East-West Identities Kwok B. Chan,Jan W. Walls,David Hayward,2007 While the economic forces shaping globalization are powerful and seemingly getting stronger they are not immutable nor are their effects predictable or necessarily overwhelming Contributors to this book are optimistic that the socio cultural formations of the future such as cultural hybridity and cosmopolitanism will be a viable option for constructing new or renewed global communities of migrants around the world It is with these tools that migrants are best equipped to navigate the raging torrents of globalization in the new millennium of a post postmodern era Globalization brings with it a fear a sense of loss and demise It also brings with it a new sense of opportunity and hope It is in this spirit that this book should be read **When East Meets West** Fran Blumberg,2008-12-18 The impetus for this book was a series of guest lectures for the Issues in Applied Cognition Institute sponsored by Fordham University's Graduate School of Education May 26 27 2005 and convened at Fordham University in New York City and May 30 June 7 2005 at The Beijing Center for Language and Culture in Beijing The book that has since emerged is designed to serve as a reference that brings together theoretical perspectives research findings and cultural practice in the examination of media from a primarily Sino American vantage point as commented upon by Chinese U S and U K researchers and practitioners The need for such a reference is prompted by China's status as a nascent superpower and the ramifications of that emerging status for collaborative ventures and exchange of information with the U S Clearly one flourishing context in which this sharing will occur is media The goal of this volume is to provide the basis for consideration of the theoretical and practical issues that both China and the United States media will encounter as they move toward greater economic and political interdependence This discussion is approached through the lens of media practice research and education and includes the voices of media market researchers journalists and editors developers of children's educational programs and academicians Collectively the chapters offer a select set of snapshots of how media in China and the U S look at one point in time This moment is one that includes China preparing for the Beijing 2008 Olympics and the U S grappling with its involvement in an unpopular war However these images may capture what has been referred to in photojournalism as a decisive moment in the fledgling media interdependency between the U S and China **Amy Tan** Natalie M. Rosinsky,2007 Explores the life and career of author Amy Tan from her childhood in Oakland California through her struggle to accept her Chinese heritage to her career as a writer **Reading Amy Tan** Lan Dong,2009-06-08 This essential discussion of Amy Tan's life and works is a necessity for high school students and an enriching supplement for book club members A tour de force in Asian American writing Amy Tan has created works that are essential to high school and undergraduate literature classes and are often book club selections Reading Amy Tan is a handy resource that offers both

What Makes Kids Kick @ Home Fran Kick, 2005. What Makes Kids Kick Home is the compelling second installment in Fran Kick's acclaimed series on the Millennial Generation. Building upon the foundational framework established in the first book, this focused guide zeroes in on what specifically inspires young people within the home environment. Recognizing that every generation faces a changing world, Kick acknowledges that Millennials born 1980-2000 encounter challenges at an unprecedented speed and scale. These rapid-fire changes create a vastly different landscape from what previous generations experienced, requiring equally different motivational strategies and approaches. This practical resource provides parents and families with concrete, actionable steps to effectively reach, teach, and lead Millennial children in the home setting. Rather than relying on outdated methods that worked for previous generations, Kick advocates for fresh tactics that align with how today's young people actually think, learn, and respond. The book addresses the unique home dynamics that influence Millennial motivation, offering insights into family communication patterns, technology integration, and the evolving parent-child relationship. Readers will discover how to navigate the specific challenges of raising self-directed young people in an increasingly complex world. What Makes Kids Kick Home goes beyond identifying problems to deliver pragmatic solutions that work. The strategies presented are designed to help parents develop their children into self-motivated adults who possess an internal, ever-present drive to make things happen. The ultimate objective is cultivating the next generation of leaders: young people equipped with the mindset and skills to KICK IT IN TAKE THE LEAD. This book serves as an essential companion for parents committed to understanding and effectively motivating their Millennial children within the home environment. With its blend of research-backed insights and practical application, What Makes Kids Kick Home transforms family dynamics and empowers parents to successfully guide their children toward becoming self-inspired, proactive adults ready to lead in tomorrow's world.
