Redefining Sports Media Jason Kido Lopez, 2023-05-29 This book argues that the examination of sports media within cultural and media studies is organized around more than just a shared topic mediated sports What count as sports media in journals books and conferences are extremely diverse they can cover athlete expression on social media shoe commercials gender in sports commentary Indigenous name change activists and fantasy sports Besides being mediated and in some cases loosely connected to sports events and leagues it is hard to see what they all share that could serve as the foundation for a unified field of study Jason Kido Lopez argues that sports media are defined by genre which is reflected in their industries within their content and by their audiences Throughout the media and cultural complex sports and sports media are built on the genre of live and real competition and therefore to study sports media is to study that genre Each chapter will explore how the genre is constructed in commodification of mediated sport representation within sports media athlete expression sports fandom and gaming around sports This book will be of interest to those studying sports media as well as media and cultural studies but also can be used as an introductory survey of the research on sports media from a media and cultural studies perspective

Redefining Tandem Language and Culture Learning in Higher Education Claire Tardieu, Céline Horgues, 2019-08-21 This book provides a comprehensive critical account of tandem learning charting

its evolution from its origins in European educational settings to modern programs offering new perspectives on the approach's role within higher education. Taking stock of the ways in which increased globalization has produced new linguistic and sociocultural realities, the volume begins by looking back at the development of tandem learning over the last several decades, growing out of a need to create more opportunities for L2 learners to communicate in their target language. The book then examines the different learning objectives and learning outcomes of tandem learning arrangements, moving toward a discussion of tandem learning's potential role in shaping language policy and the unique challenges involved in implementing tandem programs at higher education institutions. The final section of the book brings the previous discussions together to consider new tools and technology and the ways in which they can better equip language educators to implement tandem learning in their own practice. Highlighting tandem learning's potential to promote multilingual and multicultural learning on a global scale, this volume will be of particular interest to students and researchers in intercultural communication, language education, multilingualism, and applied linguistics.

Redefining Multicultural Families in South Korea Minjeong Kim, Hyeyoung Woo, 2022-06-17 *Redefining Multicultural Families in South Korea: Reflections and Future Directions* aims to reinvigorate contemporary discussions about Korean families that include immigrants by expanding the scope of what we consider to be multicultural families to include the families of undocumented migrant workers, divorced marriage immigrants, the families of Korean women with immigrant husbands, and by providing a nuanced look at their lives in Korea, not as newcomers but as first-generation immigrants.

Democracy Reinvented Hollie Russon Gilman, 2016-01-05 *Participatory Budgeting: The Experiment in Democracy that Could Redefine How Public Budgets are Decided in the United States*. *Democracy Reinvented* is the first comprehensive academic treatment of participatory budgeting in the United States, situating it within a broader trend of civic technology and innovation. This global phenomenon, which has been called "revolutionary civics in action" by the New York Times, started in Brazil in 1989 but came to America only in 2009. Participatory budgeting empowers citizens to identify community needs, work with elected officials to craft budget proposals, and vote on how to spend public funds. *Democracy Reinvented* places participatory budgeting within the larger discussion of the health of U.S. democracy and focuses on the enabling political and institutional conditions. Author and former White House policy adviser Hollie Russon Gilman presents theoretical insights, in-depth case studies, and interviews to offer a compelling alternative to the current citizen disaffection and mistrust of government. She offers policy recommendations on how to tap online tools and other technological and civic innovations to promote more inclusive governance. While most literature tends to focus on institutional changes without solutions, this book suggests practical ways to empower citizens to become change agents. *Reinvesting in Democracy* also includes a discussion on the challenges and opportunities that come with using digital tools to re-engage citizens in governance.

The Reinvention of Distinction Van Nguyen-Marshall, Lisa B. Welch Drummond, Danièle Bélanger, 2011-11-17 This pioneering collection brings together an international group of scholars to

explore the Vietnamese middle class From the leisure pursuits of the colonial middle class to the impact of the new urban rich on landscape of the countryside this interdisciplinary volume explores the ways in which middle classness has been practiced in a wide range of contexts throughout the 20th century and into the 21st In addition to offering insights into how middle classness was and is constituted and negotiated this collection illuminates the cultural and social conditions of two distinctive periods in Vietnamese history Three historical chapters consider how middle class status was experienced and displayed under French colonialism and in 1960s republican Vietnam These chapters offer examinations of middle classness through recreation consumption and associational life Six contemporary studies examine the modes of experimentation and practice within middle class urban Vietnam Still a sensitive topic politically the contemporary middle class nascent but increasingly powerful is exerting a strong impact on the shape of contemporary society and culture as well as on urban and rural landscapes This volume offers a series of studies which critically interrogate the practices of those who engage in or aspire to urban middle class lifestyles in Vietnam both in the past and in the present
