stylistic fusions and who utilize new media to create collaborate and share their artistry A re worked companion website featuring new recordings a more comprehensive audio anthology and a major revision of The Elements of Jazz section Condensed musician biographies and updated content reflecting jazz s global impact Revised listening guides for spotlighted recordings highlighting key moments worthy of closer listening and analysis Comprehensive and immersive the third edition of Experiencing Jazz provides a foundational understanding of the history of the genre

Jazz Among the Discourses Krin Gabbard, 1995 Employing modes of criticism and theory that have transformed study in the humanities this title addresses questions seldom if ever raised in jazz writing What are the implications of building jazz history around the medium of the phonograph record Why did jazz writers first make the claim that jazz is an art

The Art of Being Jewish in Modern Times Barbara Kirshenblatt-Gimblett, Jonathan Karp, 2008 This richly illustrated volume illuminates how the arts have helped Jews confront the challenges of modernity There truly is an art to being Jewish in the modern world or alternatively an art to being modern in the Jewish world and this collection fully captures its range diversity and historical significance

The Amazing Bud Powell Guthrie P. Ramsey, 2013-05-28 Bud Powell was not only one of the greatest bebop pianists of all time he stands as one of the twentieth century s most dynamic and fiercely adventurous musical minds His expansive musicianship riveting performances and inventive compositions expanded the bebop idiom and pushed jazz musicians of all stripes to higher standards of performance Yet Powell remains one of American music s most misunderstood figures and the story of his exceptional talent is often overshadowed by his history of alcohol abuse mental instability and brutalization at the hands of white authorities In this first extended study of the social significance of Powell s place in the American musical landscape Guthrie P Ramsey Jr shows how the pianist expanded his own artistic horizons and moved his chosen idiom into new realms Illuminating and multi layered The Amazing Bud Powell centralizes Powell s contributions as it details the collision of two vibrant political economies the discourses of art and the practice of blackness

Primitivist Modernism Sieglinde

Lemke,1998 Insisting on modernism s two way cultural flow Lemke demonstrates not only that white modernism owes much of its symbolic capital to the black Other but that black modernism built itself in part on white Euro American models Through readings of individual texts and images fifteen examples of which are reproduced in this volume Lemke reforms our understanding of modernism She shows us that transatlantic modernism in both its high and popular modes was significantly more diverse than commonly supposed Students and scholars of modernism African American studies and cultural studies and those with interests in twentieth century art dance music or literature will find this book rewarding **Jazz**

Historiography Daniel Hardie,2013-12-11 Jazz has been around for over a hundred years but how much do we know about its history and how much of what think we know is true Beginning in the so called Jazz Age of the 1920s jazz history was recounted and interpreted by admiring authors and record collectors both in the United States and elsewhere However since the early 1990s some historians have come to doubt the validity of the conventional narrative of the story of jazz and some of its most hallowed traditions In Jazz Historiography The Story of Jazz History Writing Daniel Hardie uncovers the course of jazz history writing from early Jazz Age American and French publications to Academic texts in the 2000s and seeks answers to questions about the accuracy of those accounts and the influence they have had on our understanding of jazz history even the impact they might have had on the course of jazz history itself How much for example did the work of jazz historians influence the course of the New Orleans Revival Was the appearance of bebop in the 1940s a revolutionary response to oppression experienced by Afro American musicians in a commercialized popular music industry or was it an attempt to mirror the development of classical music of the time How has the development of University jazz studies influenced the writing of jazz history **The Stories of Jazz** Mario Dunkel,2021-09-22 New Orleans jazz Dixieland Chicago jazz swing bebop cool jazz hard bop and free jazz up until today the history of jazz is told as a tradition consisting of fixed components including a succession of jazz styles How did this construction of music history emerge What were the alternative perspectives And why did the narrative of a fixed tradition catch on In this study Mario Dunkel examines narratives of jazz history from the beginnings of jazz until the late 1950s According to Dunkel the jazz tradition is simultaneously an attempt to approach historical reality and the product of competition between different narratives and cultural myths From the middlebrow culture of the 1920s to the New Deal the African American civil rights movement and the role of the U S in the Cold War Dunkel shows in detail how the jazz tradition as a global narrative of the twentieth century is intertwined with greater social and cultural developments **A Companion to the Modern American Novel, 1900 - 1950** John T.

Matthews,2013-03-25 This cutting edge Companion is a comprehensive resource for the study of the modern American novel Published at a time when literary modernism is being thoroughly reassessed it reflects current investigations into the origins and character of the movement as a whole Brings together 28 original essays from leading scholars Allows readers to orient individual works and authors in their principal cultural and social contexts Contributes to efforts to recover minority voices

such as those of African American novelists and popular subgenres such as detective fiction Directs students to major relevant scholarship for further inquiry Suggests the many ways that modern American and fiction carry new meanings in the twenty first century *Acrobatic Modernism from the Avant-Garde to Prehistory* Jed Rasula, 2020-02-27 This is a book about artistic modernism contending with the historical transfigurations of modernity As a conscientious engagement with modernity s restructuring of the lifeworld the modernist avant garde raised the stakes of this engagement to programmatic explicitness But even beyond the vanguard the global phenomenon of jazz combined somatic assault with sensory tutelage Jazz like the new technologies of modernity re calibrated sensory ratios The criterion of the new as self making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound s slogan Make It New became the generic rallying cry of renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in quest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both **The Birth of Bebop** Scott

DeVeaux, 2023-09-01 The richest place in America s musical landscape is that fertile ground occupied by jazz Scott DeVeaux takes a central chapter in the history of jazz the birth of bebop and shows how our contemporary ideas of this uniquely American art form flow from that pivotal moment At the same time he provides an extraordinary view of the United States in the decades just prior to the civil rights movement DeVeaux begins with an examination of the Swing Era focusing particularly on the position of African American musicians He highlights the role played by tenor saxophonist Coleman Hawkins a progressive committed to a vision in which black jazz musicians would find a place in the world commensurate with their skills He then looks at the young musicians of the early 1940s including Charlie Parker Dizzy Gillespie and Thelonious Monk and links issues within the jazz world to other developments on the American scene including the turmoil during World War II and the pervasive racism of the period Throughout DeVeaux places musicians within the context of their professional world paying close attention to the challenges of making a living as well as of making good music He shows that bebop was simultaneously an artistic movement an ideological statement and a commercial phenomenon In drawing from the rich oral histories that a living tradition provides DeVeaux s book resonates with the narratives of individual lives While *The Birth of Bebop* is a study in American cultural history and a critical musical inquiry it is also a fitting homage to bebop and to

those who made it possible The richest place in America s musical landscape is that fertile ground occupied by jazz Scott DeVeaux takes a central chapter in the history of jazz the birth of bebop and shows how our contemporary ideas of this uniquely American art form flow from there

Paris Blues Andy Fry,2014-07-04 The Jazz Age The phrase conjures images of Louis Armstrong holding court at the Sunset Cafe in Chicago Duke Ellington dazzling crowds at the Cotton Club in Harlem and star singers like Bessie Smith and Ma Rainey But the Jazz Age was every bit as much of a Paris phenomenon as it was a Chicago and New York scene In Paris Blues Andy Fry provides an alternative history of African American music and musicians in France one that looks beyond familiar personalities and well rehearsed stories He pinpoints key issues of race and nation in France s complicated jazz history from the 1920s through the 1950s While he deals with many of the traditional icons such as Josephine Baker Django Reinhardt and Sidney Bechet among others what he asks is how they came to be so iconic and what their stories hide as well as what they preserve Fry focuses throughout on early jazz and swing but includes its re creation reinvention in the 1950s Along the way he pays tribute to forgotten traditions such as black musical theater white show bands and French wartime swing Paris Blues provides a nuanced account of the French reception of African Americans and their music and contributes greatly to a growing literature on jazz race and nation in France

Ramblin' on My Mind David Evans,2010-10-01 This compilation of essays takes the study of the blues to a welcome new level Distinguished scholars and well established writers from such diverse backgrounds as musicology anthropology musicianship and folklore join together to examine blues as literature music personal expression and cultural product Ramblin on My Mind contains pieces on Ella Fitzgerald Son House and Robert Johnson on the styles of vaudeville solo guitar and zydeco on a comparison of blues and African music on blues nicknames and on lyric themes of disillusionment Contributors are Lynn Abbott James Bennighof Katharine Cartwright Andrew M Cohen David Evans Bob Groom Elliott Hurwitt Gerhard Kubik John Minton Luigi Monge and Doug Seroff

Jazz Eddie S. Meadows,2013-10-23 Jazz Research and Pedagogy is the third edition of an annotated bibliography to books recordings videos and websites in the field of jazz Since the publication of the 2nd edition in 1995 the quantity and quality of books on jazz research performance and teaching materials have increased Although the 1995 book was the most comprehensive annotated jazz bibliography published to that date several books on research performance and teaching materials were omitted In addition given the proliferation of new books in all jazz areas since 1995 the need for a new comprehensive and annotated reference book on jazz is apparent Multiply indexed this book will serve as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared in the field over the last decade

Who Hears Here? Guthrie P. Ramsey,2022-10-11 Guthrie P Ramsey Jr is an award winning musicologist music historian composer and pianist whose prescient theoretical and critical interventions have bridged Black cultural studies and musicology Representing twenty five years of commentary and scholarship these essays document Ramsey s search to understand America s Black musical past and present and to find his own voice as an

African American writer in the field of musicology This far reaching collection embraces historiography ethnography cultural criticism musical analysis and autobiography traversing the landscape of Black musical expression from sacred music to art music and jazz to hip hop Taken together these essays and the provocative introduction that precedes them are testament to the legacy work that has come to define a field as well as a rousing call to readers to continue to ask the hard questions and write the hard truths

Blowin' Hot and Cool John Gennari, 2010-09-15 In the illustrious and richly documented history of American jazz no figure has been more controversial than the jazz critic Jazz critics can be revered or reviled often both but they should not be ignored And while the tradition of jazz has been covered from seemingly every angle nobody has ever turned the pen back on itself to chronicle the many writers who have helped define how we listen to and how we understand jazz That is of course until now In Blowin' Hot and Cool John Gennari provides a definitive history of jazz criticism from the 1920s to the present The music itself is prominent in his account as are the musicians from Louis Armstrong and Duke Ellington to Charlie Parker John Coltrane Roscoe Mitchell and beyond But the work takes its shape from fascinating stories of the tradition's key critics Leonard Feather Martin Williams Whitney Balliett Dan Morgenstern Gary Giddins and Stanley Crouch among many others Gennari is the first to show the many ways these critics have mediated the relationship between the musicians and the audience not merely as writers but in many cases as producers broadcasters concert organizers and public intellectuals as well For Gennari the jazz tradition is not so much a collection of recordings and performances as it is a rancorous debate the dissonant noise clamoring in response to the sounds of jazz Against the backdrop of racial strife class and gender issues war and protest that has defined the past seventy five years in America Blowin' Hot and Cool brings to the fore jazz's most vital critics and the role they have played not only in defining the history of jazz but also in shaping jazz's significance in American culture and life

Checklist of Writings on American Music, 1640-1992 Guy A. Marco, 1996 Cumulative index to all three volumes of *Literature of American Music in Books and Folk Music Collections*

Eurojazzland Luca Cerchiari, Laurent Cugny, Franz Kerschbaumer, 2012-07-10 The critical role of Europe in the music personalities and analysis of jazz
