political and economic pillars in many societies with politics and the economy being deified as the all encompassing enablers of the advancement of Nations With the world becoming more connected happenings in far flung places are increasingly becoming risk factors locally precipitating issues of local concern and increasing the impediments to collective human development All these may appear to be abstract concepts in daily life where making the next pay check putting food on the table or securing a comfortable future for oneself and family is an exhausting endeavor but those who ignore the harbinger flicks subject themselves to ongoing or future succumb The story of the founding of Kenya as a country and the continuous strides towards nationhood is similar to many countries globally that have had a monarchy in their founding DNA Indeed some countries have excelled in building institutions that ensure an equitable society while some continue to struggle with cartelization and usurpation of independence of institutions and commensurately experience unjust societal confluence where only a few enjoy the benefits of a nation wide toil Why you should get the best historical book you are yet to read Unprecedented Insight Offering a fresh and unparalleled perspective this book provides a deep dive into Kenya s history in two volumes shedding light on pivotal moments and influential figures that have shaped the nation McKenzian Blueprint Unveiled The book meticulously explores the McKenzian Blueprint a historical phenomenon that continues to influence Kenya s social economic and political landscape Readers will gain a profound understanding of its origins implementation and lasting effects Compelling Narration An engaging writing style and thorough research make complex historical events accessible to a broad audience ensuring an absorbing and enlightening reading experience Companion Comic Book Enhance your understanding with the companion comic book of the same title Featuring vivid graphic illustrations the comic book brings key historical moments to life making it an excellent educational tool and an engaging supplement to the main text Relevance Today The book is representative of any given country in the world Drawing parallels between historical events and contemporary issues the book underscores the relevance of Kenya s and indeed your country s past in understanding its present and shaping its future The Trouble with Kenya McKenzian Blueprint is a must read for history enthusiasts students and anyone seeking a comprehensive exploration of Kenya s rich and complex heritage Order now and embark on a captivating journey through the corridors of time

Conspiracy of Catiline and the Jugurthine War Sallust, 2022-05-28 In Conspiracy of Catiline and the Jugurthine War Sallust presents a compelling examination of political intrigue and moral corruption in the late Roman Republic The work is characterized by its concise yet impactful prose a hallmark of Sallust s literary style which combines historical narrative with deep psychological insight into his subjects Through the lens of the Catiline conspiracy Sallust not only chronicles the events leading to the attempted coup but also critiques the societal decline that allowed such treachery to flourish The juxtaposition of the Catiline narrative with that of Jugurtha a King of Numidia further emphasizes themes of ambition greed and the complex interplay of personal and political motives that defined this tumultuous period in Roman history Sallust a contemporary of Cicero and a senator himself was deeply influenced by the

political dynamics of his time including the moral decay he perceived in Rome's institutions. His experiences as both a soldier and politician imbued his writing with a sense of urgency and authority as he sought to shed light on the moral failings that facilitated the rise of corruption and tyranny. This dual perspective enriches the historical narrative, giving readers an intimate glimpse into the era's political landscape. This work is essential for anyone seeking to understand the intricate complexities of Roman politics and the timeless nature of power struggles. Sallust's incisive analysis and evocative storytelling provide profound insights into the consequences of ambition and betrayal, making *Conspiracy of Catiline and the Jugurthine War* a must-read for historians, classicists, and anyone intrigued by the darker facets of human nature. **Oscar**

Wilde and Classical Antiquity Kathleen Riley, Alastair Blanshard, Iarla Mann, 2018. Few authors of the Victorian period were as immersed in classical learning as Oscar Wilde. Although famous now and during his lifetime as a wit, aesthete, and master epigrammatist, Wilde distinguished himself early on as a talented classical scholar, studying at Trinity College Dublin and Oxford and winning academic prizes and distinctions at both institutions. His undergraduate notebooks, as well as his essays and articles on ancient topics, reveal a mind engrossed in problems in classical scholarship and fascinated by the relationship between ancient and modern thought. His first publications were English translations of classical texts, and even after he had left Parnassus for Piccadilly, antiquity continued to provide him with a critical vocabulary in which he could express himself and his aestheticism. An intellectual framework for understanding the world around him and a compelling set of narratives to fire his artist's imagination, his debt to Greece and Rome is evident throughout his writings. From the sparkling wit of society plays like *The Importance of Being Earnest* to the extraordinary meditation on suffering that is *De Profundis*, written during his incarceration in Reading Gaol, Oscar Wilde and *Classical Antiquity* brings together scholars from across the disciplines of classics, ancient history, English literature, theatre, and performance studies and the history of ideas to explore the varied and profound impact that Graeco-Roman antiquity had on Wilde's life and work. This wide-ranging collection covers all the major genres of his literary output; it includes new perspectives on his most celebrated and canonical texts and close analyses of unpublished material, revealing as never before the enduring breadth and depth of his love affair with the classics. **The Reign of Tiberius, Out of the First Six Annals of Tacitus ...
