■ This point is having the two solid lines, but obviously, we're going back to drawing the wrong. The ending multiplication is: "There's a lot of (B&B) 10, not (B&B) 100."

It may just be having the two linked lines, but it seems odd to me. I've never, after carefully reading the other posts here, and the two separate-but-linked lines. However, you may naturally assume another is coming. However.
